Fulfilling Our Missional Destiny

To Intervene is to interfere, usually through force.
The keys of Jesus do empower all saints to bind and destroy
any and all demonic works of Satan.

Since Satan and all the demons
were already expelled from heaven by Jesus,
and saints are now citizens of heaven through Jesus,
saints are empowered to expel all demonic symptoms and
temptations from our own temple, or anyone else who asks.

Dedication

I'm dedicating this book to my Mother and Father,
who sustained their children with unconditional love.

Preface

The reason this book was written was to supply these testimonial values to humanity and maybe impact them towards how real the absolute effect of Gods kingdom can be here on earth.

Acknowledgments

This type of book has only one source, God. So I'm very gratified to know Him, and to experience and witness this level of activity. I'm also sincerely grateful for the saints who went before me to inform and encourage me. They inspired me to take a chance and see what would happen.

Introduction

Testimonials and witnessing experiences is brought to you by the finished works of Jesus Christ and the administration of Holy Spirit's gifts, and experienced and reported by TW Kill.

The following reports are submitted to inform and encourage all people to see the reality of the finished work of Jesus Christ and how He is alive today. Jesus is the Alpha and the Omega and continually demonstrates how He loves all humanity by saving, healing, prospering and so many other positive values. My motivation in sharing is to help others to have confidence in God, to shift from the carnal to the divine nature, and to experience these for yourself.

Not everyone has the same benchmark viewpoint that they see things from, so in publishing these maybe someone can get a different perspective. As for me, I wondered what it would be like to participate in greater works. But once I witnessed significant experiences, and tried sharing them with others (including church relationships) their cynicism resisted their ability to receive. It took a while to document and publish these and my motivation is to give my "birds eye" viewpoint of the activities to benefit those who are hungry. I hope these testimonials help build up somebody's belief in God, and their faith to enter into Jesus at deeper levels.

Receiving Jesus, as Savior is the most important decision any human can ever make. Recognizing His finished work and the adjoining attributes that affect all human beings is very important too. The new covenant can **never be broken**. It can be denied, ignored, rejected, or even discouraged, but it can never be broken. All of us are supposed to help each other get reconciled to God, so I'm hoping these help to accomplish that.

What Is The Secret?

There are no secrets to being fruitful in Christ. However, there are stalemates and deadlocks that could seem to cause the appearance of secrets. The flesh and the will are often the two conflicting

blockages to breakthrough. Once recognized, we can begin to address each, overcome the issues, and then move into overriding the enemy. Mortification of the flesh (delaying gratification, etc.) and the edification of the spirit and Word of God can effect the divine nature's ability to overcome and overrule temptations and symptoms. Truth and knowledge build our belief. These require time and dedication. Our belief system is what we draw our faith from. Faith is a substance and does produce results. What our truth is, and what we believe, is in direct correlation to our results. My report "Authorized" outlines and relays tactical explanations and may be able to help those interested in my findings.

Jesus' instructed some nonnegotiable mandatory requirements for Saints to know and to do, for effectiveness, which increases dramatically when we abide in Him and these teachings abide in us.

Did Jesus erase sins obstruction?

How Was Sins Obstructionism Erased?	
1	Jesus came to destroy the works of the devil. (1 John 3:8)
2	Jesus drove out demons by Holy Spirit, validating God's kingdom had come (Matt 12:28)
3	Jesus did announce judgement; and an end to Satan's reign. (John 12:31)
4	Jesus invaded the strong man's house & conquered all demonic power (Luke 11:21-22)
5	Jesus absorbed all sin, in His blood, on the cross, and deposited it on Mercy Seat*
6	Satan, and all demonic, have been judged, condemned and sentenced. (John 16:11)

* *This was a perfect propitiation to satisfy God's requirements for reconciliation. (Isaiah 53:4-5, 1 Peter 2:24, Col 2:13-15)*

Now that the system of sin, shame, and guilt was destroyed by Jesus, all humanity can embrace God's many gifts, bypass death, and enter into a brand new life! Don't be deceived, just receive. Embracing, denying, or delaying evaluation of God's gospel offer of Jesus' finished work on the cross is everyone's personal decision and choice. Choose wisely!

Section A -TERMINAL REVERSAL TESTIMONIALS

A1 - Terminal Liver Cancer Dissolved

PROLOG

Up until this point in my ministry, there had been a long line of illnesses, realizing failure and there was almost no breakthrough on any terminal illnesses yet. I was pretty tired of it so I changed my “MO”. The adjustment I made was to abandon what I knew and trade it in for knowing Holy Spirit. I knew what the Word says; now I needed to know Him, the Author. ALL of the mighty men and women of God who were successfully demonstrating the greater works had one thing in common, they focused on God alone. In a manner of a few days of quietly waiting on God, practicing tongues and talking to Holy Spirit 1 on 1, the following testimonial took place. This is the model Jesus taught and Paul practiced. It is for everybody. Be encouraged!

TESTIMONIAL

The phone rang. It was a Tuesday afternoon and a very hysterical lady had called reporting that her husband was in a lot of pain. They had just returned from his doctor, who had introduced her to the local undertaker because her husband only had 24 to 48 hours to live.

She reported to me the level pain was so bad and she asked me if I could come over to her home and pray for him on Thursday. Well I said no to Thursday because I wanted to go as soon as I could. This pain from cancer needed the mercy of God to come to his home ASAP. Besides, by Thursday he could be dead with such a terminal condition. So she agreed. She was being sensitive to my personal schedule, which was very sweet.

On Tuesday evening my wife and I arrived around six o'clock. We also met with a friend of the wife who was a prayer warrior lady who had been praying for the sick for a long time as well. Together we started to intercede on the man's behalf, and we fought and we fought and we fought it out. We kept taking turns, rotating, always with fresh information from Holy Spirit. After about 2 and one half hours, Holy Spirit asked me to “deputize him” (a retired law officer). I had never heard of that before so I told the patient that Holy Spirit is deputizing you. In a few seconds the man who had been limp in a chair was up on his feet and toes, arms reaching up, as if to signal “TOUCH DOWN!” His symptoms were gone! I really didn't know how to deal with something like this. Some would say I had no grid to deal with this level of activity.

EPILOGUE

Later I realized that this strategy (to deputize him), was to get him to receive. This was his language, he was in law enforcement. I am so glad I am able to hear His direction and do what I am instructed. A month later, the couple both stopped by my house and announced that their doctor confirmed his liver was cancer free and brand new! So he went from “hospice to healed!” The Jesus one-step program! God is so good, dependable and kind to facilitate His gifts and power from our faith and words! Jesus really did finish His work at the cross. All glory to God! Thank You Jesus and Holy Spirit!

A2 - Get Up Fred

PROLOG

I remember that I had no time to prepare for this outreach call because of work demands, and I was also on a conference call for an hour helping a team member and her husband sort out some ministry issues. I was completely unprepared, tired and much more insensitive than I should have been, given the circumstances.

TESTIMONIAL

When I got to the front door of the house where this hospice patient lay dying, before I knocked, I took a deep breath, and I turned to Holy Spirit and asked Him if He was coming in on this one. I remember His response so clearly; "I'll do anything you say!" At that, I thought He was 'playing' with me. So I rang the bell and move on (I really did not understand what He meant by this).

Inside the home, Fred's sister escorted me to a back bedroom where Fred was lying in a hospital bed. This was his 37th day in hospice (which may be 5-10X longer than most hospice periods). She informed me that Fred's liver had stopped working and that she and her husband had been interceding faithfully for Fred, both in the hospital, the hospice facility and now in her home. This couple epitomized the love of God for their brother as well as an example of the persistent Widow. She then left me there alone with him. Fred's condition was terminal; there was no hope and he was on a morphine drip and a catheter. His color was a dark caramel and he was comatose.

I remember looking around the room at the stillness and I stopped to wait on Holy Spirit. When I turned to my right (as to seek His direction), He said to me, "Tell him to get up." So I looked back at Fred and said to him in a soft voice with only a hesitating mediocre confidence, "get up."

Fred immediately arose, shook off his stupor, and looked around like he was wondering where he was. It was so amazing to see this. God raised him effortlessly! I was shocked, amazed and bewildered!

Then I turned to Holy Spirit and He said to me, "I told you, I would do whatever you say!" So I pressed Him and asked if that stood for anything. He knew I was trying to leverage this for some personal gain (my flesh was rising up). He said, "Forget it", meaning dial-down boy, it was for this time, your still in training!

At this point, I reported to Fred's sister and husband that sometimes God's work is slow and sometimes God's work is fast. In this case, it was extremely fast. Fred is up and looking around. They attended to him. I departed, thanking Holy Spirit and completely amazed and grateful to have witnessed this miracle.

EPILOGUE

I since have wondered about how God arranges things. Morphine was being pumped into Fred at a rate that defied all logic. He should have died weeks ago. So why did all this happen? Again, God is faithful on two accounts that I can see. First, He heard Fred's family's prayer and secondly, Fred was a reprobate. He had previously known God personally but was drawn away from Him for decades, **but God did not forget him!**

It is always interesting to see the reaction to a healing from the afflicted and their family. Upon his healing, Fred was so aware that God saved him from where he was going (to hell), that he spent all His time in the Word, church, hospital visitations, and spreading the love of God wherever he went. His family turned to God, the Bible, personal relationships with Holy Spirit, and then became active in Church. PTL!

I later realized my flesh was looking for license to administrate His power, but without intimacy and the Word deeply planted (which I was only getting on that road) I may have turned out to be a loose cannon. So I keep trying and the results speak for themselves.

Jesus Is Alive!

**Jesus is not on the cross, nor in the grave, but glorified in Heaven!
Jesus is absent of sin and the effect is every knee bows to Him!
Because Jesus is glorified, Holy Spirit is here on earth,
in each believer, the same as He was in Jesus as the son of man.
Holy Spirit wants you healed, prospered and holy!**

A3 - No “Namby-Pamby” Prayer Testimonial

PROLOG

There is an old saying, “Be careful what you wish for, or volunteer for.” When we say, “Lord, send me,” sometimes those opportunities come at the least opportune time. I was completely unprepared and never saw this one coming.

TESTIMONIAL

On a Tuesday morning, at a Men's breakfast meeting at a local restaurant, John asked me if I could visit his very sick friend, Willy (lymphatic system operation). I called the phone number supplied and talked to his wife, who directed me to go to the home where her husband was lying alone, in pain from recent surgery.

At the residence he apprised me that his wife called him and identified me as one of her 'church' friends to come and pray for him. His attitude was of soreness understandably. Apparently he had been prayed for with no results and had little confidence in this visit as well. His ability to receive was severely diminished (probably due to the recent surgery and loss of strength).

Now this next action was very interesting. I was surprised at what came out of my mouth and how Holy Spirit can interject. I said to Willy, “Hey! I'm not here to give you some namby-pamby prayer so you can go and die. I'm here to heal you! You got that!?” I actually heard myself saying this to him, as if someone was prompting me from the inside. When finished, I turned to face Holy Spirit and said to him (in the spirit), “I hope You know what You are doing because this guy is bigger than I am!” What was I being setup for?

Then I turned back to Willy and he responded with a, "Say what'?" Then deliberately and calmly I explained to him that I came from God and was there to heal him. I was not a member of his wife's church. At that point, Willy struggled to get up out of bed and to sit at the kitchen table. His attitude had changed to a more respectful one and he really began to believe for his healing. His thinking shifted out of doubt and into faith! Once I began imparting healing, he began to wither like a wet noodle. So I told him to get back into bed and lie down because he was way too big for me to carry. He made it just before “going under”, (due to the anointing). Then I prayed over him in tongues for 14 minutes while God rebuilt his cells. Willy then “awoke” and rose up, testing his body parts vigorously and with renewed strength and vigor. He turned to me and said, “I'm healed!” Then reaching for his checkbook, he said, “How much do I owe you?” I said, “It’s free!”

EPILOGUE

Later that evening, Willy made amends with his wife and recommitted his life and marriage to God. God is so good, dependable, and kind and has His way of stretching all of us! In this assignment, I was stretched and used in a way I had never experienced before. I now realize that God cared so much for Willy that He shocked Willy into changing his attitude so he could receive. He had too much doubt and hurt. It's so interesting to witness the detail of tactical authority that Holy Spirit ministers with. Jesus really did shift things at the cross where every knee really must bow to Him, and His ambassador disciples!

A4 - Heart Condition Reversal

This testimonial was personally experienced by myself at recipients home on an afternoon.

PROLOG

We just got married and on our way to the airport to visit my parents when I received a word of knowledge to hurry over to one of our widows home. My wife was not thrilled, suspected I missed it and less supportive. But I did go, thinking this will be quick and we will be on our way soon, wondering what God was up to.

Nothing up my sleeve here! ...

TESTIMONIAL

Upon arriving at the widows home, she asked me why I was there, she apparently knew of the trip. She didn't seem to be in favor of me being there either. No credit for sacrifices today!

I found out about her heart condition and offered a simple healing prayer. When she was receiving, she felt a wave of hot heat come through her back, where my hand was.

She decided to investigate and turned around, held my hand and arm, pulled up my sleeve and asked me if I had a heater up there in my sleeve. I explained that she was feeling the manifest presence of Holy Spirit, healing her heart. Then I left, went home, and drove to LAX for my family visit.

A few weeks later, when dropping off some food from our food ministry, she was so excited and astonished to report to me that her doctor asked where she had been since her last visit. He was shocked and reported to her that she had a brand new heart! "Where did you go to get that?" He asked. "Your reports indicate you have a brand new heart!", he said.

She reported to me that she was so surprised but remembered the heater up my sleeve event and how Holy Spirit honored my sacrificial visit a few weeks before. Glory to God.

EPILOGUE

This was as big of a surprise to me, since that fateful day. I'm so glad for Gods agape love for His saints and grateful to have witnessed this. God did guide me to her, even under adverse conditions. So if He sent me, He made sure I succeeded.

Testimonials are to be used as an eyewitness to encourage those who need it. The truth of this is manifested in the "witness" you receive from it, because Jesus' gospel does not go out without a witness. Each miracle report is another witness that Jesus is alive and Holy Spirit is so very busy administrating His gifts! We encourage all others to be free to experience the same. It is for everybody.

Section B - LONG DISTANCE TESTIMONIALS

B1 - Stephanie's Testimonial

PROLOG

Networking brings interesting opportunities to each of us daily. I have relationships with many people around the country. I try to help with what knowledge I may have with each situation. I never expected this to come my way, but I am glad I am able to report this to you.

TESTIMONIAL

An emergency room doctor contacted me by phone Sunday night (8/15/10), regarding his 3 year old child being treated in a Moscow hospital with pneumonia. Conditions were bad and she was weakening by the minute. There was evidence of considerable failure; she was not responding and very limp. Something needed to be done without delay.

We discussed many of the logical assortments of medical treatments and the obstacles to getting them to Moscow on time. No normal political or logistical routes were open.

Then, on the phone in Central California, I agreed with the doctor (in Redding, CA), in prayer. We broke the death and sickness curse she was suffering under and then we imparted the Zoe life of God into her. She was healed immediately! I did not know the results until Friday when my network friend contacted me. The doctor confirmed this the following day, Saturday.

EPILOGUE

God is so good, dependable, and kind to facilitate His gifts and power from our faith and words! Jesus really did finish His work at the cross. All glory to God! Thank You Jesus and thank You Holy Spirit!

I just continue to marvel at His goodness, mercy, power, and love! PTL!

B2 - German Lady Shoulder Healed & Her Son Was Healed In Germany!

This testimonial was personally experienced by myself and others at a Healing Rooms facility.

PROLOG

Throughout the years the testimonies of the Healing Rooms would get out and teams were invited and would go to different areas to speak, train and promote the demonstration of the gospel. Out of this, we had tour groups visiting and coming for prayer and to witness what God was doing and how He was demonstrating His gospel today.

TESTIMONIAL

One night, a very humble servant woman of the Lord with a restricting debilitating shoulder injury was visiting and needed help. As we waited on Holy Spirit, He instructed us and we implemented His direction and the pain began to subside.

As time went on we did as many prayer rounds as required until the pain was gone and her mobility was restored. She could lift her arm over her head and was pain free. She was very happy and praising God in German, her native language.

As she was turning to depart, she turned to her interpreter to ask for prayer for her son, in Germany at the time, who was suffering with dyslexia. The team gathered and had a very heartfelt prayer for him. I gave her my business card as well, which I rarely do.

A few weeks later, when she arrived home the woman was informed that her son was well and no longer had the symptoms of dyslexia. Upon inquiring when the symptoms left, she was able to trace it back to the exact time of our team prayer in the Healing Rooms. The reason I know this is true is because he, the son connected with me on Facebook and presented me with the testimony himself. All glory to God.

EPILOGUE

For years after this, every time the German's came to visit they requested me for prayer. I kept referring them to God and acknowledging that it was Jesus and His finished work and the administration of Holy Spirit that manifested in both the woman and the son. God will use us, but there is no way I even had a clue that the son was being effected, even though I did believe. Before this I never had a reference point to draw expectations for these things to manifest. Now I do, and my expectations are broader. Jesus reported He was dependent on God to do His works. As He is at one with God and we are at one with Him, His fruitfulness should flow through each of us. It is the nature of the branch to bring forth the fruit of the vine it is an extension of and at one with. As we produce the fruit of the vine, it is the vine that is acknowledged, not the branch.

Testimonials are to be used as an eyewitness to encourage those who need it. The truth of this is manifested in the "witness" you receive from it, because Jesus' gospel does not go out without a witness. Each miracle report is another witness that Jesus is alive and Holy Spirit is so very busy administering His gifts! We encourage all others to be free to experience the same. It is for everybody.

B3 - Hospital Visitation - Involuntarily & Unknowingly!

This testimonial was personally experienced by the recipient alone in a Hospital facility and reported later to me. I am reporting the testimonial, as it has to do with me.

PROLOG

It was a Saturday morning joint church men's breakfast feast and everybody was happy to eat! Lots of goodies, high fives and greetings. This was a fun time for the guys!

TESTIMONIAL

About halfway between eating and getting ready to listen to the speaker, a man named Terry approached me with a big smile on his face and thanked me for my recent hospital visitation. Normally I respond with your welcome, God loves you, or how are you doing, etc. But I knew I never went to visit him in the hospital. So I asked him again if he was sure it was me that he was referring to.

He shook his head yes, pointed his finger right at me and said "you were there ministering to me and it was great"! The purported visit was the previous Thursday night. My memory served me well that I did not go that night. But Terry was blessed with my presence and felt the anointing of God through me from that meeting to where they released him from the hospital the next day (yesterday). I smiled and was so happy for him, but felt like there were some holes that needed filling in.

So later that day I got alone with Holy Spirit to get answers to fill in the blanks. No real answer came then. But later when I ran into Terry, he reiterated the story and told others of how effective I was. I seem to be his favorite healing prayer partner that God tied us together.

Holy Spirit has manifested my presence other times also that I am aware of, through some very credible people that I happen to know would never fudge from the truth. So maybe He needed to use me again in the hospital that night for this person to receive. I think somebody mentioned seeing me in South America ministering too, a while back. I have no recollection of any of these incidents, at all. But they happened, with a version of me, without my ever knowing anything about it. They were all successful and fruitful works, so I am grateful for that as well.

EPILOGUE

God amazed me again. When we are able to submit to Holy Spirit, give all the glory to Jesus, we see a vortex of life that is established by God to manifest His greatness. Being that I was never a willing participant, I don't claim any credit for any of the fruitfulness, just so happy to see Him and His ways unfold. Also happy to report this event as a reality of Kingdom activity.

