Dear esteemed Public Servant, Patriot, and Friend,

Thank you for your willingness to rally for Parental and Religious Rights in Connecticut.

As you know, two and a half years ago, with disregard for the largest-ever opposition assembled in Hartford, **the state stripped Connecticut citizens of their parental and religious right to manage their own school-age children's health decisions by terminating Connecticut's 63 year-old religious-exemption provision.**

Now, **45 American states honor religious exemptions, Connecticut is one of only five that does not!**

Now, **the state is emboldened, threatening closure of early education facilities** that will not in good conscience become enforcement arms of the government with regard to state vaccine mandates for toddlers and preschool age children. **The State of CT has actively threatened to close our church pre-k ministry (Little Eagles Pre-K) if we do not force vaccines on our 3-5 year old students.**

In a case entitled MILFORD CHRISTIAN CHURCH v CHARLENE M. RUSSELL-TUCKER, **Milford Christian Church is suing the state in order to restore parental and religious liberty in Connecticut in accordance with the First Amendment.**

In accordance with the lawsuit, we are committed to keeping these important issues before the citizen-voters of Connecticut and your participation is vital and appreciated! You will be a part of the presenters listed below. To round out the subject matter, may I suggest a 15-20 minute talk that includes remarks on the topic in blue following your name below? If possible, please participate in the Q & A session toward the end.

Again, thank you for your commitment to maintaining liberty in Connecticut and America. As we believe Irish statesman, Edmond Burke, may have said:

Looking forward,

Jim Loomer
