# WHO WE ARE

Metal Solution is a reference company in boilermaking, machining, electromechanical assembly, device manufacturing and development of customized projects. We have a highly qualified team and state-of-the-art equipment, ensuring innovative, safe and efficient solutions for various industrial sectors, such as the automotive, cosmetics, wind energy, food, construction, among others.

## ISO 9001 CERTIFICATION: COMMITMENT TO QUALITY

We are proud to announce that we have achieved ISO 9001:2015 certification, an international recognition of our commitment to quality, efficiency and continuous improvement. ISO 9001 establishes rigorous standards for quality management, ensuring optimized processes, greater customer satisfaction and operational excellence. This certification reinforces our commitment to offering high-quality products and services, aligned with the best practices in the industrial sector.

ISO 9001

# OUR SERVICES AND PRODUCTS

## SERVICES AND PRODUCTS

Metal Solution offers high-quality solutions in boilermaking and mechanical, electrical and automation assembly, adding value to the productivity and efficiency of our customers. Our infrastructure has specialized professionals and cutting-edge technology to meet customized demands.

### MAIN SERVICES

1. Development of projects for optimization of production processes.
2. Manufacturing, assembly and electromechanical maintenance, including plasma cutting and CNC oxy-cutting operations.
3. Precision machining and tooling specialized.
4. Manufacture of metal structures, mezzanines, industrial piping and boilermaking in general.
5. Management and control of maintenance of facilities and devices.
6. Special welding (TIG, MIG, ER).
7. Industrial technical cleaning.
8. NR-12 adaptations for safety in equipment and facilities.

### SEGMENTS

We serve several sectors from the industry, including:

- Automotive Steel
- Industry Mining
- Chemical Industry
- Wind Energy
- Food Industry
- Pulp and Paper

# OUR STRUCTURE

Metal Solution has a modern structure of 6,000m<sup>2</sup>, with 3,800m<sup>2</sup> of built area, equipped with:

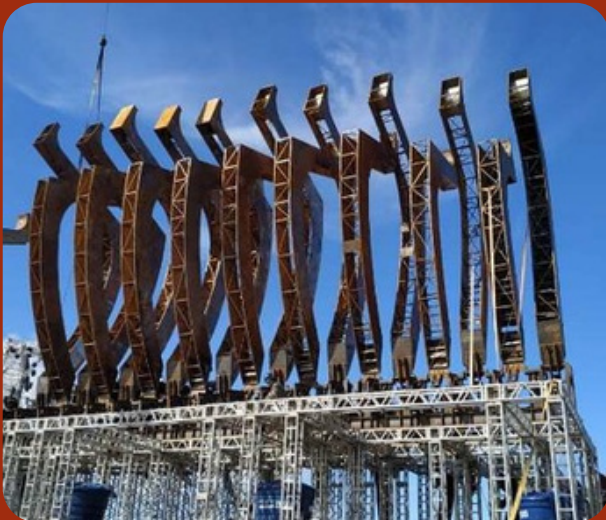

- cutting, shaping, painting and drying.
- Machining and Tooling Sector: CNC machining centers and high-precision lathes.
- Quality Control: Equipment for inspection and certification.
- Warehouse: Efficient logistics for inventory and distribution.
- Engineering and Planning: Project development and management team.
- Administrative Sectors: Human Resources, Purchasing, Finance, Accounting and IT.

# OURS PROJECTS

## MECHANICAL STRUCTURE AND STAGE DVD "VIVA" – LUAN SANTANA

## CAR BODY CARRIER – PIRELLI TIRES

## FIRE FIGHTING SYSTEM PROJECT – FERBASA

## “BIG BOX” CONVEYOR – MAGNA SEATING

## FOAM CONVEYOR – TWE/WOODBRIDGE

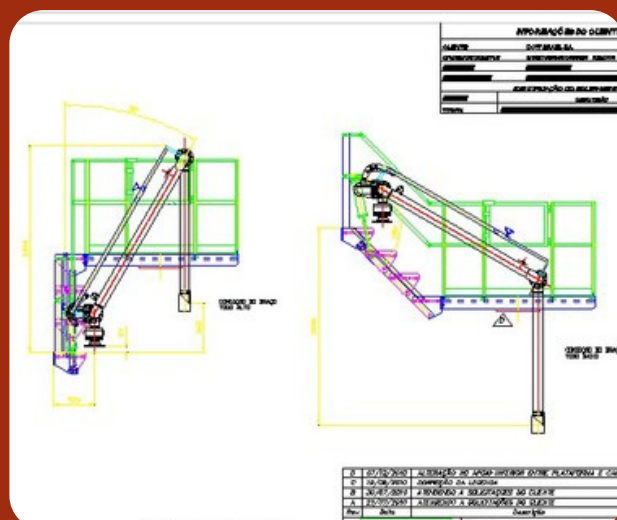

## PALLET TRANSPORTER – MAGNA SEATING

## DESIGN AND MANUFACTURE OF VORANOL LOADING PLATFORM – DOW QUIMICA.

## BELT CONVEYOR – PIRELLI TIRES
