To Whom It May Concern,

We are a high-end international Interior Design and Furniture business based in Invermere, British Columbia, Canada. We have largely catered to the Calgary market for over 30 years, but have also completed jobs for clients in Arizona and Hawaii. We have used Raija Easterbrook for close to 20 years for Upholstering and Sewing projects and she is the best we have found at her trade. She has always been prompt and very professional, as well as a pleasure to do business with. Every project she did for us was of the highest quality and we greatly miss her services. Without hesitation, I recommend Raija Easterbrook and her work ethic in whatever she chooses to do in the future.

Pam Nairn

Owner, Panache Interiors