God's Ways Are Way Above Our Ways!

B4 - Telephone Testimonies

I'm mentioning the amount of telephone call miracles due to the inability to minister because we could not get there. We did believe, so we spoke, and God did it.

There are so many times I received telephone calls from people who were reaching out to me when their pain levels were extremely high. The effects of the infirmities had intensified and was stinging or burning or throbbing them. So many times I was just not able to physically be where somebody needed me to be to minister. This began to irritate me, because I couldn't do anything about their pain. Then one day, while standing in my kitchen on the phone, somebody was crying with pain and I really was aggravated, frustrated and distressed over it. I felt like those demons were taunting me too. I knew I couldn't get there, so I said to the person, "would you mind receiving over the phone" (since I knew I could not get their location for a while, we needed try this). They were probably so "past ready to receive" that anything by this time would be welcome. So I bound the pain, cursed the demon and liquidated His assignment. I remember there being a long silence and then I heard the words, IT'S GONE!

I never did go and visit that person, but I found out first hand how things really work. Just like Jesus said, bind and loose, impart, bless, heal, deliver. When we realize that the vine is continually supporting the branches we begin to duplicate the results Jesus sent us to do.

Since this event I have ministered to people all over the country, many times for hours and hours. Many were in stage four with no hope, terrible pain and their families were just spent. I would blindly pray in english and then pray in tongues for as long as it took to recede the pain. Then a slight breakthrough, where the pain would diminish, to wear they could get some rest, and their families too. When I was finished, I was really finished. Soaked, tired, spent, hungry and felt so bad for those poor souls suffering under rotten infirmities.

As time went on, we saw how God's words are proficient and work, exactly as He said. I can't count how many times I have witnessed pain leave by blasting it, while speaking in tongues for as long as it took. My wife and I were on our way to a Conference I hosted in Bel Air. When we got to Ventura we had a real bad message and a call. So we took turns binding and imparting life (round after round). When we got to Sunset Blvd, the pain finally left. Exerting pressure is our free will and when we exercise it, we get supported by Holy Spirit. When He shows up, wherever the call is, there is usually a breakthrough.

... IT'S GONE! IT'S GONE!

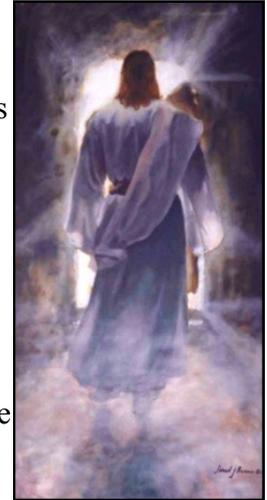

The pain is gone!

Section C - ICU TESTIMONIALS

C1 - Icu Escort Testimonial

PROLOG

This testimonial was personally experienced by TW Kill at Marian Hospital in Santa Maria, CA, in 2010. It is inspired by Holy Spirit to report that Jesus is alive and Holy Spirit is busy administrating His gifts and to encourage all others to be free to experience the same. I knew this woman was in the hospital with an affliction, a heart disorder. I also knew she was too young, active, and it just did not seem to “add up”. I would have never guessed the following could happen.

TESTIMONIAL

I have a single mom friend who was in the hospital with a heart issue. When driving by the hospital, I was 'directed' by Holy Spirit to go into ICU and release her from the hospital and then drive her home. This was all done out of obedience (not knowing what would happen).

When I arrived, I mentioned why I was there, how Holy Spirit was releasing her from the hospital and I was driving her home. After she had a long look of bewilderment and began to ask questions, I told her to dial down and just watch because I had no more information. Then we discussed other things & got caught up.

About an hour later, the RN visited with a 1-2 inch stack of papers, announcing that:

1. all pharmaceuticals were canceled,
2. the diagnosis was overturned,
3. she was released from the hospital,
4. she was to see her General Practitioner the following week

Astonished, she reacted by calling her daughter to ask her for a ride home, but her daughter was out of town. At this point, she turned to me and said, "I guess you're giving me a ride home too"!

At this point, I waited outside the ICU room, in the corridor area, for her to get dressed, collect her things, and then assisted her to the car and escorted her home. She was comforted by the gift of friendship and faithfulness presented by God that day.

EPILOGUE

God is so good, dependable, kind, and He has His way of stretching all of us! This assignment was a stretch for me to implement and also for her to receive. Holy Spirit creatively demonstrates His gifts and does have His way! Jesus really did finish His work at the cross (see picture of Him departing grave). Jesus said we would experience these works (John 14:12). Thank You Jesus and Holy Spirit!

C2 - Icu Coma Jane Doe Healed And Released

PROLOG

This testimonial was personally experienced by my wife and I at a Central California Coast Hospital ICU Facility.

We were invited to minister to an unknown, unnamed elderly woman in an ICU room, who was unconscious. We went to try and see what God was going to do. Sometimes the best miracles are from the worst circumstances. It is not always what we see that is important, it is what is revealed, since Holy Spirit is omniscient and omnipotent.

TESTIMONIAL

When we got to the ICU area, we talked to the nurses, but they could not reveal anything because we were not family. All we knew was that she was comatose, which was obvious. We did find out her name, then went to work, praying listening and looking toward Holy Spirit for revelation.

Nothing came, except a peace to intercede in English and in tongues. We did. No change after a long time of this, but we got a peace that our work was done and could leave. This was a Sunday, after church.

On Monday, I called the ICU nursing station, thinking we should go back for another round of ministry. I was happy to receive a report that the woman was released to another recovery facility, after waking up healed!

EPILOGUE

It never ceases to amaze me how Holy Spirit chooses to apply His gifts. This is just one of many unnamed visitations where we were on an assignment to go and help a person or a family.

Hopefully the truth of this testimonial gives a good "witness" to all who see it, because Jesus' gospel does not go out without a witness!

I was happy to receive a report
that the woman was released to another recovery facility,
after waking up healed!

C3 - Icu Mama Who Has A Terminal Illness Reversed

PROLOG

This testimonial was personally experienced by my wife and myself at a Central California Coast Hospital ICU Facility. I was called into a desperate situation by a mature lady who was fighting for her mothers life. When we got to the ICU we were directed to the waiting room because doctors were tending to this patient. As we were waiting somebody ask us who we were there to visit. I looked on the slip and announced the woman's name. The waiting room was packed and all of them were the children of this woman and wanted to know why I was there. So I told them I came to heal her. At that they gagged, gasped and gyrated, then, thankfully, the sister who had invited us, explained to her siblings why she sent for us. It was more like a lynch mob than a welcoming committee. It was kinda toxic.

Underneath it all, the bulk of the family, was more interested in their mothers quick termination (*that is correct*), so they could get along and move on with their life. They were not interested in taking any more "care shifts". I felt severely undermined spiritually and really had to focus on God and not the "family".

TESTIMONIAL

We were cleared to go into the ICU room. We all went in and when we prayed the mother woke up and became alert. ***The family was shocked!*** Later that week, the sister reported to me that her mother was completely healed, released and went back to her home.

The family was shocked!

EPILOGUE

For those of us who are closer to the sick and family needs, we understand how these circumstances can diminish a personal life. We also know that for the self-centered, to have to do something for somebody else, it is very uncomfortable (not used to it). So we do not judge those who wish their sick would die, so they won't have to tend to them. You could see they were weary and sickness does strange things to everybody, including those on the periphery. As always, I'm so grateful to Holy Spirit for glorifying Jesus again, in getting the mother up and healing her!

I encourage everyone to be free to experience the gifts of the spirit.

C4 - Icu Song Miracle

PROLOG

This testimonial was personally experienced by my wife and myself in at Central California Coast Hospital ICU, after one of our friends was recovering from a heart surgery procedure. This person was not able to become coherent and could not make any simple sentences because of excessive amount of carbon dioxide and it's effects. The family was very concerned and the hospital was going to ship the patient to an outside care facility (sending them out to pasture).

TESTIMONIAL

"Do helicopters eat their young?" And questions like this we're coming from this person. Between the family, friends, ICU personnel and visiting church prayer ministers, there was a lot of stuff going on. So we waited till they all left. We had to come back to this ICU facility three times to wait before we had an uninterrupted time to minister.

Upon what I thought Holy Spirit wanted us to do, I stood on one side of the bed and Lynn on the other. We waited and I was inspired by Holy Spirit to begin singing Amazing Grace. Since I did not know the words, I was dependent on my wife to carry this tune. I was not getting any words from Holy Spirit either. But guess who chimed in and sang all 4 stanzas, (didn't miss a word or a beat either)? The patient! Holy Spirit completely healed this person while singing the song! There was no patient prompting or encouragement. Just another demonstration of the gospel, God's way!

We were so startled and in complete wonderment, we had to pick up our jaws and contain ourselves. But we had no time to ask anything because the phone rang and it was the adult child of the patient, calling from a few time zones away to see how the parent was. The patient took the phone and discussed things in a complete coherent fashion, just as if nothing ever happened or the heart issue had never occurred. Then when finished, started a conversation with us about current events, etc. **THIS PERSON WAS HEALED, DRAMATICALLY RIGHT IN FRONT OF OUR EYES!**

EPILOGUE

Jesus is alive and Holy Spirit is busy administrating His gifts and continues to encourage all others to be free to experience the same.

Who would have ever guessed that God would have exercised this gift the way he generated such a healing miracle, especially when so many had given up. Talk about creative miracles, this was beyond anything I could have even conceived of. God has a way of demonstrating his love, mercy and power that makes it impossible to question the source. This person was released from hospital, in good health and is still in communication with us.

There is nothing on this earth as a front row seat, seeing and hearing God do his handiwork on impossible situations and circumstances.

C5 - Icu Terminal Patient On Life Support Causes Alarms

PROLOG

This testimonial was personally experienced by myself at a Central California Coast Hospital ICU Facility.

I was asked to go to an ICU facility where a middle age man was on life support and the family was ready to "pull the plug".

TESTIMONIAL

I was not aware of the illness that was the cause of the debilitation, but at this point, he was comatose with eyes open and on on life support, with no hope from the medical community. I don't care how spiritual you are, these "conditions" do affect your faith and require you to dig down deep and just try to connect with Holy Spirit. Having seen a number of hospice comatose "goners" arise, come back to life (and some not), I just try to focus on His direction.

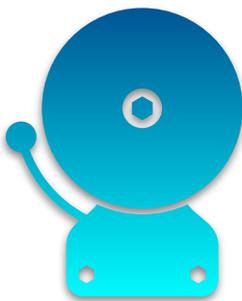

As I stood next to this man, I was instructed to place my hand on his arm and just look into his eyes and speak and release peace, agape love and Zöe life. It took a few seconds to do this, but the result was very interesting and unexpected. As soon as I released Zöe life into the patient, all the medical equipment detected and received the information, causing alarms to notify the medical staff, who came rushing in. Buzzers were going off and lights were flashing! I had to step back so the staff could address the alerts. At that point I was released to the waiting room, were I waited for 45 minutes, but was never retrieved.

The next day, it was reported to me that the family pulled the plug. I'm sure the family had so many other things to address.

EPILOGUE

I was bummed out that the man died, but happy he was saved and comfortably in Heaven (not so bad). Not every "Field Visitation" rolls out the way we think they should. When we get to know Holy Spirit, and ask questions, we hear His reasons.

So what happened? What was all the activity about? Holy Spirit asked me if I saw the manifestation of my words and the release of Zöe life, in how the equipment detected and recorded it? He took me back to replay the events. Then He wanted me to know how much weight our words carry and that if they can be detected, received and recorded electronically, they have much more weight then I thought. ***This fact proves that our faith is real substance!***

All the medical equipment detected Zöe Life, received the information, causing flashing lights and alarms to notify the medical staff!

C6 - Icu Terminal Diabetes Reversed

This testimonial was personally experienced by my wife and myself at a Central California Coast Hospital ICU Facility.

PROLOG

We were at the bedside of a person who was in a diabetic coma, in an ICU ward. She was found by a family member her in home, on the floor, and brought in by Ambulance. In a little while after that, the word came to us of the diagnosis through the family and network. The diagnosis was not good (from what we heard).

TESTIMONIAL

Diabetic comas can be fatal, as we know. Upon entering the room of this patient, we noticed all the aspects of someone in a very deep sleep. Up to this point, she was unresponsive.

There was nobody to talk to, in the room, so we just started to pray in tongues and see about amplifying the presence of God. This also clarifies the hearing of direction, visions and empowerment from Holy Spirit directly. As we prayed we exercised the transmitted authority Holy Spirit has grant us, bound the illness and loosed Jesus' agape love and Zöe life.

In a matter of 10-15 minutes, she arose, shook off her "sleepiness", and then began to dialog on a limited basis. The getting up and dialog appeared to be a result of the prayer being ministered.

Then the staff notice that she was up and documented it. We stayed for a little while and comforted her, then we were on our way back to work (back to our day jobs).

EPILOGUE

Two weeks later, at my home, I got a knock on my door. It was the woman who was raised by Jesus, in the hospital from the diabetic coma. She came by to thank us and to share all the things God had done for her.

We're never aware of how things are going to unfold on any of our assignments. However we are getting used to Holy Spirit showing up, manifesting His presence, instructing us, and empowering our words.

**Jesus showed up,
had a 2nd opinion,
and changed the circumstance.**

Jesus put His fingerprint on it!

Section D - HOME & FIELD VISITATION TESTIMONIALS

D1 - Crippling Back Pain Shooed Away

PROLOG

If you don't succeed, try, try again. I was the old woman in front of the judge on this one, the persistent widow. Numerous times I had talked to her, ministered to her, but with very limited results, way too limited!

TESTIMONIAL

My wife and I had known Lucy, we had attended church together. She was a very active, positive person with a 'can do' attitude. We had witnessed her health and mobility decline from back pain. Her condition went from agile to slow and cumbersome, to a cane, then a walker, and then to very strong pain pills and being bed-bound. We had visited her many times but had only very limited results. She was always very active and involved with community and church. I remember that her condition dumbfounded us, so we kept appealing to Holy Spirit in private on her behalf.

Finally one night Lucy called me and was crying with pain and terrible anguish. My wife and I raced to her house and ran up the stairs, all the while "entering in", praying in the spirit. Upon engaging Lucy, she started to bark out orders. I had to take authority over her to shift her thinking, so she could receive, and ordered her to speak in tongues only, no English. She engaged, and now all three of us were divinely connected, submitting to Holy Spirit.

At this point, Holy Spirit started to instruct my wife and I on what to do until the pain was so bad that my wife laid her hands on Lucy's back, hips and literally shooed the pain down her hips, legs, and feet until it was gone! Instantly, Lucy was healed! Then she pranced down the stairs completely whole, and her husband's jaw dropped, when he saw her. Later she made it to a church service, where she was met with very happy people who had been praying for her and now praising God for what He did!

EPILOGUE

Sometimes knowing people personally can be a distraction in the administration of the gifts of healing. Somehow, that personal knowledge withholds transparency, etc. Jesus said He had a difficult time in his home town. The old cliché may be correct, "Familiarity breeds contempt!" I believe a real change came when Holy Spirit clamped down and exercised authority to diminish the control in Lucy and increased her faith to receive. That changed the dynamics and then Holy Spirit had His way!

D2 - "I Was Wondering What That Was" - Testimonial

We think we know what is going on sometimes, but this was a surprise to me.

After a Wednesday night study group with the homeless and street people, I started talking to a humble man about our study material (Holy Spirit). When stopping to talk to Craig (on his bike), we discussed relating to God, 1 on 1 and what that looks like. Then I started to expose, discuss and demonstrate the gift of tongues (God's prayer language), he sat up erect, he looked at me, and said, "I talk like that all the time when I'm riding my bike, by myself. I was wondering what that was!"

Holy Spirit has been wooing Craig and manifesting Himself in him and Craig was questioning his position with God earlier that evening. Now Craig is getting some answers and getting connected to people who can help him grow in God. I think this demonstrates how Holy Spirit is now independently pouring out His Spirit on mankind.

D3 - Birthday Dinner Surprise

As I was heading through LA, I went to visit a friend of mine and thought of buying him dinner for his 85th birthday. Upon arriving he informed me that his wife was just diagnosed with fourth stage cancer. She was in a lot of pain in her lower and upper abdominal area and her upper chest. She could not hold any food or drink and had trouble breathing.

I had her lie down on the couch and put a blanket over her and then I interceded. I also added some background music from my cell phone.

God showed up and during the next hour, all of her pain was dissolved and removed by Jesus' finished works on the cross. She then became thirsty and hungry, ate and drank, with agility and peace. Jesus is alive!

**Ministering with a quiet intervention,
knowing God was going to handle this.
Then to witness the physical changes
being manifested through our joint faith.
This Was Special!**

It was just amazing to sit with someone who was in such anguish, begin to minister with a quiet intervention, knowing God was going to handle this. Then to witness the physical changes being manifested through our joint faith, as Holy Spirit loved her. Faith really is a substance and it does transact kingdom business.

D4 - Panera Bread Two Knee Cartilage Reinstatement

This testimonial was personally experienced by myself and another team member at a local Panera Bread, having lunch.

PROLOG

While having lunch we were discussing intentional discretionary authority (using your free will to initiate a healing event). As we ate, an electrician came in with very large knee pads, like the one tile setters where. I thought it odd that he was wearing these to walk in, so I asked him about it. He told us that he wore them for protection, because he lost both cartilages months earlier when he fell off a ladder, landing on his feet. His medical provider was unwilling to provide implants, due to cartridge's have a short life cycle, so they were making him wait. I asked about the pain level and he said he was in chronic pain, coping as best he could. We went back to eating...

TESTIMONIAL

As I turned to face my lunch partner, Holy Spirit put a hook in my mouth and spun me right back around facing the tradesman. My lunch partner and I went over to him and began discussing healing, upon where the tradesman stated he was a Christian, and his church was praying.

So I asked him if he wanted new knees now, without the surgery. At this point he volunteered he was a christian and fully believed! He asked me how it worked. I instructed him to close his eyes, put his head back and just receive. John and I asked him to receive, he put his head back and Holy Spirit wrapped his legs with a finely tuned pressure and warmth.

We never prayed, just waited and witnessed His presence all over this man. Holy Spirit manifested a spiritual version of ace bandages from his feet, up his legs to his hips, pulsating his cells, regenerating new life. The results were his legs received tingles, his pain left, his muscle strengthened and his cartilage was renewed! After 15 minutes, his cell phone rang and he responded to it by "**popping out**" of the chair (like a child). After the call, he test his knees with both bending forward and deep knee squats and all was well. No pain and perfect agility!

After he realized what happened, he turns to us and asked us why he can't do that. Holy Spirit instructed me to talk to him about intentional infilling, by praying in tongues. He said he once tried it for a few minutes but nothing happened. I explained the difference. He was interested, so back in the chair he went, head back and began to initiate the infilling. Holy Spirit asked me to make sure he got it this time. I spent another 15 minutes with him.

EPILOGUE

In a public restaurant, replacing distressed body parts in this body, Jesus is just the best. It was more than interesting how this event happened. I never thought that a discussion of discretionary authority would wind up as a "**show and tell**". In reality, I knew when Holy Spirit put the hook in my mouth, He was doing something already, and wanted to involve us. Once in front of the man, I just knew He was doing a creative miracle, and *sat back and witnessed it*. When Jesus said, "on earth, as it is heaven", we see it manifesting as "on earth, in someone's cells", as it is in heaven!

D5 - Auburn To San Jose Hunter Conference

*I heard this voice ask me,
"What's wrong, don't you trust me?"
I thought to myself, trust who?*

This testimonial was personally experienced by myself.

