

EDGECO Polypropylene Storage Bins

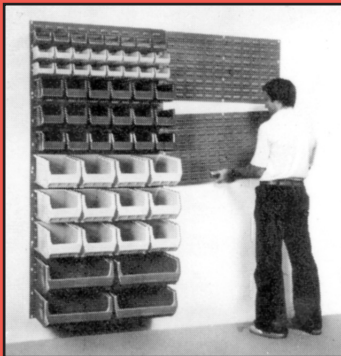

Specify Color: Yellow, Blue, Red, Stone, Clear
(One Color / Carton)

No Broken Cartons please

New! Now Available Hanging Panels

The louvered panel acts as a universal hanging surface for EGCOBins and allows unlimited relocations of all bin sizes. Just rearrange the bins as desired. These panels can be mounted on walls, benches, carts, or inside cabinets; attached to the back of existing shelving, or fastened to readily available slotted angle components to form free standing storage bays. These heavy-duty panels are made of 16-gauge cold-rolled steel with horizontal reinforcing ribs. Slotted holes 3/4" L. x 5/8" W. at 6" centers simplify installation. Gray baked enamel.

Panel Order Reference Shipped in Carton Quantity Only.

Bins Features

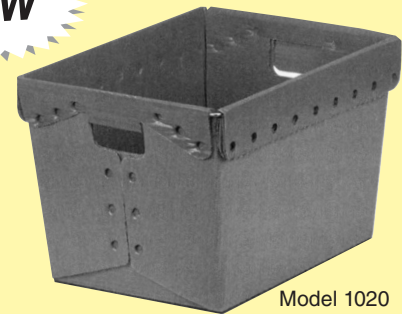

1. EGCOBins can be suspended from louvered panels.
2. Extra-wide stacking ledge assures stability when stacked. Allows higher stacking.
3. Anti-slide stop prevents loaded bins from shifting forward when stacked.
4. Large label slot for easy labeling and relabeling.
5. Reinforcing ribs prevent bins from spreading under load. No cumbersome anti-spread bar required even on largest model.
