

Services

- Technical Assistance
- Method Development
- Procedure Development
- Round Robin Assistance
- Proficiency Testing Assistance
- Training and Education
- Accreditation Assistance

Areas of Expertise

- Atomic Absorption (Flame and Electrothermal)
- Inductively Couple Plasma (AES and MS)
- Spark AES
- Combustion Analysis
- Inert Gas Fusion
- Sieve Analysis
- Classical Wet Chemistry
- Salt Fog Testing
- ASTM A262/ G28 /G48 Corrosion
- Metals, Ores, Ferroalloys, Ceramics
- Nuclear Consumables Analysis
- ISO 17025 Accreditation
- Aerospace Materials Testing