PROLOG

In 1989, I had gone to a couple of video healing classes at a person's house in Incline Village Nevada. The ministry material was originated by Charles and Francis Hunter, who were referred to as the "Happy Hunters". The plan was to complete the video classes and then go to an on-site conference. After completing the video classes and finding out when that conference was, I made arrangements to go down to the San Jose area for a local conference.

TESTIMONIAL

I left my home in Incline Village, NV and departed through Truckee for Route 80, then down to the Bay Area for the Happy Hunter conference. As I approached Auburn, I looked for my directions. They were not on the seat next to me, or in the back. I must have left them on the counter top at home. Now I was concerned about how I was going to get there!

Upon considering turning around, I heard this voice ask me, "What's wrong, don't you trust me?" I thought to myself, trust who? Who is this? Who is this speaking to me in my own car? By this time it occurred to me it was either an Angel or Holy Spirit.

"If you do what I say, I will direct you to your conference?" the voice said. I thought, great, rescued by God. So I figured, I'd go for it and turned when He said turn and followed all the directions given. After negotiating all the directions for an hour or two, I was on a downtown street with one space, where I was instructed to parallel park. When completed, I turned off the car, put my head down and asked "now what?" He said, "Look up". I did and directly in front of me, less than 100 yards, was sign directing me to the Happy Hunter Conference Marquee.

Happy Hunters Healing Conference - 1990

EPILOGUE

There's an old quote that says that were God guides, He provides. Apparently God wanted me there, since He intervened, directed and got me a free parking space!

I remember watching the activities from the grandstands and listening to the speakers. I soaked up their teachings and later bought their books and my fruitfulness was imminent.

I'm really moved at how much He cares for us, and the details He addresses in doing so. I'm sure He had better things to do, but He took the time to make sure I got to my first practice! Parents take time to address their children's activities, and are responsible for transporting them. On this Sunday, God did this for me. I continue to be humbled by His level of faithfulness to us.

D6 - Guadalupe Lady's Foot Healed Testimony

This testimonial was personally experienced by my wife and I, during a food outreach distribution.

PROLOG

The church of Jesus Christ has been kind, merciful and very generous to go into the many areas of poverty and offer help in the form of food, clothing, song, teaching, prayer and helps. We were no different and wanted Jesus to be glorified wherever the need was identified. While on one of these many mission trips we periodically ran into sickness and debilitation, negatively effecting Moms from doing their work, etc.

TESTIMONIAL

On this particular trip, we were in a predominantly Spanish speaking neighborhood delivering boxes of food and supplies to needy families. I remember the look of significant pain on the face of this young woman, as she was trying to hobble on one foot. She was almost in tears the pain was ravaging her so bad. It was restricting her from attending to her babies.

Something rose up in me and I bound the spirit of infirmity and spoke perfect healing into her leg and foot, from the doorway. As she put her foot down all the pain was dissolved. She looked at me as if she was looking at Jesus Himself and in order to keep the glory on Him, I pointed up. I made it clear it was God doing the good works in order to avoid any mistakes.

She was happy and leaping and praising God in Spanish and some of the team members could understand her and told me what she said. Now she was free to attend to her children, husband and duties. Every time we went back to that neighborhood, she always had a big smile for me and I always pointed up to honor Jesus. Many times they would ask us to intercede and bring us into peoples homes for healing prayer.

EPILOGUE

In retrospect, I wonder if it was me or Him who did the binding. It was so quick. As effective as it was, it was probably God. I know it is the nature of the branch to bring forth the fruit of the vine, but this one was overwhelming!

Please let this eyewitness testimonials be used to encourage those who need it. The truth of this is manifested in the "witness" you receive from it, because Jesus' gospel does not go out without a witness. Each miracle report is another witness that Jesus is alive and Holy Spirit is so very busy administrating His gifts! We encourage all others to be free to experience the same. It is really for everybody who can just believe it.

D7 - Office Visit Deliverance

This testimonial was personally experienced by my wife and I, while visiting a local office.

PROLOG

To say that God's ways are above our ways is an understatement. We don't even begin to think in terms of His ways. My wife and I were in an office doing some business and then God, completely unknown and unprepared by us, began to unfold His plans for somebody.

TESTIMONIAL

We went into an office to run some business errands and then were finished. As we were about to leave, I heard a voice instructing me to stay and minister. I knew Who it was and immediately reminded Him that we were in an office where foot traffic, phones and passers by would interrupt. Sometimes I'm so stupid. Why would I even think of reminding God of circumstances. God closed the office to foot traffic, silenced the phones so we could minister and free up a young lady who was being victimized way too long.

I stood on the retail side of the bannister and addressed this young lady by asking her if she had been praying looking for help. She looked up surprised and said yes! Then I told her God just asked us to help her. Not knowing what the issues were or why, I knew He would "fill in the blanks" and direct me. So after multiple questions and answers and waiting on God, speaking in tongues under my breath, she was getting the reason I was there and began to breakdown, cry and reveal to me the horrid details of what happened and how the demons had tormented her. It was so bad that this young lady, who was being tormented had to step down from her worship ministry slot because she lost her voice.

I'm not going to give the details of the suppression, but suffice it to say, she was molested as a very young girl (3-4) and the demon kept manifesting. She thought her Dad did not protect her, and had a very bad attitude toward him. In reality he was unaware of any of this.

When Holy Spirit revealed to her exactly what happened to her, when and by who, she began to speak it out and when she got to the who, I said to her, "And his name was Bill". Her eyes were as wide as saucers and her jaw dropped, "how did you know?" she asked. Holy Spirit told me an hour ago and I was waiting for the light to hit the darkness. At that point we dismissed all the demonic influence and delivered her from her captivity. She was so ashamed at her attitude toward her Dad, and repented to us and could not wait to repent to him as well. Then I asked her to sing a few bars and she did and it sounded like an angelic choir radiating from heaven. Glory!

EPILOGUE

This woman was in a Charismatic Church that boasted all the gifts of the Spirit, but apparently God had His reasons to cause her deliverance outside that church environment. Maybe safety issues among the people there, maybe privacy issues for the young girl. Whatever the reasons, He rescued her and put her right back into service when the enemy thought he was going to snub her ministry. We just never know and can only try to be ready to help when we can. Jesus really does love each of us!

D8 - Gem Stones – Rhinestones – Or Just Rocks?

This testimonial was personally experienced by myself and my wife, and our entire church home group, at our church home group Leaders home facility.

PROLOG

Gem Stones – Rhinestones – or the Rock on Which We Stand. We are eyewitnesses to this event and report it as true, truth. "Unless you people see signs and wonders, you simply will not believe." (John 4:48, NASB). I can tell you the "recoil" on this one from the church members, leadership and others was very ugly and showed the true colors of those people.

TESTIMONIAL (My Original Testimonial Report 8/6/2007)

Have you ever seen a heavenly comet sparkle across a room, land on the carpet while depositing clusters of jewels? Have you ever seen gemstones drop in the wake of somebody walking across a room? Have you ever walked into a room and seen the floor covered in gemstones? I suspect there are Angels that are having a great time administering God's glory to His children. They are also seeing the look of bewilderment as many Kingdom kids are upgrading their vision of God's abundant life.

After many years or "hearing" of these "signs and wonders", it has been very interesting seeing the effect: Love, Joy, Peace, Patience, Kindness, Goodness, Faithfulness, Gentleness, and Self-Control. People hear about the love of God, but when He gifts them with a diamond or gemstone, or a perfectly matched pair of gemstones (exactly as their hearts desire), do they ever light up. It is just like a storybook Christmas, but it is real, as Jesus, our Groom adorns His bride.

As we were ministering to one-another, one of the larger gemstones (over 300 karats) began to display holy fire inside the stone. That was new! Never saw either a 300-karat gemstone or one with a fire inside of it. Glory!

While all this is going on many are getting healed, hearing words of prophecy and discussing Biblical issues. Signs and wonders raise faith, glorify God and attract people to God. Many want to know this Jesus. Thank you Lord!

EPILOGUE

It was only a few days and many in the church degraded these signs and grieved Holy Spirit, I am very sad to say. They wanted to know what the commercial value of the stones were. They even wanted them sold and the money given to the church so the pastor could distribute it. Scoffers say it is not God because the gemstones are not commercially valued where “real” money could be derived.

As a male, I would be very disheartened if my bride where to respond to my gift to her with “HOW MUCH IS IT WORTH”, “HOW MUCH CAN I GET FOR IT”. Whether precious or costume jewels, they are still jewels manifested from Heaven for His bride. To degrade a gift to commercial value is not being appreciative and disrespectful to the giver. But only those who are guilty of commercializing the gospel are the same ones wanting to control the “truth” of the event and this issues surrounding it. A real saint would think a breakthrough like this would be celebrate, and then perpetuated, instead of derided.

In retrospect, it was very disheartening to witness church leadership and members, as to their response to this event. I witnessed them going out of their way to undermine every aspect of this evidence and torment people with stupid questions ridiculing them openly and publicly, but to demonstrate further hypocrisy another high profile evangelist gave the same message with the same size stone, and was embraced by the same leadership that defaced our meeting.

The “Pharisaical” response from so many church people was short lived but the amount of people coming to me publicly and privately, thanking me for the transparent testimonial, was great.

D9 - Doubt Caused A Return Trip

This testimonial was personally experienced by myself during a home visitation for a lady suffering from a breathing infirmity.

PROLOG

I never know what is ahead or what type of impediment, interruption or conflict is going to try to delay or destroy my work, but rest assured that if you are doing the works of Jesus you will be met with obstacles. This visit personified that.

TESTIMONIAL

As I was visiting a lady in here kitchen, her believing grown daughter, and the husband were quietly supporting my prayer for Moms healing. Moms infirmity took all her strength, forced her to use oxygen and a walker. We all were in agreement and the presence of Holy Spirit began to manifest.

Within a minute I heard the front door slam shut, but could not see around the wall if there was anything to pay attention to. I went back to ministering and noticed a severe spiritual blockage and witnessed a spirit of doubt. I asked the family members if they were experiencing or having thoughts of doubt. They said no. So I waited and then I walked around and noticed somebody sitting in the front room alone. I asked him who he was. He was the visiting nurse, who slammed the door upon his entrance. As he spoke I sensed he brought in the doubt spirit, so I offered to defer the venue to him so he could attend to the lady and I would come back.

The next evening, after dinner, I visited the woman again. This time she was alone, with here walker and oxygen. We visited for a while and she agreed and confirmed my treatment of the last nights activities. Now she was ready to continue to receive.

As we began, she sat in an arm chair, and embraced the Gifts as Holy Spirit manifested them. Within 4-5 minutes all her pain and discomfort, weakness and sickness were completely dissolved. She then surprised me by testing her condition. Without the oxygen or walker she got up out of the chair, walked out the front door and across the street and back! She said she wanted to test it because her son had a garden at his home down the street and she needed to know she could get there to continue her gardening work.

At this point I saw that she was on her way to a recovered position and we were both praising Jesus.

EPILOGUE

Having the eyes to see and ears to hear direction from Holy Spirit is the difference between success and failure. It is the nature of the branch to bring forth the fruit of the vine that it is an extension of and at one with. Jesus reported He was dependent on God to do His works. As He is at one with God and we are at one with Him, His fruitfulness should flow through each of us.

We've seen that faith is a substance and can transact kingdom visit. In this episode, we can see that doubt is a also a substance that blocks the transaction of kingdom benefits.

D10 - Visitation From Heaven, With A Message

This testimonial was personally experienced by myself at my home.

PROLOG

Jim Mussell was recruited to our local prayer and healing rooms by Dave, a great evangelistic Christian who ran into him at a medical facility. Jim had suffered from a form of a leukemia infirmity that was supposed to allow him to live 6-12 more months. Jim joined our fellowship and began to participate in church activities. As time grew on we became close and grew to love this guy. Seven years later Jim was finally called home and my wife and I were called by our local hospital as Jim reported us as next of kin. So we went and contacted his brother who made the final arrangements. Jim was the best and has been missed greatly.

TESTIMONIAL

After my time with Jim, I was concerned for his salvation and secretly was interceding for God to make sure he made it to heaven. I knew better, but my heart just had to press in. I did this for a week or two, daily. Maybe Holy Spirit was setting me up for what is next.

Then the next Saturday morning Holy Spirit told me I had a visitor, and I was really perplexed and attentive to see or hear who it was. Upon further inspection, it was the voice of Jim Mussell. Jim reported to me, "Tom, stop praying for me, I'm in heaven", "It's great here, you don't need to pray any longer!"

With that, I was very surprised.

EPILOGUE

Holy Spirit apparently has a lot of love for us and wants to satisfy our concerns. For Him to arrange a meeting like this was way above and beyond any expectation I ever had. Thank you Lord! His reasons for this was to express this message. Somebody needed to see this so I am trusting Holy Spirit to get it to who wants to.

I think this story demonstrates that whatever concern we may have, God does think it is important too.

D11 - Visitation From Heaven, With A Confirmation

This testimonial was personally experienced by myself at my home.

PROLOG

We never know who or when somebody will come to us to for help, answers, concerns, etc. As my Dad crossed over 90 into his last phase of life on the planet, he was talking to me about his imminent transition and had some questions and concerns. He was interested in my experiences and testimonies so maybe he had some confidence that I could answer his questions.

He began by asking me how the transition, from earth to heaven, transpires. I reported to him that we continue to breathe, but in our spirit man where life resides. Once our bodies give out, our spirits live on and those who know and acknowledge Jesus go with Him to heaven. Those who reject Him, go with all the rest, not with God. But he wanted to zero in on the breathing part. What happens when you stop breathing? I just told him that we never stop living or breathing because our spirits are indestructible and when your last exhale in the body stops, your spirit carries forward independently. He seemed to be good with that.

Needless to say, I've never experienced this but I have talked to people who have died and gone to heaven and returned. So I was partially drawing on there experience and what I felt as an inner witness from Holy Spirit.

Well time moved on and Dad transitioned. I went to the funeral, saw him in the open casket. We buried him with all the tradition he wanted, the right suit, the right tie, etc. It was a joyous occasion and many came to honor him. I never gave our conversations another thought. I focused on my living family members.

TESTIMONIAL

A few weeks later, one Saturday morning Holy Spirit told me I had a visitor, and I was perplexed and attentive again to see or hear who this was. Upon further inspection, it was the voice of Dad. He was very excited and had to come back and report to me about the transitional experience he had. He reported to me, "Tommy, It happened exactly as you said. When I stopped breathing in my body I stayed alive and continue breathing! It happened exactly as you said". He felt compelled to relate this to me.

Well you could have knocked me over with a feather at that point. He thanked me and things faded to normal. Was I ever surprised!

EPILOGUE

Like I said before, you never know what you are planting is going to take root, grow and produce. Holy Spirit apparently wanted to satisfy Dads concern to report to me. If this was so important for Him to arrange a meeting like this, I'm thinking it is important enough to share this story with everyone else as well. I'm impressed that somebody needs to see this.

D12 - Delayed Response Five Months

This testimonial was personally experienced by myself.

PROLOG

If you ever wanted to be assured that God hears prayers, even when we get sidetracked listen to this one.

TESTIMONIAL

Somehow in the month of May I received a message that was dated in January from a woman whose brother needed immediate intercession and intervention. I checked the message again and again, and it was correct. Now what do I do I asked myself?

Calling somebody **five months after they send up a flare for help was really late**. If there was an immediate need that was so horrible, my hope is that they had other options. So I finally got the courage to make the call, "face the music" and see what happened, expecting the worst.

When I called, the brother of the sister answered, and I explained why I was calling as well as being apologetic. He was very nice to me and respectful. I asked what happened to the man who needed immediate intervention. He reported very nonchalantly, "Oh God just healed him!" I thanked him and was so glad!

EPILOGUE

Why didn't I think of that? They weren't asking me for help, but God, and He answered! Daah! I was still bummed the response was five months late, but happy Holy Spirit intervened and healed the man. That seals the deal on the subject, if God hears us.

Your important to God. Never forget this, and never doubt this. If negativity begins to creep in, bind it.

Another point about people reaching out for help is that we must remember they're reaching for God, not the conduit. Although, we are sent to represent Him, it is always Him in us Who empowers the transactions, and that is why He also gets all the glory.

D13 - Back Injury Instantly Healed

This testimonial was personally experienced by myself while watching a college football game.

PROLOG

While on a field ministry visitation, I decided to go the distance and watch some college football with a person I was trying to influence. Transparency is very potent.

TESTIMONIAL

During one of the game brakes, this man came to me with a nagging debilitating back pain. So I told him to lay down on the couch and he did, face first. Just plopped down, like a sack of potatoes.

At this time I bound the spirit of pain and infirmity and spoke in God's agape love and Zöe life. His back injury dissolved and he was instantly healed. He was able to get up without any pain and he had regained full agility. I was surprised again and grateful for Jesus' love for humanity.

EPILOGUE

Back pain is very annoying but bestowing Jesus Words and Gods favor into someone overrides evil infirmities. Significant testimonials attest to this. Everyone can select to activate their faith and speak, overcome and override opposition.

I know it is Holy Spirit that fulfills the Words that go out and He never ceases to amaze and inspired me in how He chooses to apply His gifts. Whenever we do submit to Holy Spirit, we see a vortex of Zoe life that is established by God to manifest His greatness in distributing His gifts.

D14 - Speaking In American Idol Tickets

This testimonial was personally experienced by myself, the recipient and his wife, at their home.

PROLOG

While visiting my friend at his home we switch on American Idol. I was unfamiliar with what was going on so he began to explain it to me the situation.

TESTIMONIAL

He had registered for free tickets to a local TV audience in LA for American Idol and was really wanting to win. You could say it was the desire of his heart. Knowing of some of my supernatural experiences, he asked me “lean into it” and maybe get God's favor upon the selection for him. I felt a little uncomfortable about influencing theater tickets, but I didn't judge it. I have learned that if things are the real desire of somebodies heart, then they are important to God too. God confirmed this to me Himself, so I was free to help.

In a just a few more seconds his wife popped her head into the room and was watching us. Then the TV transitioned from the commercial break and it was time to announce the winner. As the announcer began to release the names, he hesitated for a very short second and I spoke their names as if I was speaking their names into the winning ticket prize announcement. In the very next fraction of a second the announcer on TV announced their names, winning the American Idol Tickets!

He and I were ecstatic and amazed and she turned to us and said, "Did I just see what I thought I saw?" I think God related to her that she just saw me speak into existence the favor of God on their behalf, from his perspective and exuberance.

EPILOGUE

I guess if something is important to you, then it is important to God and He grants it! Of course, it could have been a coincidence too. They got the tickets and went to the event and enjoyed it, but he told me later the seats were a mile away and they could see the events better on TV.

This also shows how little insignificant things are not lost in the business of life to God. The experience relates to the importance of your hearts desire to God Himself. He really loves us!

D15 - Laying Hands On A Defective Auto Battery

This testimonial was personally experienced by myself and the recipients in the parking lot of a retail store.

PROLOG

Sometimes you just want to call things into being that are just not there. But God does encourage us to do it. Jesus changed things, and we are supposed to follow in his footsteps, so it never hurts to try.

TESTIMONIAL

Who wants to waste their Saturday nursing an old tired battery that won't start a car? Not me! So when my buddy asked for help, it was either fix it or replace it, which was messy, expensive and time consuming. This battery was deader than a door knob with no hope. Even after moving all the contacts, it never worked.

When he was in the car looking for instruction booklet and tools to service the battery, I laid hands on the battery and whispered *Zōe* life into it. As my buddy surfaced, I asked him to try turning the ignition key one more time. He did, the car started and it continued to work very well. I was very happy and so was he! We dodged having to remove and replace the battery! Inanimate objects are under the subjection of Jesus too!

