GROUP PROFILE

We take the liberty to write for the purpose of introducing our group, among the leaders of the shipping industry at Djibouti. We are engaged in labor supply and the different sectors of logistics and would be pleased to render our numerous services to your esteemed company/organization.

Global Labor Solutions (GLS)

The recruitment department has an experience of more than 5 years and more than 250 successful high-added value recruitments (rare profiles, international recruitments, experienced managers, efficient managers...). Focusing on reactivity to precipitation, our approach systemically includes an audit and consulting phase before the implementation of the research facilities. To allow the customer to secure their investment, the entire process is controlled. Every effort is made to ensure effective recruitment in a controlled time, on which GLS commits itself.

Djibouti Procurement Services (DPS)

We can assure you this group is the right place to do a tailor-made service and with no doubt will be able to work well together and value your business.

Global Shipping Services (GSS)

Global Shipping Services represents the maritime shipping lines that link Djibouti to the rest of the world be it general cargo, liners, containerized carriers or coasters.

International Transit Services (ITS)

ITS is involved in clearing/forwarding of cargo and perform all needed documentation such as way/bills, trucking coordination's, reporting's, etc. One stop to provide full set of documents and a prompt clearance and forwarding is guaranteed.

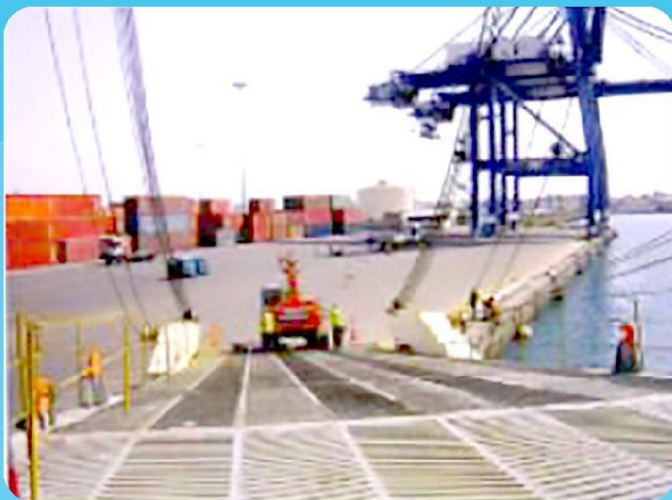

Fortune Marine Services (FMS)

This company is engaged in cargo inspections, tally and surveys. Also in Draft surveys, on hire/off hire and bunker surveys. This company can provide full chain of logistics.

we promise, we deliver

we promise, we deliver

INTERNATIONAL TRANSIT SERVICES

TEL: +253 21 34 20 30

International Transit Services is a clearing and forwarding company located in Djibouti. ITS is armed with a professional staff and is reputed for its timely delivery services on both sea and air imports to local, continental and international customers. ITS has been appointed clearing and forwarding agent for organizations such as USAID, WFP, EURAID, etc. ITS undertakes cargo movement from Djibouti to neighboring countries – Ethiopia, Somalia and Yemen. ITS possesses various equipment including heavy-lift machinery.

Global Shipping Services

TEL: +253 21 34 20 30

Global Shipping Services establishes regular links with potential importers and exporters who trust GSS to plan shipment of their cargo to reach the final destination. Well experienced individuals from the shipping department are always ready to assist owners/charterers of a vessel to minimize expenses. GSS makes things easier by providing and assisting on administrative formalities of crew changing, spare parts delivery to ship, hotel booking, ship handling, laundry, refueling and immigration paperwork. Containerized shipping lines highly appreciate GSS's excellent way of handling containers in and out of Djibouti. Tracking down containers assumed lost became the easiest task for GSS. The professional way of working with liner and feeder vessels to expedite cargo to destination is one of the easiest specialties of GSS. Concerning transshipment of containers, GSS handles feeder services in the region subject to inducement. The responsibility of GSS to the agency of any kind of the shipping lines has been successful through many years.

FORTUNE MARINE SERVICES

(Cargo & Marine Inspection Company)

Company Profile

Fortune Marine Services is a nationally registered and licensed survey company.

Expertise

The company has dependable personnel headed by a highly qualified marine surveyor. When cargo is found damaged, it is necessary to estimate the extent of damage and also to find out the cause of the damage. In trade business, the usual procedure is that when the damage is covered by insurance, the report is submitted to the insurance company and when the liability of the damage lies with the shippers, the surveyor's report is submitted to them. This survey is usually termed damaged survey and we are held in high esteem by numerous marine insurance companies.

Our lines of service.....

▶ Preshipment inspection

▶ Preliminary survey

▶ Cargo damage survey

▶ Cargo superintendence survey

▶ On/off hire Bunker survey

▶ Draft survey (initial/final)

▶ Ship's hull damage survey
