

Pactamere Farm Jr. Farmer Summer Camp

Parent Handbook – Summer 2026

Welcome to Pactamere Farm Jr. Farmer Summer Camp

Welcome to Pactamere Farm Jr. Farmer Summer Camp. We are excited to welcome your family to our summer program and grateful for the opportunity to share our working farm with your child.

Summer Day Camp at Pactamere Farm is designed for children ages 4–12 who love animals, the outdoors, and hands-on learning. Campers experience authentic farm life while building confidence, responsibility, and a deeper appreciation for nature and animals.

Our week-long camp sessions run Monday through Friday from 8:30 AM – 4:00 PM and offer a variety of real farm chores, structured outdoor play, creative projects, and animal interaction. Campers will learn about the day-to-day operations of a working farm through activities such as caring for our chickens, goats, alpacas, pigs, sheep and cow.

In addition to daily chores and outdoor exploration, campers may also:

- Tend to seasonal gardens of vegetables, fruits, and flowers
- Learn simple farm-to-table concepts
- Make goat milk cheese or ice cream
- Create a one-of-a-kind goat milk soap bar or felt with alpaca fiber
- Build small birdhouses or other simple projects
- Paint flowerpots and participate in themed crafts
- Enjoy animal-assisted movement such as goat yoga

Campers should expect to get “down and dirty” as they explore mud, gardens, animals, and outdoor farm fun all week long!

Because camp takes place on a working farm, campers are exposed to live animals, uneven ground, outdoor conditions, farm tools, and other inherent risks associated with agricultural environments. Campers must be able to follow directions, remain with their group, and behave safely at all times.

This Parent Handbook outlines camp policies, procedures, expectations, financial obligations, limitations, and authority. Parents and guardians are required to read this handbook in its entirety prior to registering. Enrollment in camp constitutes agreement to all policies contained in this handbook.

Camp Philosophy and Program Scope

Pactamere Farm Jr. Farmer Summer Camp operates with the following core principles:

- Safety is the foundation of all decisions
- Respect for animals, peers, staff, and property is required
- Campers are encouraged to take responsibility for themselves and their actions
- Camp promotes cooperation, kindness, leadership, and community
- Camp provides an authentic farm experience

This camp is not:

- A therapeutic program
- A medical or mental health program
- A behavioral intervention program
- A special-needs or adaptive camp

Camp staff are not trained to provide one-on-one behavioral, therapeutic, or medical care. Campers must be able to participate safely in a group environment with reasonable independence.

About Our Farm Camp

A Day at Pactamere Farm

Pactamere Farm Jr. Farmer Summer Camp offers a unique, hands-on farm experience where children learn, explore, and grow through meaningful outdoor activities on a working farm. Our program is designed to balance structure and creativity while encouraging curiosity, confidence, responsibility, and teamwork.

In addition to daily farm chores, animal interaction, outdoor play, and group games, campers enjoy a variety of special farm-inspired activities throughout the summer. These activities are woven into our weekly focus areas and adjusted based on age, weather, and camper engagement.

Special activities may include, but are not limited to:

- Tie-dye projects
- Goat yoga and mindful movement with animals
- Candle making
- Goat soap felting using alpaca and goat fiber
- Birdhouse building and simple woodworking projects
- Ice cream making and farm-to-table food experiences

These activities are designed to be age-appropriate, hands-on, and experiential, allowing campers to try new skills, express creativity, and connect more deeply with farm life.

Because Pactamere Farm is an active agricultural environment, activities may change or be modified to prioritize safety, animal welfare, weather conditions, and overall camp flow. While not every activity is guaranteed each week, every camper will experience a rich and engaging farm-based program during their time at camp.

Each camp day follows a consistent rhythm while allowing flexibility for weather, animal needs, and camper engagement.

- Morning Meeting & Team Building

Each day begins with a morning meeting where campers review the schedule, discuss farm safety expectations, participate in team-building games, and set positive goals for the day.

- Farm Chores & Animal Interaction

Campers participate in daily age-appropriate farm chores such as feeding animals, refilling water buckets, collecting eggs, and cleaning animal areas under supervision. Animal interaction is a central part of the camp experience.

- Gardening & Nature Activities

Campers may participate in gardening projects, planting, watering, harvesting, and learning about soil, plants, and ecosystems.

- Games, Exploration & Scavenger Hunts

Daily programming includes group games, cooperative challenges, scavenger hunts, and outdoor exploration tied to weekly themes.
