2022 Annual Report

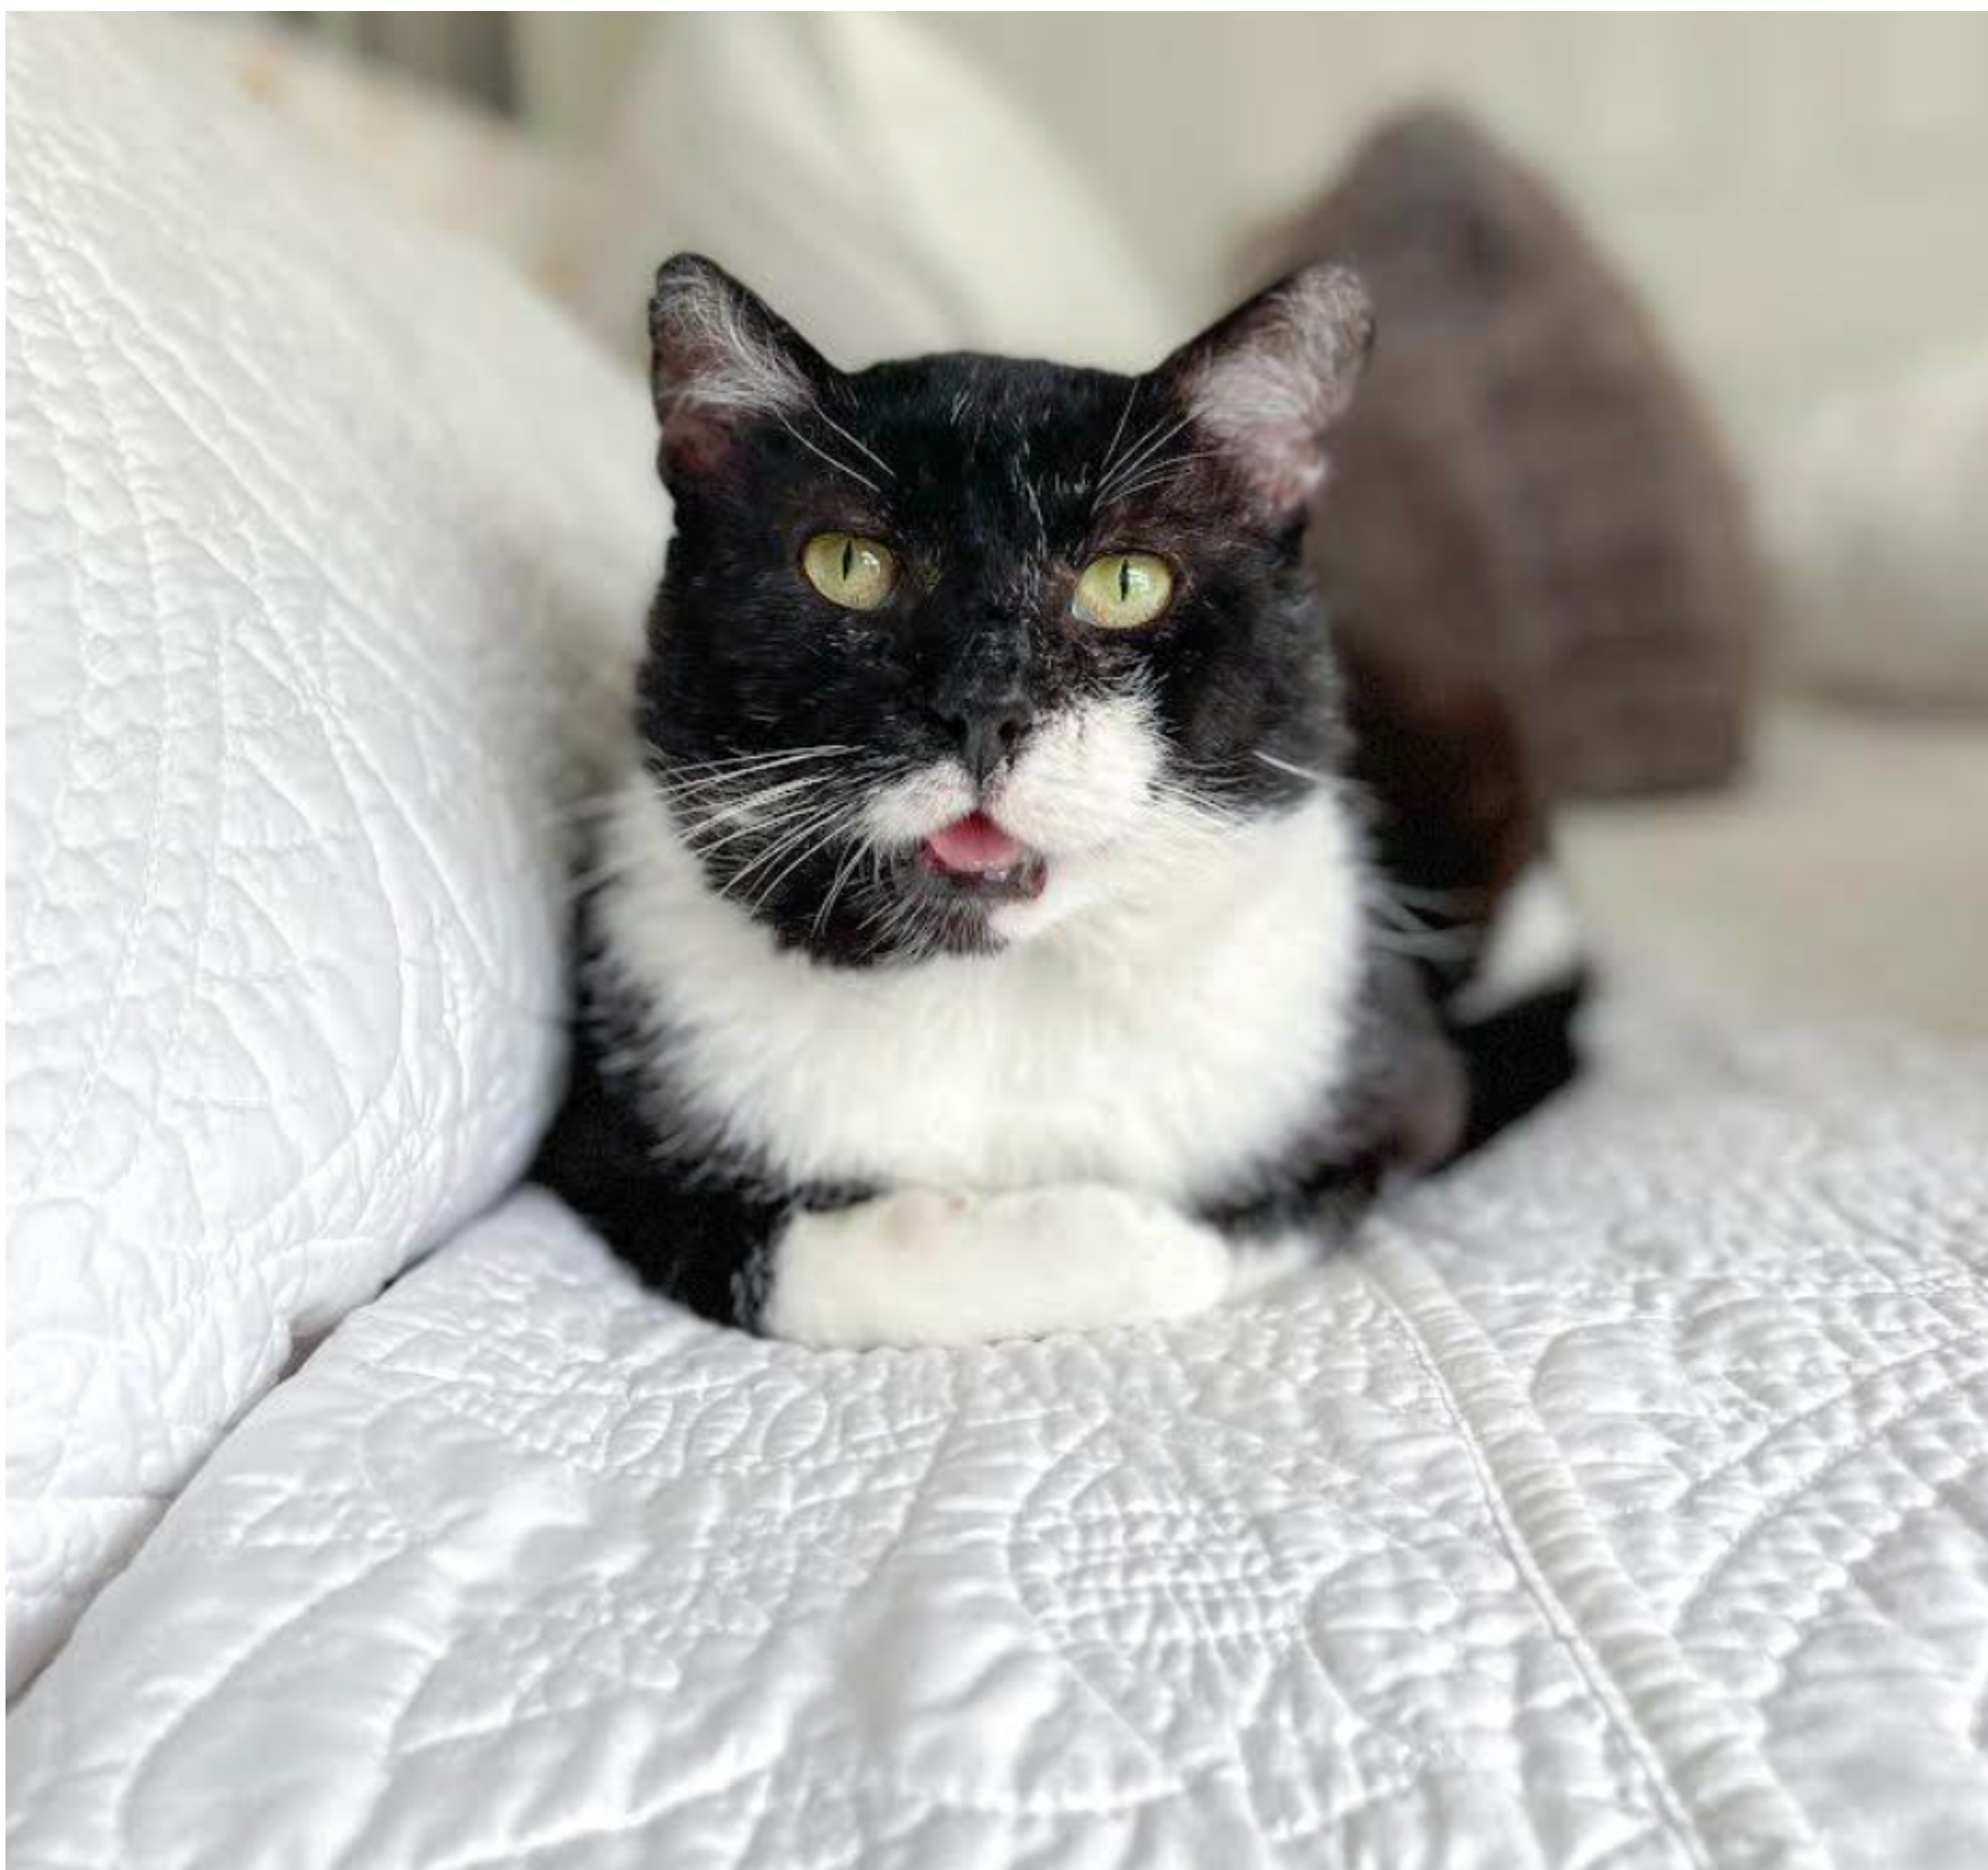

As we wrap up another successful year, Saving Stevie would like to begin by expressing our gratitude to the community of fellow cat lovers. Our second year of operation was nothing short of amazing!

From receiving our 501(c) determination letter to supporting local shelters and rescues, and even welcoming special needs cats from all over the world, 2022 was a year of significant achievements. We learned so much from the animals in our care this year, and this knowledge will undoubtedly benefit future feline friends.

In particular, we focused heavily on neonatal kittens, special needs cases, and continued our TNR initiatives. It was a challenging but rewarding year.

Your unwavering support has been indispensable in enabling us to aid the cats in our care this year. Here's to another year of making a positive difference in the lives of our feline friends!

in our hearts forever

We would like to dedicate this page to our special friends who we lost in 2022. While Saving Stevie prides itself on helping those with medical or special needs, on occasion there are diagnoses are terminal or incurable.

We miss you and thank you for teaching us. We will carry you in our hearts forever.