EPILOGUE

In the 1990's I had a Full Gospel Businessman friend who had an anointing for troubled cars that wouldn't start. He would pull off the road and offer to help stranded motorists. Instead of using tools to fix the car, he just laid his hands on the front fender or hood, then recited a short prayer, and asked the owner to start the car. It always worked, and they wanted to know how. So he told them about Jesus and the effects of His finished works.

Each miracle report is just another witness that Jesus is alive! We encourage everyone to experience the same. It is for everybody. I guess that battery was surprised. I do not claim to know how all this works, but Jesus said we will be fruitful. He never restricted it and said our fruitfulness is unlimited because all things are possible with God. This must have come under the "all things" category.

D16 - Miracle Business Transaction Order

This testimonial was personally experienced by myself at a factory work facility office.

PROLOG

How many times in life have circumstances seemed to be so stacked up against you that there seems to be no hope, anywhere. It's not a great feeling but someplace to use as a reference point for this story. It seemed like I was doomed. In marketing and sales, we are given certain products or services to sell. Sales to made are transact business for positive cash flow to profit the company. With seasonal product lines there are usually timeline barriers to entry. When those presentation windows are closed, you must wait until the next year to get back into the next sales cycle. If you miss the window then you have to store your product for another year as well, clogging up your warehouse space, while tying up your cash.

TESTIMONIAL

I was working on (Reg D) private capital raising for small manufacturing company when one of my projects was completed. I was subsequently contacted by a local man who confessed to me that he was led by Holy Spirit to hand me the keys to his sales and marketing to his unprofitable product line. I later found out he kept his profitable line to himself.

I gave it all I knew how and contacted every buyer in every chain and worked with many representatives around the country toward building presentations for that season. The results were very poor. All looked bleak. I even repackaged the line to reinvigorate it with new colors, pictures, etc. No stones were left unturned.

When it became apparent to me that the seasonal window was closed and we were doomed for that season, I remember placing my head on my desk. It was a late evening. I remember talking to God and turning it over to Him. There was no hope. I just gave it up.

I still had my head on my desk, just resting and releasing it all, in order to move on and then the phone rang. It was a woman who wanted a sample. So I took the information and had a package made up to deliver to her. Sending samples to buyers was done all the time. It wasn't anything special. We identified where all the business was up to that point and not much had been transacted.

Well I should have remembered that I gave it to God. The same woman called back and asked me if we had any inventory left for that seasonal item. I was embarrassed at how much we had. She said she was working on a very special project for a major retail warehouse for that season. We presented to them and were turned down! She was working through people who had another relationship and they chose to use our product line.

**Unsolicited
Orders!**

Experiential Testimonials

The special project for the major warehouse retailer that year bought all our inventory and they bought paid full wholesale. That means no discount, they paid freight, which means the transaction was maximized to move all the inventory at the most profitable level. Because it was direct, no reps were compensated which maximized the profit to the manufacturer even more. This miracle transaction came out of nowhere and turned around a bad situation to a great situation. Remember we never contacted them, they found us, called me, and arranged everything through me.

EPILOGUE

When this miracle transaction was completed I gave all the glory to God. I knew all those details could have never been negotiated that late with the level of favor and profit unless some supernatural influence was being exerted. I am grateful I gave it to the Lord! Thank you Jesus! His Mercy and kindness is great and He makes our concerns His concerns, especially when we lay them down before Him. How many testimonies have unfolded when transparency, forgiveness and an openness to receive was activated. We should never forget how important we are to God. It is in His life that our life is derived and sustained and His blessing is for everyone.

Testimonials are to be used as an eyewitness to encourage those who need it. The truth of this is manifested in the "witness" you receive from it, because Jesus' gospel does not go out without a witness.

D17 - Healing From An Auto Tailgate Head Injury

This testimonial was personally experienced by myself, the recipient, my wife and the recipients family members at this home.

PROLOG

Somehow an SUV tailgate had inflicted pain into the head of this friend of mine. She had headaches, vision and balance issues as well.

TESTIMONIAL

My friend asked me to visit after suffering for some time (weeks) due to an auto related impact between her head and a failing or misaligned tailgate. Somehow the tailgate collided with her head. After a few rounds of prayer, I stepped behind her laid my hands on her head and God immediately healed her. All her symptoms evaporated. She was able to negotiate life as usual. Her, and her husband and the kids were all witnesses and happy. Glory to Jesus!

EPILOGUE

This is one of many testimonies that I have witnessed that were similar to this. All these testimonies demonstrate that Jesus' gospel is not left without a witness. Salvation, healing, overcoming, overruling and prosperity are all properties of God's Zöe Life.

All these testimonies
demonstrate that
Jesus' gospel

D18 - Meniscus Pain Left At Concert

This testimonial was personally experienced by myself and recipient at a winery concert.

PROLOG

I was just sitting there minding my own business enjoying the music at this Friday night rock 'n' roll concert. We were eating good food and sampling the goodies and wine. It was a low key, family friendly place where people brought their children. Generations gathered to enjoy the atmosphere.

TESTIMONIAL

While relaxing and singing along with the band I noticed my friend grimacing. So I asked him if he was in pain. We identified that his knee was “acting up”. His knee was right next to my hand because of where our chairs were situated. So I asked if he was willing to receive and explained their wasn't gonna be any big drama or attention drawn to him. So he agreed, we waited, Holy Spirit was right on time and his pain dissolved. All his agility returned as well.

We thanked God and shared some cookies for dessert! Nobody in that concert knew he was being healed

EPILOGUE

Nobody in that concert knew he was being healed and I didn't even put my hand on his knee. We were open to how God wanted to do it and how he wanted to receive, quietly, and uneventfully.

God was concerned about his knee, intervened by empowering His gifts, and overriding the infirmity. Pretty loving God here!

D19 - Little Girl With Pneumonia From A Local Church Family Healed

This testimonial was personally experienced by myself, my wife, the recipients family at their home.

PROLOG

There is nothing more debilitating for good parents than to see their bubbly little girl robbed of her strength, life and health by infirmity.

TESTIMONIAL

This little girl had contracted pneumonia and was suffering. She just laid around with labored breathing, listlessly. My wife knew the family and arranged for us to visit and offer healing prayer.

Upon prayer activation the little girl responded by crawling up the back of the couch and getting her old countenance back. Jesus really does love those little children. She was healed and still is, per her immediate family. I just saw the parents and they reminded me of this.

EPILOGUE

Testimonials are to be used as an eyewitness to encourage those who need it. The truth of this is manifested in the "witness" you receive from it, because Jesus' gospel does not go out without a witness. Each miracle report is another witness that Jesus is alive and Holy Spirit is so very busy administrating His gifts! We encourage all others to be free to experience the same. It is for everybody.

D20 - Prosperity Found!

This testimonial was personally experienced by myself and many others throughout history.

PROLOG

Numerous times, when the phone would ring I was presented with an opportunity to go to visit somebody in the Hospital, nursing home, etc. and to help alleviate their pain and reverse their disease. After hours of service, I would return to my office, tired and hungry, and now way behind in my work schedule. In sales and marketing, it takes a lot of sequential steps to see a transaction occur. When you take large gaps of productive time away from your day, that represents lost revenue. All intercession is exerting resources to help someone and when my phone rings, I answer it. Whenever there is a need I'm open to help, even over the phone. I'm not alone, God has thousands of volunteers selflessly intervening, doing His works.

TESTIMONIAL

Well I can't complain, I was warned, about suffering while serving Jesus. Jesus taught us to count the cost and prepare ourselves. I didn't know, but soon found out, He was referring to church leadership control issues. The more I went out on ministerial field visitations, the more the gospel was demonstrated and the more testimonials populated pulpits by speakers. All the testimonials that I personally witnessed and supplied were never allowed me by leadership for me to relay the testimonial alone. But I noticed that other "favorites" we're honored continuously. As you can imagine, this was disheartening to myself, and many of the team and church members. The speakers became popular, and the funding benefited them personally as well. Now I found out first hand what drives these whirling church turnstiles. Religion is controlling and disheartening, but God offers freedom and real unity.

I kept going out anyway, motivated only by obedience to God and by the fact that people needed help who were being oppressed by the devil and suppressed with infirmity. I managed to sidestep all the leadership nonsense and stay focused only on Jesus. God saw and did things I never would have expected. He single handedly has kept me afloat in so many ways.

**Unsolicited
Business
Transactions!**

Experiential Testimonials

There have been times when I returned from an exhaustive visitation, that I would find completed transactions, in the form of a purchase order waiting for me in my fax machine or email inbox, by an unexpected prospect, or one that I had never developed a presentation for. Now that is a miracle! Other times there were returned calls from a long lost relationship that just happened to do a very profitable transaction that would generate some large commissions that really helped me. There are some who continue to generate significant business every year. I believe God takes things personally and favors those who take risks on His behalf. *When you help the poor you are lending to the Lord—and he pays wonderful interest on your loan! Proverbs 19:17 (TLB)*

EPILOGUE

It is for everybody. Since God doesn't hold one person above another (no respecter of persons), He responds to us all. All the gifts of Holy Spirit are for ANYONE who believes.

My Bible reports Jesus reconciled all humanity directly to God, making the old system obsolete and anyone returning to it is severed from God. All Christians are grafted, as branches into Jesus' Vine, where we produce His fruitfulness. Since it is the nature of the branch to bring forth the fruit of the vine, I thought we all would be duplicating Jesus' works, as He taught. If and when I become less fruitful and more fruitless I check what or who I've been joined to or united with and then maybe get some recalibration!

D21 - Carotid Artery Healed

This testimonial was personally experienced by myself with recipient at their home.

PROLOG

You never know under what circumstances or conditions God is going to manifest His presence or do a miracle. This was very different, unpredictable and very sudden.

TESTIMONIAL

My wife and I have been serving widows for many years and we have found that, because of their age and the business of their families activities, they have a lot of time on their hands.

When you pay attention to them, they include you in on some of the family goodies they create. This was the case one Friday afternoon. Our widow friend just made a homemade chocolate cake and I was following up on something when she invited me over to sample it.

2-2-01: Upon visiting this widow (Friday Night) and listening to her, she asked me to pray for her Carotid Artery. It was recently determined (by her doctor through medical electronic detection) her Carotid Artery was occluded. The Heart Specialist recommended surgery to remove the plaque.

She sat up erect in the kitchen chair with child-like faith (at 86 years old) just expecting God to do something. As I began to spiritually intercede for her I very gently laid my hands on her back and shoulder. Within seconds, even before the verbal prayer was launched, a bolt of energy flashed through her body from her right leg to her left Carotid Artery, then through me. She felt the energy bolt and was visibly moved. Her wide eyes looked at me for discernment & support. I think she knew it was God. Then we continued to pray and thank Him for His gift of Healing.

2/10/01: Food Ministry visitation brought us back to her home and she had a great big smile and had to tell us the news. "GOD HEALED ME!" she said. I asked how (not remembering the 2/2/01 prayer time). That week she went to her Heart Specialist to recheck and plan the next move regarding the occluded Carotid Artery. The technician kept looking and looking and could not find any plaque. She and her daughter were happy and thankful how God miraculously healed her. Thank You Jesus! She was a member of the Southern Baptist Church and I don't think the infirmity ever returned.

EPILOGUE

These are the times that you remember about the fruitfulness that is in Jesus, not anything we conjure up. I know that I am a branch grafted into Jesus' vine which is the source of all supernatural divine benefits. All humanity can duplicate His works. Just believe.

**The technician kept looking and kept looking,
but could not find any plaque!**

D22 - Nursing Home Man Reinvigorated

This testimonial was personally experienced by myself and the recipient and his daughter.

PROLOG

Country Oaks Nursing Home in Santa Maria, CA is a facility we have visited numerous times due to our widows and many field visitation invitations.

TESTIMONIAL

I was with an elderly man and his daughter, who was managing him. He had become very lethargic and somebody in the family invited me to administrate the Gift of healing. But this daughter knew better and was determined to school me in religion. She went on and on about what she knew and I never interrupted her, (not that anybody could). She loved her Dad and maybe wanted to insulate him from disappointment. I understood, but was not derailed from my assignment. I quietly adjusted.

While she continued talking I had my hand on her Dad and just silently interceded, asking Holy Spirit to have His way. She kept talking and her Dad somehow kept receiving from Holy Spirit. As she got to the part about how miracles, signs and wonders are not for today, Dad silently slipped out from between her and me. He began to clear dishes left on the tables and moving tables and chairs back in proper order. As we both noticed his change of how he was just reactivated, I asked her, **"You mean like that?"** He smiled and shook my hand and then I retreated. Everybody was happy because Holy Spirit had His way.

EPILOGUE

Jesus is the same Alpha and Omega, yesterday, today and forever. He didn't stop doing miracles because of some dysfunctional theological position a person takes. Even under adverse conditions Jesus' main agenda is to administrate His position as humanities best humanitarian advocate, bestowing sozo (salvation, healing, and prosperity) to all who call on Him.

The real good news is that Jesus is so alive and Holy Spirit is so very busy administrating His gifts. I never challenge peoples' positions anymore because they are politically correct and of the carnal nature. Why waste your time arguing with those who cannot receive, because they do not have a place to receive and have resisted this level of life. The man wanted healing and his faculties reinstated, and God heard him and provided the mans request.

D23 - Prayer Mountain Testimonial

PROLOG

In August of 2015, I was invited to participate in a daylong spiritual retreat with some friends on a Monday. I drove up there on Sunday, and visited a popular place, Prayer Mountain. While there, my friend who I was traveling with, was conversing with a visitor from Korea. During this time, I enjoyed the peace and quiet, the beautiful fauna and flora, until I was approached by another "prayer person lady". I just finished driving for many many hours and was trying to relax, and I was not looking for ministry opportunities either. After some small talk, she kept referring to her back problem, slipped disk, protruding disk, that caused her significant pain, and her flat feet requiring her \$400 shoes (more pain really implied).

TESTIMONIAL

She was a worship leader and was busy downloading a lot of "colorful" church issues. Between the church issues and the infirmities (all I did was listen), I wasn't getting any peace. So I just asked her, do you want to get healed? She thought I meant, does she want prayer for her pain. She made it clear she has received lots of prayer because her church knew how to pray. ***Then I asked her specifically, do you want to be healed?*** I'm not asking you if you want any more prayer. I just want to know if you want to be healed. Then she was curious what I meant. So I explained to her some basics differences and asked her if she wanted to receive her healing now? ***You see, her afflictions were annoying me. She was not annoying me, her afflictions annoyed me.***

In the parking lot of prayer mountain, sitting on little log pillars, she closed her eyes and received. While she was receiving I was lead to share with her how she was in God and in Christ, based on the fundamentals of "life" and Sözo. For about 12-15 minutes the invisible liquid love of Holy Spirit poured out on her, then He lifted. She tested her back, doing toe touches and deep knee bends. Perfect! Glory to God!

Well I thought we were done, until my buddy offered to have me heal her feet next. So about 15 minutes later, in a prayer cabin, we had her sit in a very comfortable chair, where she was able to soak in God's presence and receive another round. We both exerted consistent prayer in English and in tongues, and Holy Spirit administrated and demonstrated His gifts right into her feet. By all counts, after checking multiple times, she was OK and all smiles, and Jesus was glorified again! Just amazing. God is absolute.

EPILOGUE

So why was my intervention successful when her church family failed (not an uncommon question either)? Simple, I didn't ask God "if it be thy will", or to come down and do what He already gave me the keys to do, (the application of authority bestowed with His keys). Secondly, as a saint, a doer of the Word, and grafted into Jesus, I focus on replicating His works, His way (allowing Holy Spirit to demonstrate His gifts). There is a big difference between being a doer and doing. I cover a

lot of technical scriptural values, as well as application techniques in many of the Work-In-Progress reports online at www.golog2day.com.

Once someone agrees to the bestowal of grace, it is usually a done deal, just needs time, quiet bedside manner, and the persistence to finish. You'd be surprised how many ask for prayer but will not let go of their "familiar infirmity spirit" that keeps them company, and also keeps them from receive pain relief and the healing gifts. Many are restricted from receiving more of God because they won't let go of what is occupying them and hosting their pain. Disciples have the ability to override demonic spirits, as long as we are invited, and the when the in-firmed is in agreement. Free will has its own autonomy. Having personally witnessed 100's of ICU, hospice and nursing home "field visitation" interventions, as a volunteer, I report to you that there are two important factors that increase successful ministry, the invitation and the agreement. These represent trusting God.

Saints operate off the anointing they already have (1 John 2:20, 27). The anointing comes with salvation and requires that they're aware of it and they've developed it, in order to apply it. I cover this more in depth in my other studies.

God Is Absolute!

Section E - HOSPITAL ROOM TESTIMONIALS

E1 - Do Not Disturb Hospital Lady

PROLOG

This testimonial was personally experienced by my wife and myself at a Central California Coast Hospital Facility. Lenore was a single woman in our "Married to Jesus" Singles Group and was in a regular hospital room getting her health restored after an "episode". She was in the bed by the window and in the bed by the door was a woman lying in a coma. There was a very gray color to her skin and over her bed and on the entrance to the room were signs posted "Do Not Disturb".

TESTIMONIAL

Under the circumstances, we were very quiet when attending to Lenore. After we were through with our very quiet ministry, we began to walk out. But when I reached the foot of the ashen gray ladies bed, I whispered "blessings, blessings" and very slowly waved my hand (as to silently exert more of the blessings upon her). By the time I took my second step, the comatose gray lady lifted her head, opened her eyes and looked right at me. Then she opened her mouth and started to speak. She said, "I don't know Him. *I want to know Jesus!*"

Well we collected ourselves, as you can imagine and responded to her requested by praying for her to receive Jesus! She agreed and was so excited. We talked about Jesus and answered her questions. We stayed for a while longer, introduced her to Lenore, then we finished our visit. We left and were so happy God was glorified, again!

A few weeks later we saw Lenore and she reported to us that she was able to minister the woman until her release the next day.

EPILOGUE

I never saw that coming. Nor had I ever even had a the thought of ministering to this woman. It just never occurred to me. I was trying to comply with the "Do Not Disturb" sign policy. It prevented me from any other thoughts. You just cannot make this stuff up!

Now there is no way that she could have heard me whisper "blessings, blessings", if she didn't hear us ministering to Lenore. But she woke up and responded to those words and jesters. I attribute all this to the grace of God and His mercy and kindness. We just happened to be handy and on another assignment so we got another front row seat of God's love in action. I sense God was leveraging His Ambassadors that night, as we happen to be there.

She said, "I don't know Him. I want to know Jesus!"

E2 - Golden Eyes Changes A Heart Towards God

This testimonial was personally experienced by my wife and I at Marian Hospital.

PROLOG

I would have never guessed how a terminal female patient with hours to live could have effected people like she did. There was a loving, sweet woman named Elizabeth, so sick, her skin was bronze and her eyes were golden (where they are supposed to be white).

TESTIMONIAL

When we arrived we were instructed to where full body, head, feet and glove wear to visit Elizabeth. After dressing in all the cumbersome outer wear, we attempted to enter the room, but there were at least 20 family members. I met her husband, and all the rest. There was a great expectation for Elizabeth to be healed. However, upon administering prayer, Elizabeth disclosed to us that she was convinced she could not be healed, because her doctor told her it was impossible. After a little while, she made it clear, she was looking forward to Heaven, and you could see her husbands head drop, along with his heart. The the family was quiet too!

