Terms and Conditions

Pre and Post Swim Sessions

Before coming for your session, please ensure you allow your dog ample time to go to the toilet, as accidents in the pool, although very infrequent, will incur a cost this is because we may have to close the pool for a while afterwards.

- **All dogs** to be kept on a lead or carried at **all times** unless in the pool. Your dog may be friendly however some are not. Where possible we would prefer dogs not to meet.
- Please don't feed your dog at least two hours prior to the session, and two hours post session.
- Please be on time for your session as late arrivals will lose some of their time in the pool if there is a following appointment
- Buoyancy aids/Harnesses are provided for the safety of your dog.
- If your dog fouls in or outside of the premises it is your responsibility to clean this up and dispose of.
- Cancellations or changes to appointments where possible must be made at least 24 hours prior to the appointment. We are aware that this may not always be possible due to unforeseen circumstances.
- Dogs who may be unwell including, sickness, diarrhoea, open wounds, fever skin/ eye/ear infections ect **are strictly not allowed to swim**. Please contact us to re-schedule your appointment.
- We try to minimise water intake, so we have toys that reduce the risk of this, however you may choose to bring your own.
- If your dog **soils in the pool, this may incur a cleaning charge of £50**. This barely covers the chemical cost and doesn't account for any down time.
- Please be aware that hydrotherapy is a very high intensity form of exercise. Caution must be given to those with heart conditions, overweight, unfit, and ageing dogs. Shorter sessions may be recommended.
