

SkyShower™

A soft,
warm,
rainfall shower
experience...

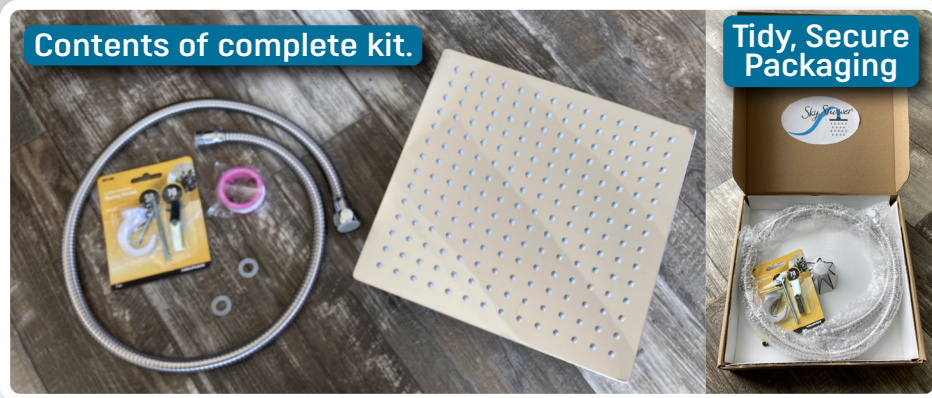

Exactly where you want it.

DIY Flexible overhead shower conversion kit. Ideal for apartment dwellers and others that don't want to make permanent plumbing modifications but want the best spa-like rain shower experience.

Contents of complete kit.

Tidy, Secure
Packaging

Solid design. All metal components. Special semi-rigid hose does not swing or move during use.

Complete kit includes proprietary SkyShower semi-rigid hose, 10" Rainfall-style showerhead, 50 lb ceiling swag hook kit, pipe tape, gaskets and instructions. Everything necessary for DIY installation.

SkyShower hose, swag hook kit, gaskets and tape available packaged separately for use with customer's choice of shower head.