Elizabeth's condition was deteriorated, she could not lift her head or her body, but only open her eyes, which were golden. I wondered what I was doing here with a woman who self destined herself to be believing the doctor and ending her life vs. receiving her healing from Jesus? But, things aren't always what we think. So in a bold leap of faith, in the face of all the evidence against us, I declared her golden eyes to open and turned white and that she would be able to lift her head and body off the bed.

Once I said "open" her eyes opened white as snow, she picked up her head, looked around and started talking with much more strength than she had previously. The result of this was abundantly clear to me, when a family member, a hospital orderly, in his work smock, publicly repented and turned to God, declaring that He needed to see this, up front and personal. He was looking for something and here it was. He then, announced he had to go to the chapel and spend some time with God alone, to get things right with Him.

EPILOGUE

Well Elizabeth did finally go to Heaven a few days later, but her nephew was saved and everybody in that room witnessed how God changed her, in an instant. We never know what God's agenda is.

Why would I call out her eyes changing and not her complete healing. It was what I was impressed to do. I really felt bad for the husband, he loved her so much. When we are able to submit to Holy Spirit, we see Him have His way. In this assignment we saw a sign and a wonder and then we witnessed a conversion to Salvation.

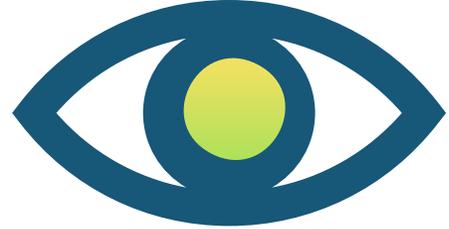

A hospital orderly, in his work smock, publicly repented and turned to God, declaring that He needed to see this, up front and personal. Then he went to the chapel to get things right with God.

E3 - Icu - Eye Thing Miracle (Young Family Man)

This testimonial was personally experienced by myself at a Central California Coast Hospital ICU Facility.

PROLOG

So often when we accept these assignments we never know what we are going to walk into. Some circumstances are just plain unknown and this one of those. There was a young man in a coma in a local ICU Room, who was undiagnosed. The medical community had not been able to get a good reading on what was wrong, up to this point.

TESTIMONIAL

A very young man in his late twenties or early thirties was sleeping in his bed in ICU when I arrived. Around him were ministry people and family members all participating in giving their prayer request to God. I sat in the back and remained silent and when they were all done they left, but a young lady remained. This was his wife, who seemed to have a great attitude. She was the one who had asked me to come there. She told me her husband was still undiagnosed, and that he had fell ill at work and when he was attended to at work he just began sleeping. The doctors didn't know what to do so they sent him to ICU.

I thought about what she reported to me but there was no logical way to minister here, so I went back to my chair and waited to here from Holy Spirit. She understood and so we sat quietly.

What came to me next was a little strange (to apply to this situation). Usually prayers are ministered in these situations. They seem to comfort the family, onlookers, etc. Not this time, this was a different form of ministry.

The thought had come to me to "do the eye thing". The "eye thing" is when we visually connect with someone, eye-to-eye, so a spiritual gift deposit from Holy Spirit can transfer into the patient (like light breaking darkness, or like a visual laying on of hands, but through the pupils). I've seen Holy Spirit use this with cancer patients who had problems receiving, but would try this and were healed! It seemed a bit dramatic to apply healing this way, especially when the young man was in a coma. How was I supposed to go eye-to-eye with him when he was asleep, and unconscious?

So I approached him in his bed, while his wife was there quietly and peacefully watching. When I got to him, I reached down to administrate what Holy Spirit directed. Lifting up his eye lid and staring right into his pupil, releasing the agape love and speaking zōe life right directly into his spirit. It is as if my vision was piloting His Zoe life.

I replaced his eye lid back down, then was released to go back to my chair. The wife looked at me and I reported to her what I was instructed to do. Her response was very warm, positive and happy (that God was doing something for her husband).

Experiential Testimonials

Right then, upon finishing our conversation, her husband arises, sits up, looks around the room, bright eyed! He looks one way, then the other (as if to access where he was), then he laid back down and went to sleep. We were waiting to see if there was any other reaction or for any other direction from Holy Spirit, but nothing. So we called it a day and agreed to check back in the morning.

She gave me her phone number and I called her the next morning to get a progress report. She reported to me that her husband slept through the night, woke up the next morning, healed and perfect and then was checked and given a clean bill of health and released!

EPILOGUE

When we are able to hear Holy Spirit, it establishes His greatness and creativity.

How can any of us know anything in these circumstances? We cannot, only Holy Spirit does (Only He is omniscient). ***So we trust and obey, because there is no other way!*** And in this case there really was no other way!

She reported to me that her husband slept through the night, woke up the next morning, healed and perfect and then was checked and given a clean bill of health and released!

E4 - Patient Released After Pain Left - (Gumming You To Death?)

This testimonial was personally experienced by myself at a Central California Coast Hospital Facility.

PROLOG

I was invited to go visit a friend of a friend of mine, in the hospital. She was so riddled with pain, that hospitalization was required. So I expected the worst.

TESTIMONIAL

Upon entering the hospital room, I noticed that one of the beds were missing, and there were two friends visiting the woman. I stood and was noticed by the patient, who had been expecting me. She asked me who I was. I told her and asked her what she was doing there.

When she told me that Satan was attacking her with pain. Something came over me. I replied to her with, "So what is he doing, gumming you to death?" The meaning here was that all Satan's power had been broken, so he has no teeth. She got it and started laughing intensely (something people in severe pain rarely do). To this day I'm not sure if my comments was generated by me or Holy Spirit. I don't recall ever using that before, but have since used it a few times.

At that, the two visitors, took leave and went to the cafeteria to get lunch. After they left, I took there place next to the bed, anointed her with oil, and prayed for Holy Spirit to have His way. She settled down, and began to receive. I then placed my hand on her shoulder, prayed in tongues for 4 minutes, then asked her how she felt. She proceeded to test herself where she had pain and it was all dissolved. Her pain was gone! The next thing I was instructed to do was to tell her she was released from the hospital (prophetically of course). The next morning she left, after all tests determined she was healed.

EPILOGUE

Who would ever think to administer laughter to a person in pain, especially at the expense of Satan? I must confess that the "gumming" line was passed through me, but not from me. Sometimes we feel like a dummy, and Holy Spirit is pulling the strings and speaking through us. I would have never had thought to announce to her that she was released from the hospital either. That was from God. It just never ceases to amaze me how He chooses to apply His gifts. When we are able to submit to Holy Spirit, give all the glory to Jesus, we see Him transmit His gifts in so many different styles.

"So what is he doing, gumming you to death?"

E5 - Roguish To Innocence

PROLOG

Field visitations are as varied as the variations of people, unlimited.

TESTIMONIAL

We were asked by a family member to visit this man who had appeared to be roguish (alcoholic, etc.). I believe that the family wanted to make sure he was saved and it looked like he was on his way out of this life. Physically his attitude was scornful and he was manifesting scowls and other disconcerting sounds. I believe these things were just manifestations of the pain and suffering that was living in him. He was a real character.

It was so uncomfortable that I inched my way to try a squeeze between the headboard and the wall to evade him. When I reached the front of the headboard, some spiritual being, pulled me by the shirt, to the side of his bed, where he was still staring. In this environment, I spoke to him these words, "Do you want to receive Jesus"?

When these words came out of my mouth, I immediately turned to Holy Spirit and asked him (in the spirit), I hope you know what your doing! This guy is a nut case! That was my perception (he was probably nice), but maybe too blind to see past everything.

What happened next is something I will never forget. The man's head was looking over his right shoulder. But as he addressed the question, he began to turn his head toward me. God had opened my eyes to see this in slow motion fashion. To every degree of shifting movement there was a simultaneous degree of cleaning, perfecting and purification. When he finished the turn he glowed with the purity of an altar boy and the voice to match. His response to the question was, "Oh yes, I've always wanted to know Jesus"!

And again, I immediately turned to Holy Spirit and asked him (in the spirit), "How did you do that"? His reply was, "I wanted Him". Since He is God, He can exert and influence however He chooses. I felt I was getting a real good viewpoint of how Holy Spirit is, as a person. We ministered to the new "alter boy" man and then left. The family reported to me that the change stuck and he passed away, praising Jesus, some months later.

EPILOGUE

You can imagine the "topsy-turvey" tumultuousness that happened in this visitation seeing a rogue/Altar Boy transformation. I'm so glad Holy Spirit had His way, instead of me. His mercy, and kindness are without a doubt way over the top. He doesn't let circumstances have any effect on Him either. Just as it didn't seem to bother Jesus that Saul was a criminal, killing Christians, Jesus just took him. It was the same here with Holy Spirit, He said He wanted the man, so He took him. I am writing this to give you deeper meaning as to who Holy Spirit is and how He operates (within these circumstances).

"Oh yes, I've always wanted to know Jesus"!

E6 - Diabetic Toe Amputee

This testimonial was personally experienced by myself at a hospital facility.

PROLOG

This event was a visitation to a person suffering from diabetes and was in the process of getting the large toe amputated. The night before the scheduled operation, I was asked to visit.

TESTIMONIAL

When a diabetic toe sore is open and festering, and the doctor has scheduled it for a early morning removal, it causes for very grave concern because that could be the first of many stages of amputation. Upon visiting this person the family was present and had great concern, but I'm not sure of their degree of expectations from my healing prayer. I made it through a lot of doubt and fear and my prayer was along the order of binding the illness and speaking life into the flesh of the toe to reverse the diabetic condition causing the imminent surgical removal.

Nothing happened. After another round of prayer, nothing happened again. After another round, there was no physical change, but peace seemed to settle into the recipient. I left after hours of prayer and discussion (answering questions). My hope was that during the night, while asleep, God would close the wound.

The next morning during a communication with he family, I heard the report that the doctor changed his mind about the imminent surgical procedure because the wound was closed and the healing process was manifesting. Apparently Holy Spirit worked through the night to heal the toe and reknit the tissue. We saw a reversal of a dramatic infirmity here.

EPILOGUE

I am always inspired by how Holy Spirit does what He does. Maybe doubt caused delay.

The infirmity, in fact, kept returning and the doctor had to remove the tow, however the subject survived and adjusted. Diabetes is a very dangerous infirmity and should be avoided at all costs. We have ministered to so many who have fallen victim to this disorder. Please be careful about your dietetic lifestyle and make sure your cells are getting fed before your tastebuds are gratified.

So Many People Have Minimum To Very Low Expectations From Their Prayer Effort Because They Don't Want To Be Disappointed When Nothing Happens!

E7 - Stroke Dissolved With A Prayer Cloth & Speaking “Jesus”!

This testimonial was personally witnessed by myself, in a local hospital facility, as a result of going to a hospital visitation.

PROLOG

I received this email: “Tom, My husband had a stroke at 2:15 am this morning. He is at the Hospital. If you feel lead to go pray for him I would be most appreciative. He went to Hospital last night at 2:15 am and his whole right side is affected.”

TESTIMONIAL

At the hospital the nurse explained he was under an induced comatose state to help him rest. The stroke left his right side completely paralyzed, and it was visible to see him only moving one side of his body.

I spent an hour there before the daughter arrived and I anointed him with oil and asked Holy Spirit to have His way with him. He slept peacefully and moved his left arm occasionally. After an extended period of prayer in english and in tongues, he began to move his whole body around (shifting in bed). When the daughter arrived, he raised his right arm, and she held his hand. I could see the paralyzed effects were were diminishing. It was nice to witness the care of God for His sheep. It was also nice to witness the warm devotion of a daughter to here Dad.

Next Day Email:

My daughter said you visited hospital & prayed. Praise be to God. He heard your prayer. The caregiver had him stand and walk two steps with a walker. The day before his whole right side seemed to be paralyzed. Doctors ruled out stroke and believe he had a seizure. Your prayers changed everything from being paralyzed on his right side to being totally mobile the next day. They even changed from calling it a stroke to a seizure.

I believe you have a powerful anointing from God. I believe your visit and your pray changed the opinion from stroke to seizure. If I may I ask that you will pray for his bladder to function properly and the catheter to be removed soon and never needed again. Thursday he was moved to Extended Care. Two Days Later: “He came home this morning. He watered the plants and brought in the trash cans. I really value your friendship and anointing.” God bless!

EPILOGUE

There were three things that I activated on this assignment. Upon asking for direction I felt compelled to open my iPhone and select a picture of a prayer cloth I designed as a personal art project. I held the iPhone over the man and then prayed in tongues. After a little while I was impressed to change my verbal prayer to just repeating the name “Jesus”. Over and over, I repeated it, while holding the “prayer cloth” over him. When he shifted his entire body and began adjusting both sides, like a normal person does while sleeping, I noticed that! Thinking that if he was still paralyzed, that just wouldn't happen. God was doing something here, and I was able to witness it (patients right side was being healed before my eyes). His daughter came in, and we discussed his condition, then I let her be alone with her Dad, honoring her privacy.

Section F - TRAINING CENTER TESTIMONIALS

F1 - The Eye Thing Evicts Cancer

This testimonial was personally experienced by my wife and myself at the Valley Vineyard Church Facility in Encino, CA and witnessed by many more at this conference.

PROLOG

The spirit was lively for so many who wanted to hear about miracles and see what God was doing. Lynn and I had been asked to accompany the Healing Rooms team to help in the training and administration of the Gifts of the Spirit to many who needed help.

TESTIMONIAL

Toward the end of the meeting, in a time of prayer, I was asked to help with a young engineer who was in pain from cancer. There had been numerous attempts to heal him, but his pain remained. I remember talking to him, and all around people stacking up to see what was going to happen. I distinctly heard my instructions to do the "eye thing" with him. The "eye thing" is when we visually connect with someone, eye-to-eye, so a spiritual gift deposit from Holy Spirit can transfer into the patient (like light breaking darkness, or like the effects of laying on of hands, but through the pupils).

I asked if this was OK. I think he would have done anything to get rid of this cursed cancer and it's pain. There was big space behind him, because many rows of chairs were removed to make room for more activities. As we engaged our eyes, closely, he really worked diligently on focusing and not losing the contact. However, something inside him began to make him withdraw and retreat backwards, so when he was stepping backwards I was staying with him and stepping forward matching foot to foot. This went on for about 15-20 steps, holding hands, keeping our eyes locked locked on each other, during each step, until he landed in a chair and broke the focus. He rubbed his eyes and we both took a breath. Then I asked him if there was any change. He tested himself, again and again (engineer evaluation). He looked at me and reported no pain. The next morning no pain either, which was the first time in along time he slept all night. Later he reported he was cancer free and back at work full time!

EPILOGUE

For the "Eye Thing" to evict a pain & cancer illness, in front of a whole bunch of people, was interesting. Before this event we used the "eye thing", in the Healing Rooms, to relate the intimate love of God to people who needed an "intravenous impartation". But God was broadening our horizons. It is always the most interesting when Holy Spirit has His way, and when we can hear from Him and apply His direction. Having the keys is wonderful, but knowing which one to use is more potent. The last time I checked his condition was good and the cancer never returned. I really encourage other saints to experience this level of Christianity. The real truth and continual effectiveness of this testimonial is manifested in the "witness" you receive from it. The gospel does not go out without a witness. Everybody has a spirit to verify truth! But Jesus is the truth, so the closer we get to Him the more accurate our verification meter becomes!

F2 - Crippled Wheel Chair Woman Dances In Van Nuys

This testimonial was personally experienced by my wife and myself at a Vineyard Church Facility in Van Nuys, CA.

PROLOG

We had been on the Healing Rooms Team and were sent out to help another church establish a local Healing Rooms. After the meetings completed there was worship music, prayer and fellowship. Many of the students were praying for the in-firmed who had come expecting relief from their illness. My friend Eric asked me to help the students.

TESTIMONIAL

At this facility, there was a women who was in a wheel chair and many had prayed to help her get out. They were exhausted so they began asking for help. I saw that the team members were "concerned" about this outcome and seemed a little nervous. The woman was warm, friendly, elderly and still had a twinkle in her eye. Eric asked me to intervene.

When I approached her I had no strategy, but noticed the music playing a slow song. I extended my hand bestowing grace and asked for this dance. The woman looked at me and I just raised my eyebrows and encouraged her to try. She leaned forward, put one foot in front of the other, held on to me, and began to dance very slowly, then as her confidence was getting better (and she was beginning to realize Jesus was healing her), she became a little freer. Towards the end of the song, she was surprised, very appreciative and the team was vigorously praising Jesus!

EPILOGUE

Jesus could do nothing without His father. Since we are at one with Jesus, we will produce the same fruit He does. Holy Spirit did inspire me to asked a crippled woman for her hand to dance. It just never ceases to amaze me how Holy Spirit applies His gifts. When we are able to submit to Holy Spirit, give all the glory to Jesus, we see a vortex of life that is established by God to manifest His greatness.

**In Applying Our Faith
We See A Vortex Of Life
That Is Established By God
To Manifest His Greatness!**

In other training venues God demonstrated His gifts by healing ovarian cancer, eyes, ears, arthritis, and manifesting creative miracles in the sanctuary. The list is endless.

Edgy Stuff

At one training facility we began writing the testimonials prior to the prayer event, and every event unfolded and happened exactly as we were led to pre-report them. It's all about hearing, seeing, obeying, and abiding in Jesus, and watching how Holy Spirit rolls out each miracle!

Section G - HEALING ROOM TESTIMONIALS

G1 - Colorado Girl With A Special Lesson

This testimonial was personally experienced by myself, and team members at a Healing Rooms facility.

PROLOG

Visiting California in January is a real treat for so many from colder climates, with its summer like climate in comparison to the cold snow and ice where they live. The drawback to it is sunburn or skin reactions. This young woman was experiencing a backlash of sunburn skin disorders.

TESTIMONIAL

Few people come sunny California to escape the cold and then wind up visiting a healing and prayer room, but this girl did. The sun's rays had a strange reaction to her skin, so she came in and wanted intervention. After the usual discussions, we began ministering with prayer, anointing oil and the laying on of hands.

When you place a hand on someone's head from their front it requires you to extend your arm out fully, which can throw you off balance. When your hand rests on a head, your balance generally stabilizes and all is well. But what happened next showed me I had another hand to contend with. When I placed my hand on her head, my physical hand rested there but another hand (which I could feel) went down another 6-8 inches inside her head. My balance was disrupted because I was now reacting to this spiritual hand. It was a new experience for me.

When I placed my hand on her head, my physical hand rested there but another hand (which I could feel) went down another 6-8 inches inside her head.

The team and I finished the prayer time and released her. I didn't talk about my hand in her head to anyone.

EPILOGUE

That next Sunday I saw her and asked about her skin and she told me the top half of her body was healed. Then I

I asked her, "Do you remember me putting my hand on your head?" She looked at me and said "your hand was in my head".

asked her if she recalled anything from that prior meeting and asked her if she remembered my hand on her head. I asked her, "Do you remember me putting my hand on your head?" She looked at me and said "your hand was in my head". Somehow she witnessed my hand inside her head manifesting and she acknowledged it. Her comment to me confirmed my impression. The fact that her comment was unprovoked showed me that Holy Spirit wanted me to know He was doing something new with me.

G2 - Sinus Healing - Another Special Lesson

This testimonial was personally experienced by myself and others at a Healing Rooms facility.

PROLOG

Sometimes Holy Spirit uses the most astonishing methods to get our attention to teach us something and this was a most interesting lesson.

TESTIMONIAL

There was a very simple situation of a local man seeking helpful intervention from our prayer and healing team for his sinus condition. As our team gathered around him everything was normal and he was sitting still with his eyes closed, receiving.

