SENIOR TECHNOLOGY PRESENTATION

Friday, April 26 - 10:00 AM - 11:00 AM

Navigating the Digital World:

A Beginner's Guide for Seniors

There are so many things you can do with technology these days, from communication to artificial intelligence (AI). In this seminar, we'll go over the basics of Wi-Fi and how to protect your information in a connected world. You'll learn how technology is helping seniors live independently and we will demonstrate how AI works. Presented by Tremolo Communications. Any questions, please contact them at info@tremolo.net or (218) 763-3000.

SENIOR TRAVEL

Friday, April 26 - 11:15 AM - 11:45 AM

The Senior Expo survey results indicate that seniors are interested in travel, so this presentation will feature information regarding local, U.S. and overseas travel opportunities. We will "surf" the web together to see some amazing trips and tours that are available, with those especially designed for seniors. Attendees will be provided with contact information for several different tour groups. If you want to travel, we've done some of the work to help you find a travel group and a destination that's right for you. Presented by Pamela Vaughan and Sandy Anderson, Board Members of Crosslake Cares.

BREAK FOR LUNCH

NATIONAL LOON CENTER

Friday, April 26 - 1:15 PM - 1:45 PM

Presented by Jon Mobeck

Executive Director, National Loon Center

"Land of 12,000 Loons" - Jon Mobeck, Executive Director of the National Loon Center, will share how the loon has captivated the hearts and minds of Minnesotans to form an incomparable bond between a state's people and its wildlife.
