

**Witness:** Brian Benito

Date Filed: December 22, 2025

**Question:**

EFSB-T-5 Address traffic impacts from Project construction on any school bus routes, on student drop-off/pick-up at the Oakham Center School, and on traffic from municipal facilities nearby, such as the Fire Department, Town Hall, and Fobes Memorial Library.

**Response:**

The Project has not selected an EPC contractor. A site-specific logistics plan will be developed, in collaboration with the Oakham Public Schools, Fire and Police Department, and Department of Public Works, to minimize impacts on school bus routes and municipal facilities nearby.
