

Do you have any coins to give back to God today?

If so, trace them in the space below. If not, draw the number of coins that you could bring for the offering next Sunday.

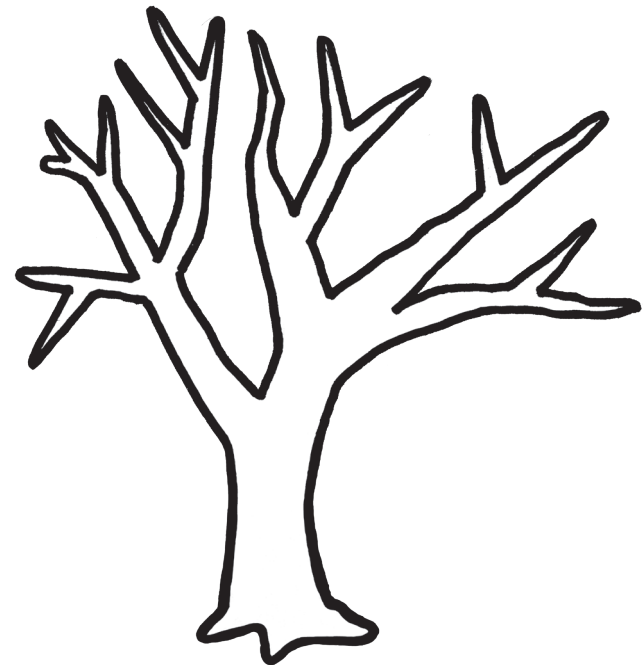

A large, empty rectangular box with a thick black border, intended for a child to draw or trace coins. The box is positioned on the left side of the page, below the introductory text.

PRE-READER

Pentecost 8

- Today is the **eighth** Sunday after Pentecost.
- Pentecost lasts throughout the **summer and the fall**.
- During Pentecost, we learn that **faith in God makes us rich in love**.

If you could make anything grow on trees, what would it be? Ice cream cones? Soccer balls? New toys? Draw your imaginary tree below.

Jesus tells us that it's not our money that makes us rich. It's God's love and care that are the real treasure.

What does God want us to do with our money?

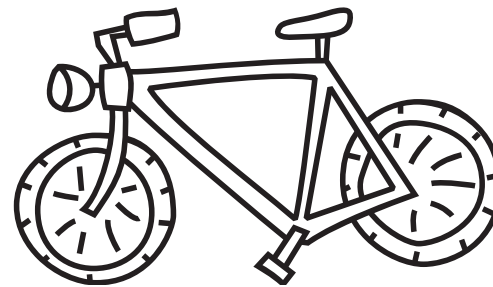

Color the scenes below. Circle the ones you think God wants you to do.

Keep it in the bank and never spend it

Keep it under your pillow

Buy stuff

Use it to help others
