Course Player

When you enter a course, you will see the learning objects in the Course Player:

The screenshot shows the GAF Learning Portal interface. At the top, there's a search bar and a navigation menu. The main content area features a large image of a person working on a roof with a nail gun. Below the image is a 'START LEARNING NOW' button. To the right, a sidebar displays the course title 'GAF Lifetime Roofing System' with ID 'E-G0381', a progress bar showing '0 / 1 parts completed', and another 'START LEARNING NOW' button. Below the sidebar, there's a 'Course Description' section and a 'Comments' section. The 'Course Description' states: 'This microlearning course will introduce you to the advantages and features of the GAF Lifetime Roofing System. Be sure to finish the Check Your Understanding to get credit for the course.' The 'Comments' section shows a user profile with initials 'JN' and a comment box with formatting options (B, I, %).

- ✓ Follow the instructions to complete each course.
- ✓ Once you complete the quiz, the course will automatically change to **Completed**

Troubleshooting

I'm stuck on a certain part of a course. What's going on?

If a user cannot progress past a course, there could be a few issues:

- ✓ A poor connection caused the course to time out: you should log out and back in to the platform. If that still does not work, you can try restarting the course.
- ✓ A setting in your browser or company's internet security is preventing certain content in the course: you should try accessing the platform and the course on a different browser. Google Chrome is preferred, but try Internet Explorer.
 - ✓ If this does not work, you should reach out to **gaflearning@gaf.com** and your company's IT department to make sure your internet security is not preventing this.
- ✓ Our courses are designed to be taken on laptop/desktop computers as well as mobile devices, but your particular device may not be supporting or loading the course properly
- ✓ Try accessing the course and platform on a different device, if possible. If this does not work, you can reach out to **gaflearning@gaf.com**.

You will be **notified via email** with **instructions** of any achievements and rewards you are eligible to receive

✓ Our training email address is **gaflearning@gaf.com**

Be sure to check back periodically – the system is always growing with new and relevant content to help you grow your professional knowledge base!