I stretched my arm out over his head and lightly placed my hand on his head, but was caught off guard when my balance went awry. Although I placed my hand on his head, it seemed as though my "spiritual hand" went into his head (sinus area). Also my spiritual hand was now my primary hand stabilizing my balance and it appeared to be operating as the dominant force.

Also my spiritual hand was now my primary hand stabilizing my balance and it appeared to be operating as the dominant force.

Since this was the second time this happened to me, my reaction wasn't so erratic and I thought to seek confirmation of this manifestation. Standing in front of the man, while his eyes were still closed and receiving from Holy Spirit, I asked him if he felt my hand. He said yes. I then asked him if he could identify where my hand was. He responded by reporting to us that my hand was in

I then asked him if he could identify where my hand was. He responded by reporting to us that my hand was in the middle of his head (sinus area).

the middle of his head (sinus area). His healing was manifested, he was happy and departed thanking God for his gifts.

EPILOGUE

The lesson I learned is that the spirit man can become the dominant force in us. I've known for a while that I am a spirit, who operates in a body with a soul, but now I have a personal witness that my spirit man can be my dominant force within me.

I wonder if that's the one that dismisses, dissolves, and destroys the works of the devil? I wonder if the bestowal of a agape love, Zöe life and the gifts of the Spirit are out of the dominant force of my spirit man? Maybe this is the one that's plugged into the vine and is the real branch that Jesus uses to duplicate His works. Interesting lesson here.

I'm glad Holy Spirit shows me these lessons to teach us. Jesus' gospel still is never left without some level of witness. Because we are in Him, His fruitfulness continues to manifest, as Holy Spirits gifts are administered.

G3 - Building Contractor Healed Of Cancer

This testimonial was personally experienced by myself and recipients wife and business secretary and team members at Healing Rooms facility.

PROLOG

Sometimes people live their lives aggressively and sometimes in the fast lane, but I had a feeling this guy was in warp speed way too often. His health had deteriorated to a point where they need a motor home to transport him, then a wheel chair to carry him wherever he went.

TESTIMONIAL

Terminal cancer robs people of life and then sucks the energy out of all their associates to care for them. This young building contractor was as close to termination as I have seen. His body was slumped over in a wheel chair, lifeless. His wife and secretary had driven him many hours to visit and were contending for his healing.

As they wheeled him, the wife and secretary were both standing on each side of his chair and I heard them quietly praying in their spirit language. They turned to me, respecting my position, as to submit to me, but I then acknowledged their activity and encouraged them to fully engage. Tongues then got ramped up by all of us in the room.

While this was expanding His presence, I moved the waste basket (fully lined) in front of him. Then waited on Holy Spirit. After a few minutes, I was instructed to cast out the devil and the spirit of cancer.

Upon doing this, the man awoke, expelled into the basket something, and was instantly delivered. He stood up raised his arms as he was set free. Everybody was in the joy of the Lord. The waiting room erupted in Hallelujah glory as they witnessed his return and miracle, since they saw him before, while in waiting room.

EPILOGUE

As I reflect on this, I am so glad Holy Spirit had His finger on the pulse of this. He had been prayed for by everybody in many of the big churches. I'm just happy I noticed the girls praying. There was so much of God in the room because of the devotional prayer that whoever did speak the deliverance command to those infirmities, would have seen them flee. The girls submitted to me and I submitted to Holy Spirit and He had His way!

Cancer Was Canceled!

G4 - Arthritic Hand Straightens In Four Minutes

This testimonial was personally experienced by myself and many team members in the Healing Rooms.

PROLOG

One of the worst consequences of a California winter is the short days along with very damp weather. This night I had a full team and a few interns witnessing what God does. We had a "refined" well dressed lady whose hand had become deformed and painful.

TESTIMONIAL

Arthritis had set into this woman's hand and crippled her hand completely and painfully. She came seeking help, especially after her doctors offered no solutions. She didn't know Jesus and I think may have been a little suspicious of the mumbo jumbo mystery prayers. Seeing her pain level and cutting through all the diagnosis and prayer selection process, I simply asked her to place her ravaged hand into mine, as I sat next to her. She complied, we waited on Holy Spirit quietly, and then within 4 minutes her hand was restored.

Her response was precious and genuine. **She wanted to know Jesus.** I think she had just fallen in love again. She got both sides of sozo, being healed and now getting saved!

I remember the big eyes of the young interns observing. Many were in church for over 10 years and they had never seen a miracle. They had a front row seat for this one!

EPILOGUE

This demonstrated how God is faithful even when we are not. Don't you just feel the agape love Jesus bestowed on this suffering woman. And she never knew Him or even regarded Him before this time. His compassion, even for the rich, is overwhelming. It was a very interesting experience.

I Have To Know This Jesus!

G5 - Filipino Evangelist's Arthritis Instantly Reversed With Truth!

This testimonial was personally experienced by myself in the Healing Rooms.

PROLOG

A Filipino evangelist and his wife were seeking the lord for healing for this humble man. They had been through so much with her cancer and now that she was healed, he finally wanted to address his "thorns".

TESTIMONIAL

Arthritis takes on many forms and this man had multiple manifestations. First he couldn't lift his leg or cross his legs to put his socks on because of the arthritis in his hip. It restricted his movement and caused chronic pain. Second both feet had significant very painful growths just above the large toe on top. This restricted his wearing shoes and walking, which was debilitating to his career and any personal mobility issues.

As I waited on the Lord, a question came out from within, "where did you get these from". He swiftly responded that it was generational. I was then instructed to have him read Ezekiel 18:1-3 & 18-20. After reading the passages, he looked up at me with his big Filipino brown eyes and said, "you mean I don't have to keep them?"

You mean I don't have to keep them?

He had taken his shoes and socks off so I sat on the floor in front of him and responded by shaking my head no. Then I placed my index fingers on each of the foot growths and both dissolved under my fingers. As his feet were regenerating his hip was healed too.

He then tested both feet and hip and all pain was gone and his strength was reestablished.

EPILOGUE

It happened according to his belief. Now that the truth set him free to receive, he was free indeed. Too many are ignorant of the generational curse reversal in Jeremiah and Ezekiel that shifted all the consequences to those who caused them. Jeremiah 31:29-30 declares everyone will die from their own iniquity. This verse precedes 31-34 forecasting the new covenant.

As a preacher, the Filipino knew about the the Biblical generational curse code from its first five books. So he believed what he knew to be true. As God opens his eyes to a truer truth, God's mercy freed him from his ignorance, his belief shift toward the Jeremiah and Ezekiel freedom verses and his faith was released to generate new results!

There were no prayers offered for this ministerial session, just the values established by Holy Spirit as I heard and obeyed, and he believed and received!

Truth Set Him Free!

G6 - Wheel Chaired Foot Cancer Patient Dances After Healing!

This testimonial was personally experienced by myself and recipient and the team members at a local Healing Rooms facility.

PROLOG

Although she was a breathe of fresh air to her community, church and family, cancer had riddled her feet bottoms and forced her to ride in a wheel chair.

TESTIMONIAL

Pain and anguish caused by cancer restricted her ability to walk and the infirmity was having its way. Just getting her out of pain would have been a great relief, but I was not looking to just offer a little relief. I wanted her pain free, fully restored with full mobility. Not everybody wants to take it all and grind out the enemy. So how do you do this? I waited on the Lord.

He told me to offer my hand for the next dance. Who would think of a solution like this when someone is in pain and cannot walk. I'm not a doubter or going to second guess Him, so I stood in front of the wheel chair, extended my hand and asked he for this dance. As soon as she could, she reached up and grabbed my hand. I then began to offer her support but her feet were the problem. As she stepped out of the wheel chair, her feet pain began to lessen and after a few steps all the pain was gone.

Literally, we waltzed out of the room, down the hall and into the waiting room where people had just witnessed her in her prior condition, debilitated. Jaws dropped and Jesus was praised! Her smile was back radiating the world!

EPILOGUE

Holy Spirit selected a solution that was fun, effortless and restored her fully. When we are able to submit to Holy Spirit, we see God manifest His greatness.

During its upward momentum and building its track record of Healing Room testimonials there were so many testimonials that we were able to cover entire walls of the entry foyers and waiting rooms, where people could see them, absorb them, and build their faith.

Healing Room Testimonials:

During its upward momentum and building its track record there were so many testimonials that we were able to cover entire walls of the entry foyers and waiting rooms, where people could see them, absorb them, and build their faith. This fostered more testimonials, as it seemed that it amped up people's expectations and receptivity. The point is, for this report, that we had hundreds that were just never recorded. The truth is that most everyone who came were blessed with both the love of God and the light of God, in manifesting the prophetic and many other gifts. All glory goes to Jesus!

Section H - PROMISE KEEPER EVENTS

H1 - Neck Collar Injury Reversed

I witnessed this myself in a prayer tent, on a football stadium, at a Promise Keeper event.

PROLOG

When the Promise Keeper movement came into its own, many men participated at staggering levels. Any time we can isolate people from their negative environment, and get them into a place they can become comfortable to receive, it is good and can be very profitable. Promise Keepers managed to bring holy influences together that helped facilitate a change in the hearts of many men. God worked through everybody and many were saved and healed.

I was working with some local men to develop wake up calls that preceded the Promise Keeper events. It was a lot of work, time consuming and many details had to be accomplished in order to succeed. When it came time to go to the events themselves, I volunteered to serve in the Prayer Booth, since it was where I felt I could serve most effectively.

TESTIMONIAL

Once in the Prayer booth people would sign in and ask for prayer and a facilitator would match people up with team members. When this young man came in, he had a medical collar on. Most of the team members looked the other way and it looked like the facilitators were uncomfortable with his collar. As I paid the slightest amount of attention to him, they gave him to me. He was 19 and had a bad neck injury, requiring him to wear the collar. I asked him what he wanted Jesus to do for him. He said he wanted his neck healed. So we both quietly bowed our heads and submitted to prayer. The heat in the tent seemed overwhelming, but this anointed heat was radiating. The sweat was running off his head and down his neck and as he stretched to shift his neck he realized the pain was gone. By this time his collar was soaked and hot and he couldn't wait to get it off. When he stood and took off the collar, he tested his neck every way possible. His neck was perfect. He came to God and God did it!

Once the facilitators saw him with his collar off, they came to me very agitated, and asked me if I took off his collar. They wanted to know WHAT WAS GOING ON! I told them he was healed. They retorted HEALED? Yes, God healed him. Then they asked, HOW? I responded by recounting our prayer and God answered it. Then THEY WARNED ME about any hocus-pocus stuff and left in a huff. Then a team member told me they were Baptist. Anyway the young man was happily healed and left with his collar in his hand and a few team members were happy God did a miracle.

EPILOGUE

I just went to serve and be as productive as I could. Since it is the nature of the branch to bring forth the fruit of the vine, I thought we all would be duplicating Jesus' works. Then I later found out that not all Christians are grafted into the same vine. It seems that some have seceded from Jesus' vine and have been grafted into another version of Christianity that does not honor healing for today. Many have joined a "church" where Jesus no longer does miracles by their account because Holy Spirit and His gifts are replaced by the Bible. I'm so glad God shows up in spite of these people. I'm amazed and inspired by Holy Spirit, in how He chooses to apply His gifts.

H2 - Deliverance From A Homosexual Lifestyle

This testimonial was personally experienced by myself and the recipient in a prayer tent in the middle of a football stadium at a Promise Keeper event.

PROLOG

When the Promise Keeper movement came into its own many men participated at staggering levels. Any time we can isolate people from their negative environment and get them into a place they can become comfortable to receive it is good and can be very profitable. Promise Keepers managed to bring influences together that helped facilitate a change in the hearts of many men. God worked through them.

I was working with some local men to develop wake up calls that preceded the Promise Keeper events. It was a lot of work, time consuming and many details had to be accomplished in order to succeed. When it came time to go to the events themselves, I volunteered to serve in the Prayer Booth, since it was where I felt I could serve most effectively.

TESTIMONIAL

In a prayer tent we never knew who or what was next. All we could do was react to them and their needs. This next young (20-21) man looked very normal, vibrant and healthy, but had a sad countenance. He said he was saved, living in San Francisco, but could not get rid of the homosexual lifestyle temptation that kept manifesting inside him. He wanted to know if there was any hope of getting rid of it. He seemed defeated. I thought about it for a minute while waiting on God for direction, and began to realize that homosexual and fornication temptations are both just spiritual temptations.

I felt impressed by a new thought to ask if he was saved. He said yes. I was impressed to ask him if he could be a sinner and a saint at the same time? He thought about it and said he knew he was saved. But admittedly was perplexed.

We then discussed the saints authority to overcome temptation and how to apply it to rid ourselves from its effects. He said, "You mean I can tell it to go"? I confirmed that, and he immediately did that and the cleansing gifts of Holy Spirit began to radiate and his countenance changed. He was delivered from the

homosexual lifestyle at that point. He left very very happy, praising Jesus! About two hours

He said, "You mean I can tell it to go"?

later, he returned with another dozen young men and they were all delivered from the homosexual lifestyle. The hooting and the hollering was vibrant and they were all very happy to be delivered.

EPILOGUE

Ignorance of free will discretionary authority to confront and overcome temptation is the reason people fail. It is that they are unaware of how to succeed. Once they are taught, they apply and they can win.

H3 - Bullet Wound Pain Dissolved & Fire Baptism Of Holy Spirit

This testimonial was personally experienced by myself, recipients and team members in a prayer booth under the bleacher rafters at a Promise Keeper event.

PROLOG

I could never imagine why anyone would put a prayer tent ministry under the bleacher seating of an event in an auditorium, especially when the money counting area and management had such nice "digs". It showed the level of confidence or degradation that management had for those who were contending for the brethren. Even though we had a real funky facility, God showed up big time. Every time that big guy announcer got up there, God had him send more people. Our team was deluged with people waiting in line. It was like a "Mash Unit"!

TESTIMONIAL

Men were giving their life to Jesus, privately, repenting, and getting deliverance. As soon as one was finished three more would show up. We had my friend Jim overseeing traffic and he did a great job.

Jim brings this tattooed beefy biker dude to me and I asked him what he wanted Jesus to do for him. He wanted the bullets inside him and the pain to dissolve! When he arrived his movement was very tight and restrictive (edema). But as we pressed into prayer for many rounds, the layers were removed and his freedom was restored. God healed him. Of course we couldn't see inside him, but we did see his restriction dissolve.

Then Jim had somebody who wanted to receive the baptism of Holy Spirit with evidence of the fire of God and speaking in tongues. We were all so busy, Jim decided to help him as he maintained the gate. The team kept praying but nothing happened. Maybe too many agendas. Anyway Jim asked me to help, but I had other pressing things. So as I was passing this guy, I slapped him in the stomach and released fire and he exploded with a new baptized language and gift of tongues! We both just marveled at how God does these things.

EPILOGUE

Testimonials are to be used as an eyewitness to encourage those who need it. The truth of this is manifested in the "witness" you receive from it, because Jesus' gospel does not go out without a witness. Each miracle report is another witness that Jesus is alive and Holy Spirit is so very busy administrating His gifts! We encourage all others to be free to experience the same. It is for everybody. Since God doesn't hold one person above another (no respecter of persons), He responds to us all.

Jim brings this tattooed beefy biker dude to me and I asked him what he wanted Jesus to do for him. He wanted the bullets inside him and the pain to dissolve!

Section I - CHURCH SERVICE MIRACLES

I1 - Foot Pain & Bunion Melted

This testimonial was personally witnessed by myself and a relation at a church facility.

PROLOG

Having one bunion and the pain attributed to it is awful, but two is really unbearable and that is what this person was going through. Much prayer and intercession went up for this as well.

TESTIMONIAL

We were sitting about three rows deep in a Sunday morning service and the person I was with had pain so bad they removed both shoes and socks. Big red bulky sores protruded from each foot right where the large toe is connected to the foot. Worship was finished and pastor introduced a couple who came to share a message for that day. They were guest speakers.

Just after they began their introduction, they shift gears and asked if there was anybody there with two painful bunions. The person raised their hand and the speaker announced that God was healing both feet right now. I looked down and could see the bunion size reducing, reducing, and dissolving, then gone with all the pain soreness too. Full restoration was reinstated.

The next thing I heard was the speaker addressing me. He made a comment about how I could pick up my jaw anytime. Apparently I was really mesmerized by the activity. Everyone was reacting to it. All were happy!

EPILOGUE

Later I would come to realize that this was a classic word of knowledge ushering in the gift of healing to demonstrate the gospel.

I looked down and could see the bunion size reducing, reducing, and dissolving, then gone with all the pain soreness too.
Full restoration was reinstated!

Conclusion & Glossary

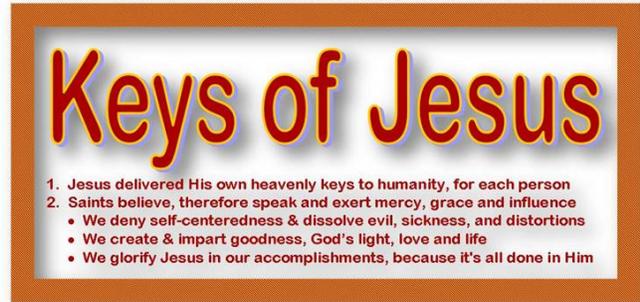

As you may have gathered from these testimonials, they were all source from God and not me. You also may have noticed that I am not “seminary trained”, so I may be the least qualified to experience these, which bodes well for anyone else to have the same or even better results. I sincerely hope you are enlightened by Holy Spirit, empowered, and apply the anointing and favor of God to manifest His presence to your own life, family, associates, and all your spheres of influence. All glory to Jesus!

Glossary Alphabetical list of terms and their definitions to embellish meaning:

- **Absolute Effect** is the effect of the manifested presence of Holy Spirit vs, the omnipresence that all our lives were created and sustained in. This anointing exerts the gifts of Holy Spirit.
- **Another Jesus** is a phrase used by Paul in 2 Corinthians 11:4 warning the saints of false teaching and strange doctrines introducing another Jesus, another Spirit, and another gospel. Jesus warned His own disciples of false teachers as well, and in correcting the Sanhedrin gave specifics warning on hypocrisy, in Matthew 23, and on reasons why they were being discarded. Jesus and Paul delivered an experiential gospel and warned about spectator versions, or the traditionalizing (conforming it to man's comfort zones) of it.
- **Finished Works** is a saying I use to express the completed phenomenal accomplishments Jesus has made on behalf of all humanity. These would include saving humanity from God's wrath, from its sins, helping people bypass death, and bestowing the grace and mercy of God with eternal life on all humanity.
- **Golog2day** - Give others the Love of God today and is meant to inspire each to pay forward kindness and help others, even listening when we don't want to.
- **Grafted** is a term of how saints, after leaving a sinner status, are connected to Jesus, and is used to resemble the systematic life-changing realities that are similar.
- **Heavenly Standards** are the Godly ways to be practiced “on earth AS IT IS IN HEAVEN”.
- **Holy Spirit's Gifts** are many and listed in the Bible. They are manifested to impart an overcoming and overriding of oppressive symptoms and bad circumstances by evil means.
- **Inner Witnesses** is the gut reaction we get from our conscience, or the still small voice that informs us regarding direction, warning, or confirmation. It is often referred to as our spirit person inside of us, or our affiliated connection with Holy Spirit.
- **Reversed The Annexation** is used to describe how Jesus broke the power that Satan had grabbed from humanity, when Adam and Eve were directly connected to God. Reconciliation between God and man was reestablished when Jesus absorbed the sin that separated them.
- **WIPR** - Work-In-Progress-Report. While researching and sharing information, more revelation continues, inspiring updates, and then newer versions of subjective reports. Because the Word of God is alive, it does advance our understanding, and then moves our perception as well. God's revelation is never finite, it continues to allow each Saint to see from a newer focal viewpoint or benchmark after each breakthrough. I suspect it goes on throughout eternity, so we better get used to it. We'll always be the student, and Holy Spirit will always be the tutor.

