

Dear Holy Trinity,

It is with great gratitude and excitement that I am reaching out to you today as a sign of new life in Christ's resurrection is bursting forth at Holy Trinity.

Over the past few months, the staff, Buildings and Grounds Committee, and Congregational Council has been re-imagining some of our current office space to better serve our congregation and community. What was once just an idea has slowly become more of a reality and we are thrilled to share it with you!

After receiving full and generous support through the Phil Larsen Memorial Fund, Holy Trinity has an opportunity to renovate our "front" office space, transforming it into the Holy Trinity Welcome Center.

These changes will allow for a more welcoming entrance, greater flow between the sanctuary and LFC, a space to hold more casual conversations and for smaller groups to gather, and a clear communication center of our congregation. This new plan will directly improve our congregation's hospitality, fellowship, bereavement care, and adult learning environments, all the while giving our beloved church a fresh look and more open feel.

The Welcome Center Task Force developing these plans has put forth a great deal of professional experience, vision, and care to the early stages of this project. All are talented and invested members of our HTLC community and have generously offered their time and energy to support our congregation and to honor the memory of Phil Larsen.
