

Do You Feel Unsafe?

Ask for a Reverse Industrial.

(It sounds goofy but we will know exactly what you mean)

Are you here against your own will?

Do you feel like you are being pressured into something you do
NOT want to do?

Are you with someone who is a danger to you or others?

If you are feeling unsafe we are here to help!!

If the person is in the building with you say, “But I don’t know
if I have the right anatomy for it.”

If the person is out in the car say, “I don’t know if I have the
time for the piercing.”

If the police need to be notified, please say “Can it be done
with blue jewelry?”

**No matter what you ask for, we will do our best to get you away from
the person or persons causing harm. We have precautionary measures
in place to get you out of the building or to a neighboring business
without going through the front door.**

**National Human Trafficking Hotline 888-373-7888 or Text 233733
National Domestic Violence Hotline 800-799-7233 or Text “Start” to 88788**
