ARTIST BIOGRAPHY

Born in Germany in 1959, part time in South Africa since 2016. Selftaught artist, since ever ;-), but active painting since 2020, totally inspired by watching and studying pictures/paintings of diverse South African and international artist across all genres and by inner impulses arising and flowing into my pictures.

"I have put my restless legs in the air and they have started painting".

The Process?

A genesis, gently emerging, agitating my soul, unleashing my inner borders.

Forward thinking, boundary pushing.

Expressing what? Shapes of my joy.
