Skills Assessment

The below is a nice summary of the various skill levels for tournaments in WNY. This was put together by one of the tournament hosts in Buffalo that we utilize as well.

It is VERY important that people be able to self-assess their skill level to ensure all tournaments are SAFE and FUN for everyone.

Not sure? Ask the people you regularly play with! Ask your hosts. Remember, it's not about ego! We just want everyone to have the best experience possible.
