Dear Ryebank Fields Community Group

I'm writing in reference to an event listed on your [website](#) titled GM Walking Event - 31st May 2026. In it you say that the walk will take place on Ryebank Fields.

As you know from our previous communications to the local community, Ryebank is closed to the public and is not to be accessed at any time. We are therefore asking you to cancel the event. We have informed GM Walking who will be removing the listing from their website.

Yours

Manchester Metropolitan University