Emergency Aid (Healing Prayer)

I've always found that truth is always the most direct way to effectiveness. So I'm identifying a series of instructions that have been very effective. Because the name of Jesus is so powerful, it can be used for good and to exert pressure on illness and infirmity to dissolve their foothold. It can also be used to speak in God's Agape love and Zoe Life, for the refreshment of the body, and spirit.

1. **Acknowledge** Father God, Jesus Christ and Holy Spirit and ask for Their presence to be where you want the gifts of Holy Spirit administered.
 - a) Dear Lord Jesus, I accept your gift of salvation, please come into my life and bring me Your eternal life. I want to write my name in the lambs book of life. I confess to you that I need You as Savior & Lord. I believe in my heart and confess that Jesus died for my sins and is my savior.
2. **Repent:** Repentance is removing any negativity that may withhold your effectiveness. It actually cleanse you from the past and reinstates you directly to God, without the need for another persons intervention or mediation.
 - a) Confessing, Cleansing & Closing the Access Door
 - b) Father, I confess to you my involvement in _____.
 - c) I recognize that such things are an abomination to You and detestable to You. I humbly ask Your forgiveness for my sins in these areas. I rebuke any and all demonic entrance and activity as the result of my actions or generational activities and order them purged from me and ask Holy Spirit to close the doorways forever through the precious blood of Jesus. I thank You, in Jesus' name.
3. **Confession • Signing Off The World & Signing On To God**
 - a) DEFINITION:
 - I. To disclose (something damaging or inconvenient to oneself); admit. To make known (one's sins) to God.
 - II. To acknowledge belief or faith in; profess.
 - III. This is accomplished by confessing your sins, telling them to God, coming clean. If you can't remember them, the Holy Spirit will remind you, just ask. Don't be shock at what is revealed back to you. Remember God knows everything. You will feel better after your

Experiential Testimonials

confession because you will be free. Professing your faith in the Lord Jesus Christ activates a very important scripture.

- IV. If anyone publicly acknowledges Me as his friend, I will openly acknowledge him as My friend before My Father in heaven. But if anyone publicly denies Me, I will openly deny him before My Father in heaven. Matt 10:32-33 TLB
- V. "If we confess our sins, He is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness." I John 1:9
4. **Freeing The Captives** - In order for you, or your prayer recipient, to be healthy and free from Satan's grip, you must sever his contract by binding and rebuking Satan and all demonic symptoms in Jesus' name. Satan and demons have absolutely no power against Jesus, and because you are in Jesus, the demonic is affected by your commands. Remember to bind and cast out. Here are some command applications.

Spiritual Commands

"Now, you demons who are binding and blinding _____ (place name here) _____,
I bind you right now in the name of Jesus,
you may no longer operate in _____ (place name here) _____ life!"

"You demons binding _____,
I take authority over you in the name of Jesus Christ my Lord.
I bind you in the name of Jesus,
you may not afflict _____ (me/him/her) today.
My house is committed to the Lord and is holy ground.
You are a trespasser and may no longer function here.
I bind you and command you to leave in the name of Jesus!"
I love your presence Lord!

I am choosing to intercede, in agreement with Jesus on _____ behalf.
We bind and destroy the works of Satan and release Jesus' Agape love and Zöe Life.
So receive, restore & prosper!
God's will is for you to flourish!

This is not meant to be an exhaustive study, just a stopgap, emergency, relief activity that can be used by anyone. There are many resources on this subject and I am including more in other reports.

Exerting Pressure

Jesus Is the King of Kings & Lord of Lords and head of church, at the right hand of God!
Saints are united with God, seated at His right hand along with Jesus, we are doing His works!

We are authorized to persevere until a breakthrough is activated. The more breakthroughs we experience, the easier it becomes. Stay focused on Holy Spirit and His anointed manifest presence, and remember to listen to Holy Spirit's direction!

Appendix B: Critical Keys and Values

SECRET KEY?

Is there a secret key to understanding this whole spiritual topic?

Yes, and see the secret key that has been in front of you all the time!

Jesus Himself Is Humanities True Sanctuary!

Jesus brought heavenly standards to earth for humanity to enter into. Jesus, by Himself, and within Himself, has hosted a true sanctuary, in a new form humanity. It's called Christianity! Entering into Jesus' original Christianity creates in us a new life, eternal (beginning now and forever), an abundant life (indwelled by Holy Spirit), and begins physical, emotional and intellectual regeneration (overriding all oppression), along with a new spiritual family adoption process. As we wait on Holy Spirit, and embrace His manifest presence, we can begin to experience His indwelling with tongues of fire, just like God originally designed!

Sin has always been the problem so God sent Jesus to "DEAL WITH" the sin problem.

JESUS DID JUST THAT!

So now we can enter into a belief system, a church (currently over 50,000 denominations), or we can enter into Jesus' own sanctuary lifestyle, the original Christianity!

Entering into Jesus' original Christianity creates in each person:

1. a brand new life, eternal, beginning upon their own inauguration and continuing forever
2. an abundant life that is indwelled by Holy Spirit much like what was generated at Pentecost
3. an overriding and regeneration of all oppression that has victimized the physical, emotional and intellectual aspects of our lives
4. an adoption process that directly relates us to God and unifies us into a new spiritual family

As we initiate a time to wait on Holy Spirit, and then embrace His manifest presence, we can and will begin to experience His indwelling and His infilling us with many aspects of His manifest presence, one of which is tongues of fire, just like Pentecost! Some others are peace, comfort, pain relief, physical healing, emotional healing, deliverance from demonic elements that have attached themselves to us, etc. Just like all the demonic had to bend a knee to Jesus, while He minister on earth, they all must bend a knee to Holy Spirit, **WHO IS THE PROMISED PERSON OF GOD** on earth to indwell humanity and help each become more like God (*but within their own personality*)!

There are some real questions regarding why the effect of Christianity seems to be diminished:

1. Did Jesus come to reform humanity?
2. Was Jesus sent to correct, reinstate, or discard the Sanhedrin?
3. Did God send Jesus to completely break all of Satan's power?

Once these answers are understood, the truth will set us free so we can formulate the new life God has for each of us. Take a look at how God dealt with these on the next page.

Broadening the short list of Jesus' accomplishments

- #1 Jesus, by Himself, and within Himself, **has hosted a sanctuary for all humanity** where His light exposes and dissolves all forms of darkness, His superiority protects from oppression and delivers immunity from evil to anyone who selects Him and His gospel. In John 14:6 Jesus declares He is the way, truth, and life, and that no one gets to God except through Him. In John 10:9 Jesus declares Himself the doorway, that is to pasture (sanctuary). On page 73 see the gospel messages on light, its impact, and the ramifications. In John 15:7 Jesus refers to abiding in Him (where sanctuary is activated, and abundant and eternal new life is generated). Transitioning our lives to be "IN HIM" is more important than we thought for the experiential gospel lifestyle.

Jesus' real sanctuary (shelter) provides:

1. **Protection** - Immunity - Respite
 - 1.1. Asylum: protection and immunity from the wrath of God and extradition of sin
 - 1.2. Protection from demonic oppression, symptoms, disturbances, etc.
 - 1.3. A sacred comfort zone for rest, peace, calm, tranquility and a place to talk to God
2. **Transfiguration:**
 - 2.1. A place to transition from sinner to saint
 - 2.2. A place to bypass death completely and forever
 - 2.3. Eternal life begins here and continues forever
 - 2.4. Heavenly standards are now saints method of operation or functioning
 - 2.5. Jesus DNA code is received as we are grafted into Him and as His life flows through ours
3. **Breakthrough**
 - 3.1. from old thresholds to a new benchmark provide a peaceful environment for synergistic new life to be revealed and developed
 - 3.2. to a safe place and a great environment for a growth platform
 - 3.3. For new eyes to see, ears to hear, and to deploy plans to fulfill destiny

These all come from being "IN JESUS" and not necessarily from "going to church." There is a difference between being "in Jesus", and "going to church". The wise will pay attention to get the benefits God has for all those who select Jesus.

- #2 Jesus delivered to earth Gods **heavenly standards**, with new terms and conditions for God's mercy, grace, and glory to be integrated into all of humanity freely, without any obligation ever
- #3 Jesus absorbed all sin in His blood, on the cross, and deposited it on the Mercy Seat, which was the perfect propitiation to satisfy God's requirements for reconciliation and to overturn the conditions of man's separation from God. (Isaiah 53:4-5, 1 Peter 2:24, Col 2:13-15)
- #4 Jesus' work was completely finished at the cross, permanently erasing all of the sin obstruction that had separated God from man, man from God, and man from each other. But it is only for people who select Jesus and His new gospel experiential lifestyle.

Important verses that expose sequential factors that destroyed sins obstructionism.

- "[But] he who commits sin [who practices evildoing] is of the devil [takes his character from the evil one], for the devil has sinned (violated the divine law) from the beginning. **The reason the Son of God was made manifest (visible) was to undo (destroy, loosen, and dissolve) the works the devil [has done].**" (1 John 3:8 AMPC)

Experiential Testimonials

- #5 Jesus perfected all saints in His divine nature, and joined them all directly to God
- #6 Jesus came to destroy the works of the devil. (1 John 3:8)
- #7 Jesus did announce judgement and Jesus did end Satan's reign. (John 12:31)
- #8 Jesus invaded the strong mans house and conquered all demonic beings (Luke 11:21-22)
- #9 Jesus drove out demons by Holy Spirit, validating Gods kingdom had come (Matt 12:28)
- #10 (See the report, "God broke all Satan's power" at the website www.golog2day.com)
- #11 Satan, and all demonic, have been judged, condemned and sentenced. (John 16:11)
- #12 Jesus discarded all the Sanhedrin Old Testament clergy-laity practices, all mediating coverings, all overlording managing, and all bad manipulation practices are now obsolete (Hebrews 8:13)
- #13 Jesus replaced the Old Testament system with a brand new form of humanity, His One-New-Man model, with experiential practices that maximize the gospel value, just like He demonstrated
- #14 Holy Spirit was quarantined in the Holy of Holies. John 19:30 and Matthew 27:50-51 report that as Jesus said, "It is finished," Holy Spirit ripped the quarantine curtain that sin had required.
- #15 God is reaching humanity directly through Holy Spirit, confirming His primary importance, and also confirming the clergy system obsolescence, because sin has been absorbed and the mediator system has proven to be ineffective to get God into humanity
- #16 God went from subjecting humanity to submitting to the Sanhedrin to bypassing the whole clergy system and going directly to Him. That is much easier! Then God stopped all the sacrificial practices of the clergy system and all the practices that supported it. Saints don't have to contend with the old testament "mediator-middleman" style. Now saint can develop their new life in Christ, fulfill their own destiny, and not get stuck supporting other revisionary agendas. **You don't make it hard for the people you really love.** You try to make it easy for them. After so many centuries of dismal Sanhedrin clergy-laity failure, God made it easy for everyone by sending His son to remove the sin "obstruction barrier" that separated mankind from God. Now all humanity can access all of God directly, anytime, and anywhere!
 - *Then you will seek Me, inquire for, and **require Me [as a vital necessity]** and find Me when you search for Me with **all your heart.** (Jeremiah 29:13)*
 1. Parents pay for children, not the other way around
 2. God saw failure and discarded the Old Testament clergy-laity mediator system
 3. Jesus ushered in the New "direct system" to God
 4. Now everyone can seek God with all their heart and find Him.
- #17 All who select Jesus, do believe, and confess Him, do enter in. (Romans 10:9-10, Matt 10:32, Luke 12:8)
- #18 Jesus bestowed His powerful keys to all humanity; anyone who accepts them and freely releases them to others can impact humanity for the benefit of building God's kingdom (Matt 16:19)
- #19 Vertical unity of experiential activities, as we minister, replicating Jesus' natural and supernatural works authenticates believers are aligned with God, like Jesus is. God did this for us.
- #20 Horizontal unity is the modest synergistic merging of efforts between saints, and exhibits believers are in harmony with each other, therefore now abiding in Christ, just as Jesus commanded saints to be. This glorifies Father God.

It Will Always Be All About Jesus!

Experiential Testimonials

If we don't know what Jesus accomplished, then how can we have any expectations of the values that He delivered for us to use? Never allow someone else to identify and decide "your life" for you. If you do you will be submitting to their standards and their restrictions. If you are going to submit to someone else's definition of "who you are in Christ", and are unaware of these values, then you will remain unaffected by what Jesus actually and earnestly delivered for you!

Dealing With the Overemphasized Effect of Sin

Is there a point where sin can overcome God's grace?

Can darkness effect light?

At what point can any amount of sin or sinning reach a tipping point to offset God's grace?

When Jesus came to earth He delivered Heavenly Standards for humanity to operate in, then He completely neutralizes and absorbed all sin to be completely ineffectual upon humanity. Sin separated man from God. Jesus removed it, removing its barriers, and here is how Jesus explained it to Peter:

- *“And I tell you, you are Peter [Greek, Petros –a large piece of rock], and on this rock [Greek, petra –a huge rock like Gibraltar] I will build My church, **and the gates of Hades (the powers of the infernal region) shall not overpower it** [or be strong to its detriment or hold out against it].” (Matt 16:18 AMPC)*

We see that Jesus' church was built on Himself, being God, and nothing can ever overpower it. Sin cannot effect God, Jesus, or Jesus' genuine church. It only effects man, not God. Whenever man comes to God, they begin receiving sanctuary from darkness, sin, and any demonic oppression. Here is how we know this:

- *“And the judgment is based on this fact: **God's light came into the world, but people loved the darkness more than the light, for their actions were evil. All who do evil hate the light and refuse to go near it for fear their sins will be exposed.** But those who do what is right come to the light so others can see that they are doing what God wants.”* (John 3:19-21 NLT)
- Jesus is the light of humanity (John 1:4, 8:12, 9:5)
- Jesus' light exposes darkness, which can not overcome it (John 1:5)
- Elitist (*all who do evil and hate the light*) refuse to go near it because it exposes their sins, so now elitists openly blackball Jesus and His disciples
- Whoever follows Jesus will never walk in the darkness, but will have the light of His life (John 8:12, 12:46)

In recapping these let's review some points of interest:

1. Evil cannot overtake God, or His church. People can embrace evil within the church and negatively effect other people and the perception of the church. But the core of the church, Jesus the rock, is immune from attack and impregnable.
2. Jesus is the light for all humanity, and has come to expose and judge darkness, which has NO EFFECT on light. Light exposes, and evaporates darkness. That is why sinners isolate themselves from Jesus and is also why denominations resist Holy Spirit. Both the world and much of the church try to quarantine the light, which is all the gospel truth, and Holy Spirit Who drives it!
3. Jesus, by Himself, and within Himself, **has hosted a sanctuary for all humanity** where His light dissolves all forms of darkness, His superiority protects from oppression and delivers immunity from evil to anyone who selects Jesus. Jesus is the true sanctuary!

Answers to these beginning questions:

Is there a point where sin can overcome God's grace?

Can darkness effect light?

At what point can any amount of sin or sinning reach a tipping point to offset God's grace?

The effect of sin is way overemphasized and overrated. Sin never effects God. God is immune. Sin effects people. Sin is the problem and Jesus is, was, and always will be the solution. The environment that God has created for His family in Heaven, He freely shares with all humanity, through His Sons gospel process. Jesus completely defeated all sin and all its effects. As people embrace Jesus, His light exposes and dissolves sin, symptoms, and temptations, and generates a sanctuary within God for people to find peace, healing, and new life. Since Jesus is immune, so are we who find sanctuary in Him. Saints are cleansed and protected.

At no point can any amount of sin or sinning reach a tipping point to offset God's grace, because it can never effect God, only man. And when Man is effected, God continues to offer sanctuary in Jesus, the rock. So God's grace is ALWAYS intact, always stable (like a rock), and always available for anyone, anywhere. This is not "sloppy agape", or a liberal point of view. It's just clearly distinguishing the stability of God's attributes. People cannot "out-sin" God's goodness, grace, mercy, and availability for salvation. People can deny God's grace, but it only effects them, not God. The cross of Christ effects humanity. Humanity, individually or collectively can and never will affect Jesus' finished work of the cross. More of this is outline and discussed in "Finished", posted on www.golog2day.com.

Jesus Took Our Sin and Our Sin Nature

Jesus took away, abolished, condemned, & destroyed sin in our flesh and nailed it to the cross!

Here is an overview of seven basic questions which are answered and biblically discussed in detail in the report on www.golog2day.com:

PART I Did Jesus take away sin, sickness and infirmities?

PART II Did Jesus' blood purify Christians from all sin?

PART III Did Jesus abolish and condemn sin in the flesh, overpower it and deprive it of its power?

PART IV Did Jesus set Christians free from the law?

PART V Did Jesus disarm rulers, forgive transgressions and canceled the debt of sin?

PART VI Did Jesus change Christians' sin nature?

PART VII Did Jesus change Christians' natures and remove the effects of sin?

Subjection (Spiritual Domination) What Is Subject to What?

The question of who is subject to who is answered clearly in the Bible. Satan and all his demons are under Jesus's submission. All Christians who are at one with Jesus, unencumbered by a traditionalized version of Jesus' finished works, also join Jesus in His superior position over all demonic. Too many have shifted their Christian identity to a revised format, returning to the clergy system discarded by Jesus, so the experiential form with power that Jesus delivered, and it benefits, was abandoned. Some would define this level of revisionism as apostate. Nonetheless, Jesus is superior, and saints, in Jesus, can share that superiority, as demonstrated by these testimonials.

The 5 Elementals: What Happened to the Mentality for Greater Works?

Answering the questions:

- Why don't people have more of a mentality for greater works?
- Why is there such disparity between knowledge, truth and experiences?

In prayer and quietness one day I asked, “Why don't people have more of a mentality for greater works?” Why is there such disparity between knowledge, truth and experiences? Holy Spirit told me there are words, revised by man, that have changed mankind's foundational belief regarding these issues. So Holy Spirit had me look up the words. After a period of discovery, comparison, surprise and revelation, He answered my question of why. There are significant differences in these definitions, which the variance in meanings do demonstrate why people do see things differently. See the entire report of “The 5 Elementals” posted on www.golog2day.com.

We all tend to identify with our latest encounter, or what has been repeated. So as we adapt to the active environment around us, we tend to replicate it. This is why it so important to initiate the experiential gospel Jesus delivered to us. History shows that those who embrace, develop, and activate the gospel in their own life are likely to maintain it. Spectators (*those who resist Holy Spirit activation*) are usually not experiential and therefore have a lessor affinity, and a higher drop-off rate.

Experiential Sequences That Enhance Effectiveness

Just like you cannot put the cart before the horse, but only after, so effective disciples must become doers, as determined by James 1:22-25, before doing the works of the Lord. Becoming aware, acknowledging, activating are necessary steps toward abiding. These are all experiential as well as they take time for each sequential result to demonstrate a value. See “Kingdom Warning & Exhorting, Book of James” posted at www.golog2day.com.

