

Important Information about Your Drinking Water

Availability of Monitoring Data for Unregulated Contaminants for the Laguna Valley Water System 063503111

As required by the U.S. Environmental Protection Agency (EPA), our water system has sampled for a series of unregulated contaminants under the EPA's Unregulated Contaminant Monitoring Rule (UCMR). Unregulated contaminants are those that do not yet have a drinking water standard set by EPA. The purpose of monitoring for these contaminants is to help EPA decide whether the contaminants should have a public health protection standard.

What should I do?

You do not have to do anything but as our customers you have a right to know that these data are available.

You may share this information with other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, food establishments, medical facilities, and businesses).

For more information

For additional information on the unregulated contaminants we sampled for, please visit the following website regarding the UCMR 5 Occurrence Data at <https://www.epa.gov/dwucmr/occurrence-data-unregulated-contaminant-monitoring-rule#5>

The analyte lithium was sampled in February and August 2023 where the results ranged from 36.1 to 343 µg/L with an average lithium result of 233.7 µg/L. For more information regarding lithium in drinking water, please see the following resources at <https://www.epa.gov/dwucmr/fifth-unregulated-contaminant-monitoring-rule#lithium>.

These data will also be available in the Laguna Valley's Consumer Confidence Report (CCR), also called a water quality report, delivered by July 1 of each year. If you have any questions about your CCR, see the contact information below. For information on the UCMR 5, visit the EPA Website at <https://www.epa.gov/dwucmr/fifth-unregulated-contaminant-monitoring-rule>.

If you want to speak with someone at the water department about the results, please contact Mr. Ryan Aragon at 505-552-9361, Operations Manager.

This notice is being sent to you by the Laguna Valley Water System.
