

461 DOVERCOURT ROAD
TORONTO, ONTARIO,
CANADA M6H 2W3

My artistic practice is deeply rooted in the natural world, the human form, and the intersection of science and mathematics. Through my work in painting, sculpture, design, and photography, I visually convey my emotional and experiential perspectives. My medium of choice is acrylic paint, but I also find joy in exploring the vast array of materials and techniques available to me through my experimentation with multi-media.