- *“But don't just listen to God's word. You must do what it says. Otherwise, you are only fooling yourselves. For if you listen to the word and don't obey, it is like glancing at your face in a mirror. You see yourself, walk away, and forget what you look like. But if you look carefully into the perfect law that sets you free, and if you do what it says and don't forget what you heard, then God will bless you for doing it.” (James 1:22-25 NLT).*

Do You Really Want More of God? 2 Peter 1:3-8

The seven pillars of God's Divine Nature are reported by Peter.

1. Moral excellence • Virtue
2. Knowledge • Knowing God Better (*Experiential Knowledge*)
3. Self-control • Temperance
4. Perseverance • Patient endurance
5. Godliness • Respect
6. Brotherly kindness • Love for other Christians
7. Love • Genuine love for everyone

Peter reports that in doing these we will never stumble or fall away and God will open wide the gates of Heaven for us. See the “More Of God - 7 Pillars of Divine Nature” report posted at www.golog2day.com.

God Is Always Faithful & Cannot Deny Himself or his Abiding Saints

• *"If we are faithless, He remain faithful, for He cannot deny Himself." 2 Timothy 2:13*

1. If we are faithless [do not believe and are untrue to Him], He remains true (faithful to His Word and His righteous character), for He cannot deny Himself.
2. If we are unfaithful, he remains faithful, for he cannot deny who He is.
3. If we give up on him, he does not give up—for there's no way he can be false to Himself.

Since we see that it is impossible for God to deny himself and His word does accomplish what it was sent out to do and all things sown will reap like-kind, then His children have a Kingdom advantage when they practice distributing His love and favor from a renewed mindset.

Since Christ is my life, my prayer list is as important to God as it is to me. So have confidence of Gods omnipotence. Since saints do reap what they sow, this should signify the expectation of a breakthrough with more persevering effort. How much effort? As much as it takes. God can be faithful to our proactive sowing, binding, loosing, and bestowing gospel dynamics or He can be faithful to our apathetic interest of gospel activity. It seems God will be faithful to the one you choose.

Regarding results, I'm working on some revelation that compartmentalizes some interesting components that I will be sharing in "Authorized". The more we understand about this, the better capable we are to build our faith, not doubt, and get greater results.

Holy Spirit Does Bring Life to our Mortal Flesh

• *"And if the Spirit of Him who raised Jesus from the dead lives in you, He who raised Christ Jesus from the dead **will also give life to your mortal bodies** through His Spirit, who lives in you." (ROMANS 8:11 AMP)*

God intervened in human health struggles by condemning sin in the flesh, then God intervened in human health again by giving life to our mortal flesh.

Perspectives (Inferiority, “Mountain”, Exclusion)

These are important issues that we should be made aware of and evaluated for each saint to adjust their perspective on. I've found that too many are stuck and restricted, because of incorrect teachings that:

1. make Christians believe they are inferior (because Satan is a “roaring lion”)
2. all spiritual issues are “way too big” (and God is just “too far away”)
3. restrict all saints from their inheritance of being vested in the superiority of Jesus

Let's take a close look at some very important issues that need to be exposed and examined so that they can be believed and then activated. Truth will always set us free.

Inferiority vs Superiority

Very Important Perspective

Jesus was and is feared by demons who He previously had evicted them from heaven. They identified Him as an absolutely superior being, Jesus, the Son of God. These demons had previously tormented two men who then caused civic chaos and fear, that controlled an entire territory. These same demons then, knowing of Jesus' absolute superiority, requested their own eviction route to be into a herd of swine. They knew their eviction from their current assignments was inevitable. They never even put up a fight. They knew they were outranked and overruled even upon His arrival. Jesus' superiority preceded Him, and His presence alone completely neutralized these demons, where their ability to carry on as previously demonstrated was nullified. They completely bowed their knee to Jesus. Here are the gospel accounts to review by Matthew, Mark, and Luke of two different eviction events.

Matthew's Seaside Demonic Eviction Account

“And when He arrived at the other side in the country of the Gadarenes, two men under the control of demons went to meet Him, coming out of the tombs, so fierce and savage that no one was able to pass that way. And behold, they shrieked and screamed, What have You to do with us, Jesus, Son of God? Have You come to torment us before the appointed time? [Judg. 11:12; II Sam. 16:10.] Now at some distance from there a drove of many hogs was grazing. And the demons begged Him, If You drive us out, send us into the drove of hogs. And He said to them, Begone! So they came out and went into the hogs, and behold, the whole drove rushed down the steep bank into the sea and died in the water.” (Matthew 8:28-32 AMPC)

Mark's Seaside Demonic Eviction Account

“THEY CAME to the other side of the sea to the region of the Gerasenes. And as soon as He got out of the boat, there met Him out of the tombs a man [under the power] of an unclean spirit. This man continually lived among the tombs, and no one could subdue him any more, even with a chain; For he had been bound often with shackles for the feet and handcuffs, but the handcuffs of [light] chains he wrenched apart, and the shackles he rubbed and ground together and broke in pieces; and no one had strength enough to restrain or tame him. Night and day among the tombs and on the mountains he was always shrieking and screaming and beating and bruising and cutting himself with stones. And when from a distance he saw Jesus, he ran and fell on his knees before Him in homage, And crying out with a loud voice, he said, What have You to do with me, Jesus, Son of the Most High God? [What is there in common between us?] I solemnly implore you by God, do not begin to torment me! For Jesus was commanding, Come out of the man, you unclean spirit! And He asked him, What is your name? He replied, My name is Legion, for we are many. And he kept begging Him urgently not to send them [himself and the other demons] away out of that region. Now a great herd of hogs was grazing there on the hillside. And the demons begged Him, saying, Send us to the hogs, that we may go into them! So He gave them permission. And the unclean spirits came out [of the man] and entered into the hogs; and the herd, numbering about 2,000, rushed headlong down the steep slope into the sea and were drowned in the sea.” (Mark 5:1-13 AMPC)

Mark's Synagogue Account

“Just at that time there was in their synagogue a man [who was in the power] of an unclean spirit; and now [immediately] he raised a deep and terrible cry from the depths of his throat, saying, What have You to do with us, Jesus of Nazareth? Have You come to destroy us? I know who You are—the Holy One of God! And Jesus rebuked him, saying, Hush up (be muzzled, gagged), and come out of him! And the unclean spirit, throwing the man into convulsions and screeching with a loud voice, came out of him. And they were all so amazed and almost terrified that they kept questioning and demanding one of another, saying, What is this? What new (fresh) teaching! With authority He gives orders even to the unclean spirits and they obey Him!” (Mark 1:23-27 AMPC)

Luke's Synagogue Account

“Now in the synagogue there was a man who was possessed by the foul spirit of a demon; and he cried out with a loud (deep, terrible) cry, Ah, let us alone! What have You to do with us [What have we in common], Jesus of Nazareth? Have You come to destroy us? I know Who You are—the Holy One of God! But Jesus rebuked him, saying, Be silent (muzzled, gagged), and come out of him! And when the demon had thrown the man down in their midst, he came out of him without injuring him in any possible way. And they were all amazed and said to one another, What kind of talk is this? For with authority and power He commands the foul spirits and they come out!” (Luke 4:33-36 AMPC)

Comments

1. These four accounts should be sufficient evidence to support that Jesus is the Son of God Who carries absolute victory over the strongest demonic and feared beings.
2. A point to make here is that the real battle was won in heaven, where the demons lost, were evicted, and know they are judged, and on their way to torment.
3. They know and openly admit they are defeated. There is controversy about this here.

From the perspective of:

1. being a Christian saint that was reconciled directly to God
2. grafted into **this** Jesus (vs. “another” Jesus), analogous to joining God’s family
3. granted the usage of Jesus’ own authority keys
4. indwelled, infilled, and adopted by the same Holy Spirit that empowered Jesus
5. ***how effective should each Saint be in replicating Jesus works?***

Since God sees saints:

1. as more (in addition to Jesus) sons of God,
2. as Christ-centered,
3. as God-like beings,
4. as positioned with superiority over demonic, like Jesus,
5. ***the absolute effectiveness could and should be replicated by each of us.***

Becoming aware of this, acknowledging it, activating this revelation will inspire us to abide in Jesus and bestow His heavenly standards on earth, as it is in heaven. I think much of the question between inferiority vs superiority has been identified, and that saints have been joined to Jesus, with

His premier omnipotence available to support them. As saints persevere, the absolute effect of superiority will continue to manifest. These testimonials document that this is true.

We see that Satan and all His demons are the opposite of roaring lions. We also see the complete and unequivocal superiority of Jesus. So if and when saints decide to initiate a relationship with the real Jesus and get tutored by Holy Spirit (grow up in their inheritance) they can begin to take on the spiritual attributes that Jesus delivered, not that the church revised.

Mountain vs Molehill

Why inferiority?

All mankind, under Adam, had a **perspective of inferiority**, in that all infirmities, problems and circumstances were superior to him, because of his powerlessness. Sin had separated God from man, so man was powerless. Sin has always been the problem and Jesus is always the answer. **Man could only see his limitations, inferiority, and had to submit to them.**

Each problem has been a “mountain” to most of us, because we are so far away from God and cannot hear or see His direction or see things from His perspective. Whenever people see a mountain in the distance it looks overwhelming, and unconquerable, and that is the way many have perceived symptoms and temptations as well.

Deception is a common practice in today’s church

It doesn’t help when many Christians are led to believe that all miracles stopped with the completion of the first Apostles lifespan, or that Satan is roaring lion and more powerful than each saint, or the entire body of Christ. The other deception is how Holy Spirit and all His Gifts of the Spirit are no longer valid, because these gifts are replaced by the Bible. When saints believe these teachings, they do become too far from God, making issues bigger than they really are, because of false teaching. This is the “other Jesus” gospel that continually builds “*psychological mountains*” out of little molehills (*a little larger than an ant hill*). These false teachers have sabotaged the gospel to conform to their own counterfeit version, then they fleece these dumb sheep. The fact that this is acceptable is reprehensible (*and will be judged by Jesus accordingly*).

Jesus brought heavenly standards to be practiced in today’s church

In order to reverse the effect that all spiritual issues are way too big (Mountain vs. Molehill) when we find out God is just too far away, we simply get closer to God. Since all life (all universal life) is derived and sustained by God’s self-existent life, we need to realize that everything is already operating in the omnipresence of God. So **NOBODY CAN BE THAT FAR AWAY!** Really, if all life is sustained by God, how far away can you be? The sin issue is covered by Jesus, so nobody can **OUT-SIN** God’s grace anymore. So now, anyone can get closer to God upon their own decision. You don’t need anyone to lead you (although that is a great comfort). Just stop and ask, and give Holy Spirit the respect and patience to access your heart.

When we shift from sinner to saint, we actually shift our DNA (code that devises life), which is now indwelled by Holy Spirit (vs without Holy Spirit), with the option of becoming infilled and

significantly impacting our attributes and characteristics. It isn't anything we can earn, learn, or buy. It is always all of God's grace, and His divinity that turns into our divine nature. A metamorphosis is a transformation from one form to another. This is completely God's grace upon His creation, after they select Jesus.

When man enters into a relationship with Jesus, Holy Spirit indwells and begins the adoption process, to grow them and encourage them for the plans He has for them. Some of the milestones in this new relationship are:

1. As the adoption process ensues for saints, the new family's attributes impact our thoughts and behavior. Appetites do change our spiritual diet and curiosity of the Word and interest to experience the presence of Holy Spirit, and see His gifts manifest, becomes more prevalent.
When we were sinners, we never knew about this.
2. Saints really do see things differently than sinners do, and sin isn't so appetizing as it once was, because it offends God (so it now it begins to offend us, since we're joined to Him).

Why and how do “mountains” reduce to molehills?

Just as the viewpoint from the mountain top is much different and clearer than from the desert floor, so it is when we are seeing things from the transformed position of being in Jesus, and from His superior position our perspective has changed. Jesus did this for us!

Once Jesus reversed the annexation that Satan had accomplished in the Garden with Adam and Eve with His finished work of the cross, Jesus then leveraged His kingdom life potentially into all mankind and for all to be adopted by Holy Spirit, to be dwelled and filled, to be overcomers, and to continue His works. He even gave us our own set of keys to maintain heavenly standards on earth until He returns. Jesus brought Heaven to earth so His perspective in approaching infirmities, problems and circumstances is now from a superior position for His disciples. The opposing spiritual entities undergirding those temptation and infirmity issues recognize His superiority and because they had to submit to Jesus, and leave their assignments, which then dissolved the underlying infirmity issues, they must do the same for Jesus' disciples. There is no argument regarding His superiority, power, or ability to authenticate the Gospel with miracles, signs and wonders, nor is their any conflict with the historical truth of the first disciples replicating His greater works. For each saint now, these mountains are shrunk to molehills due to the metamorphosis of salvation.

It is within this adopted and filled position of Holy Spirit, that believers have the ability to see how Jesus saw, when we now bring Heaven to earth by imparting the manifest presence of Holy Spirit. By imparting God's manifest presence it makes all mountains reduce or even dissolve. Our perspective in approaching infirmities, problems and circumstances is from Jesus' same superior position (saved in Jesus and adopted by Holy Spirit, and seated at the right hand with Jesus). Those same bad spiritual entities undergirding these darkness issues must recognize this superiority and submit to a clean, pure and filled disciple of Jesus. This dissolves the supporting strength of bad issues we are sent on assignment to deal with.

Excluded vs Vested

Vested is having full ownership rights, especially after certain conditions such as a period of service, have been met. Kingdom vested is having full ownership rights, because certain conditions have been met on our behalf by Jesus. In Jesus, saints are included in kingdom benefits, have access to mountain top view points, and are fully vested with superiority rights of divine nature and all its attributes. God invested in each person by deriving and sustaining their life, and when they select Jesus, an inheritance is transferred into them, upon their personal belief and confession. This is so good we have to pinch ourself to realize how great God is. One of the objectives of salvation is for saints to become closer to God, so they can recognize His attributes and learn how to utilize His keys to exert enforcement when necessary. As we allow for truth and new knowledge to build our belief, it adds to our faith. This faith is the substance that transacts kingdom business.

The viewpoint from humanity regarding illness and infirmity is that it is only carnally based. However, we find that many of mankind's infirmities are spirit based, and so can be reversed by overruling them with Jesus' authority, which is now the saints authority, which God vested into them. Whenever we are able to demonstrate and exert the enforcement of binding the enemy and the bestowal of grace, mercy, and zōe life into another, these activities create great testimonials, which glorify Jesus!

Observations & Recommendations

Testimonials are to be used as an eyewitness story to bring truth to light, to encourage those who need it. The truth of this is manifested in the “**inner witness**” people receive from them. Jesus' gospel does not go out without a witness. Each miracle report is another witness that Jesus is alive and Holy Spirit is so very busy administrating His gifts!

We encourage all others to be free to experience the same. They really are for everybody. Since God doesn't hold one person above another (He never plays favorites), He responds to us all. All the gifts of Holy Spirit are for ANYONE WHO BELIEVES.

My Bible reports Jesus reconciled all humanity directly to God, authorizing , enlightening, and energizing all humanity directly. Since all life is derived and sustained by God's self-existent life, as we embrace God's gift of salvation, we can SELECT it and grow in it. Remember that death is

Experiential Testimonials

not just the cessation of cellular replication. It is the separation from life, due to the rejection of the gospel. When people know this they tend to think differently about this issue.

All Christians are grafted, as branches into Jesus' Vine, where we produce **His fruitfulness**. Since it is the nature of the branch to bring forth the fruit of the vine, each branches fruit will be an extension of what it is grafted into. I thought we all would be duplicating Jesus' works, as He taught us to. Jesus reported He was dependent on God to do His works. As He is at one with God and we are at one with Him, His fruitfulness should flow through each of us. As we produce the fruit of the vine, it is the vine that is acknowledged, not the branch.

Then I later found out that not all Christians are grafted into the same vine. It seems that many have seceded from Jesus' vine to be grafted into Israel or a traditionalized version reflecting "another Jesus". Many have joined a "church" where "this other Jesus" has replaced the Biblical Jesus and the replacement no longer does miracles by their account because Holy Spirit and His gifts are replaced by the Bible. So much for theology. Everybody has choices and is free to practice their belief as they choose. Even though we see silly teachings and how people are attracted to what may appear to us to be dysfunctional theological perspectives, Jesus is still preached and people are still getting saved, and **that is good news!**

Regarding these testimonials, I want to make it clear that all the credit goes to Jesus because He is the one who reversed the sin curse and brought reconciliation and heaven to earth (on earth as it is in heaven). Anyone taking credit for any of the miracles, signs and wonders is like a pilot taking credit for aerodynamics. Jesus really is the only source, because He really does love humanity.

Once humanity was reconciled to Father God, His attributes ensued into humanity, but only according to their acceptance and their embracing Him. All humanity has free will and can exert pressure by binding evil and imparting good, in the name of Jesus. Christians (who are enlightened) have discretionary transmitted authority as well because of their alignment with Holy Spirit. Any successful credits we witness goes to the vine, which saints are only branches in, to deliver power through our divine nature.

The narrow road entails real solutions to help people, real truth to feed them, and real manifest presence to overcome and overrule their circumstances. So many are seeking value and truth. When people seek truth within their heart, they they have a better chance to find Jesus, Who is truth. Saints are utilized by Jesus and Holy Spirit to feed the sheep, directly, and freely, and then it is God Who makes people grow. God takes care of those who are diligent to work with Him! The currency of the kingdom is the substance of faith, not cash, so as we trust in God, He responds favorably. His ways are way above the ways and systems of the world.

Now, with these testimonial reports, I'm also shifting into helping others by exposing interesting factors and building awareness so that these facts can be understood and activated. Many of us are crossing over to the "coaching portion" of our lives. We're just passing on the information to whoever is interested. Here are some other observations that I've noticed.

An Important Observation of Why Saints Don't Win

A No-Win Situation

A no-win situation is a situation in which a favorable outcome is impossible; you are bound to lose whatever you do. It offers no possibility of a favorable outcome and denotes a condition in which one cannot benefit, succeed, or win.

A No-Win Policy

A no-win policy is an official policy that **prevents** the military from utilizing their intelligence and weapons to win against the enemy, because strategic decisions are sabotaged by PC elitists. Sanctuary is given to the enemy to stabilize, develop, and launch more successful campaigns against our own troops. Between the acts of politically restricting our own military from winning, and aiding the enemy by protecting them from attack (giving them sanctuary), it seems apparent that treason is active within the political leadership.

The Church's No-Win Policy

By subverting the church model from Jesus' experiential to a mediated spectator system, and by sabotaging the direct relationship with Holy Spirit and His gifts, tutorials, and transmitted authority (*replacing them with the Bible*), many believers are steered into operating within a NO-WIN POLICY. Hirelings don't enter in, nor allow for anyone else to enter in either (Matt 23:13), making too many church goers twice the sons of hell they've become (Matt 23:15), just like Jesus warned. False teachings offer sanctuary for "another gospel" revised formats. It seems apparent that evil treason has been activated within the church leadership too.

Jesus' All-Win Kingdom Policy

Because of Jesus, humanity has access to a whole new level of God's zōe life. Study His accomplishments, and then begin to realize how these can impact each of us. There cannot be any treason in the kingdom of God **because everyone who enters is connected directly to the top**, through Jesus to God, while getting tutored and directed by Holy Spirit. Also authentic kingdom dynamics don't allow for any elitist "lording it over" another person, because all saints are in unity, and willingly and freely serve each other and God! So it is in recognizing the real Jesus, His protective sanctuary and strong attributes, and personally joining Him, that helps each saint's chances of experiential triumphs to increase. I recommend that we stick to Jesus' whole gospel and all His teachings.

**Jesus Has Already Won & Extends
His Victory Position To All Saints!**
