

IMMŪN

OPTIMIZED IMMUNE SUPPORT†

GET TO THE ROOT OF BETTER HEALTH

Immūn™ contains Alovéa AE™, a proprietary Aloe vera inner leaf gel extract containing the highest level of immune modulating fractions per gram of Acemannan.†

Alovéa AE™ offers an effective, non-toxic integrative health strategy for supporting the body's normal functions of defense, repair, and regeneration.†

Over 70% of our immune system is found in the gut. Our proprietary Alovéa AE™ Aloe vera extract provides a unique formulation of the most powerful immune-balancing fractions of this incredible compound to provide the body with targeted immune support where it counts — in the gut.†

- A proprietary concentration of the most immune-activating and bioavailable Acemannan fractions per gram of Acemannan†
- Pure formulation extracted from the inner leaf gel of the Aloe vera plant
- “Smart” immune-modulating impact may help the body lower overactive immune systems or activate sluggish ones†
- Standardized and stabilized Acemannan content for consistent, shelf-stable support
- Increases stem cell production†

“Immūn has done wonders for our health. We will never stop taking the Alovéa products and we need the Acemannan products now more than ever.” — **Ruth F.**

ACEMANNAN RESEARCH FINDINGS

Over 100 million dollars has been spent on researching this powerful molecule resulting in some of the benefits below:

- Activates macrophages – the master regulators of the immune system†
- Activated macrophages have shown to help:
 - Properly modulate the immune system's inflammatory responses†
 - Increase the body's production of stem cells†
 - Enhance the body's production of glutathione†

In 2014, Dr. Santiago Rodriguez, the world's leading expert on Acemannan technologies, used new science to develop an improved Acemannan extract with 4 -5 times more immune activating fractions of Acemannan per gram than his original patented product. This new extract was named Alovéa AE (Acemannan Extract) and was donated exclusively to Alovéa's Hope Movement.†

IMMŪN

OPTIMIZED IMMUNE SUPPORT†

Supplement Facts	
Serving Size 1 capsule	Servings Per Container 56
Amount per Serving	%DV*
Total Carbohydrate	< 1%
Alovéa AE™ 200 mg	**
Certified organic <i>Aloe vera</i> inner leaf gel powder	
* Percent Daily Values (DV) are based on a 2,000 calorie diet.	
** Daily Values not established	

OTHER INGREDIENTS:

Stabilized Rice Bran, Sunflower Lecithin, Vegetable Capsules.

WARNING: If you are pregnant, nursing, taking medications or planning a medical procedure, consult your health care professional before use. Discontinue use and consult a doctor if any adverse reaction occurs.

SUGGESTED USE:

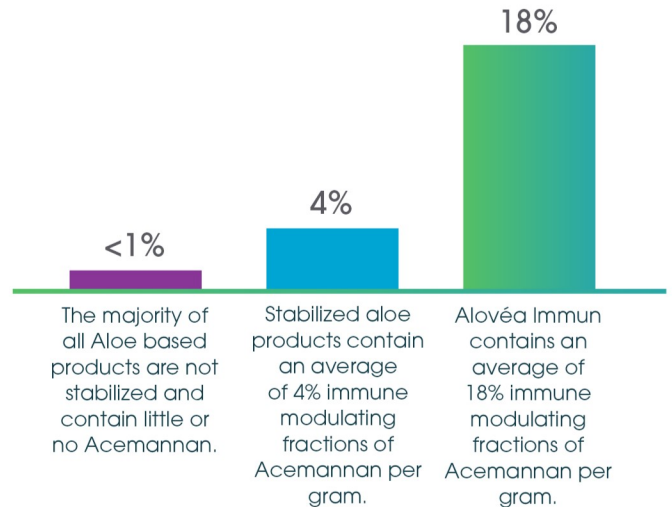

Take 1 capsule twice daily with 8oz of water.

ALOVÉA AE™ (ACEMANNAN EXTRACT)

Immun’s Acemannan extract has 4 -5 times more immune activating fractions of Acemannan per gram than Dr. Santiago’s original patented product.†

A strong immune system helps the body direct energy to other critical organs like the brain.†

Science shows that different sized fractions of Acemannan (aloe vera’s bioactive molecule) provide different benefits to the body. Some are small enough to be absorbed directly into the blood stream, and support proper cell to cell communication. The larger fractions nourish friendly gut bacteria before being converted to short chain fatty acids that provide additional gut health support. Recent science discovered that Acemannan with molecular weights 50-400 kDa’s can make the biggest impact on our immune system’s functions of defense and repair.†

Every Alovéa product purchased helps to nourish children in need through our Buy 1, Nourish 7™ giving initiative. For details, visit us online at alovea.com/hopemovement
