

# ALBANY SCIENCE OF MIND CENTER

## WHAT WE BELIEVE

**WE BELIEVE** in an Infinite Spirit, the absolute, indestructible, self-existent First Cause, which is known by different names and which we also call God. The manifest universe is the body of God and it manifests Itself in and through all creation, but it is not absorbed by its creation.

**WE BELIEVE** in the individualized expression of God, in us and as us, and that all persons are individualized expressions of the One Spirit.

**WE BELIEVE** in the unity of all life, and that the highest God and the innermost God is one God. We believe that God is personal to all who accept its presence.

**WE BELIEVE** in the eternality, the immortality and the continuity of the soul, forever and ever expanding.

**WE BELIEVE** in the healing of the sick and the creation of our conditions through the power of Mind. We also recognize the value of modern medicine.

**WE BELIEVE** the ultimate goal of life is complete freedom from all discord of every nature, and that this goal can be attained by all.

**WE BELIEVE** that heaven is within us, and that we can experience it to the degree that we become conscious of it.

**WE BELIEVE** in the direct revelation of truth through our intuitive and spiritual nature, and that anyone may become a revealer of truth who consciously lives in close contact with God.

**WE BELIEVE** in the eternal Goodness, the eternal Loving-kindness and the eternal Givingness of God to All.
