AESTHETICS & COMFORT MATTER

The Lightweight Aluminum Alloy Frame Outlines the Aesthetic Beauty of the Sculpture's Contour. The Magnus Series Organically Blends Industrial Aesthetics and Home Environment. The Multi- Dimensional Adjustable Dual-Axis Rotation Armrests Can Precisely Meet the Support Needs of Different Users in Various Postures.

Magnüs

Cylindrical Support & Lumbar

The TPE Cylindrical Support Lumbar Rest Significantly Enhances its Soft and Comfortable Characteristics. Featuring Anti-Slip, High Resilience & Abrasion Performance With Enhanced Shock Absorption Features, Making the Lumbar Support Softer & More Comfortable.

The TPE Grid Frame Provides Support for the Entire User Back & Spine While Allowing Full Lateral and Twist Motions.

MULTI-LAYERED STRUCTURAL BACK

MULTI-DIMENSIONAL DUAL-AXIS ROTATING ARMRESTS

The Innovative Dual-Axis Rotating Armrests Support Multi-Dimensional Adjustments Including Height Adjustability, Swing-Rotation Axis, 360 Degree Rotating Arm Caps, Sliding Arm Caps.

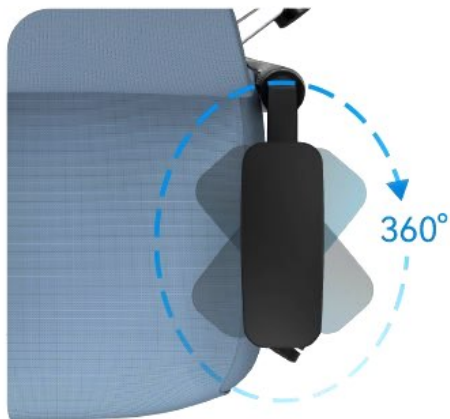

A Breakthrough in the Limitations of Traditional Multi-Dimensional Adjustable Arms Chairs. Magnus Arm Adjustable Arms Precisely Adapt to Your Personal Comfort Requirements To Accommodate Your Ever-Changing Work Environment.

Height Adjustability

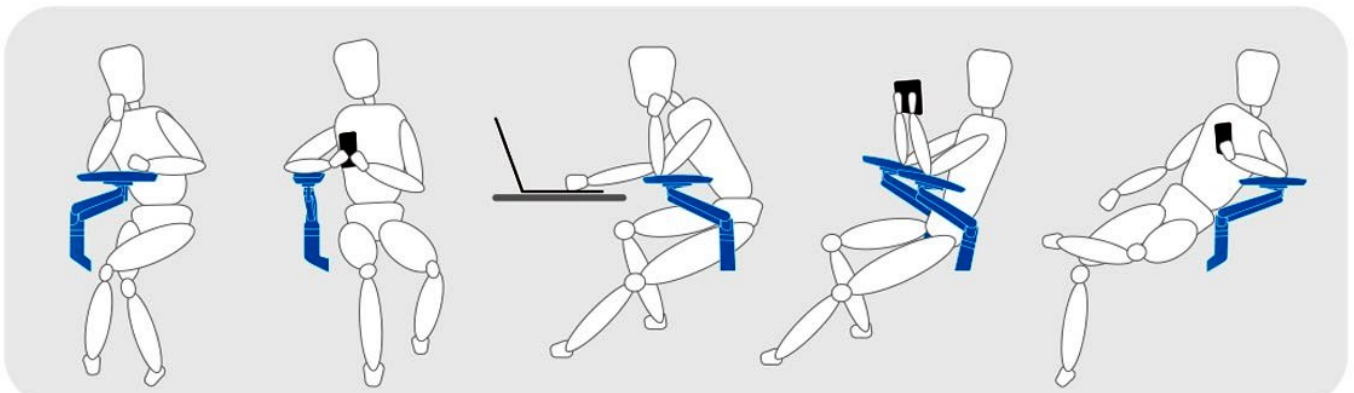

90 Degree Swing Rotation

360 Degree Arm Cap Rotation

Sliding Arm Caps
