

Automotive

Health and Safety!

Stop the accidental starting of a drained engine

About Us

We have been making quality, affordable covers, bags and accessories for the past 15+ years.

Our reputation has grown from the service we provide the Motor Industry.

Everything is designed and manufactured in the UK by our own specialist team. We offer you a personal service by creating bespoke product to meet your demands and needs.

The multi skilled team also provide solutions for many other market sectors. These include Engineering, Electronics, Medical, Aerospace and F1!

ProCover

We've got it covered!

Protective Covers for **your** Needs.

The UK's leading bespoke manufacturer of re-usable protective covers and much more!

Individual Covers for the Wing, Grill or Boot Lip.

Brand it and make it yours!

Bespoke Bags And Other Items

Made to your specific requirements

No need to hold massive stocks

No need to have extended lead times

Made in our own UK Factory

We develop ranges and consistency of design

- A variety of materials and colours are held in stock
- Why not brand your bags
- Add document or product identification pockets inside and out
- Soften the blow with lined foam inserts
- Further protect with unique designed foam parts
- Why not "go green"?

We are unusually placed with the support of the UK's leader of foam packaging solutions.

With more than 45 years of providing foam components to a wide range of industries, you can be assured the best outcome will be achieved for you.

If you would like to protect and promote your brand and your product you can give us a call on 01908 315974, email us sales@procover.org.uk or visit www.procover.org.uk
