BTEC
Sport

Here at Discovery, our ethos is simple; children and young people deserve our best, allowing them to become the best version of themselves. We provide this through bespoke and personalised education and training programmes. All of which are led by our highly trained and motivated team.

We support the young people we work with to become more resilient, self motivated and well rounded through a variety of academic interventions, specialist teaching methods and tangible qualifications.

Our holistic approach to learning and education is also mirrored in the environments we like to teach in. Our centres have been designed by our very own experienced SEN team. Spaces are open and airy, with multiple learning areas, allowing students the time and space to learn at their own pace.

This is why our centres provide the best setting possible for us to deliver our innovative and diverse education sessions.

Sessions are designed and led by our experienced qualified teachers and support staff from SEMH specialist backgrounds, so we understand the needs of our young people.

We help our young people to become 'work-ready' after their time with us, allowing them to progress into their chosen areas of study or employment. We also collaborate with current employers to help design our courses and qualifications to give every one of our students the very best chance of success.

With many years experience within schools, PRUs, prisons and other alternative provisions, our experience in teaching and education within the SEMH/SEN sector is extremely high.

We provide what many other provisions can't and back this up with tangible qualifications, certification and experiences. This makes Discovery Education the perfect choice for those who are struggling with their education. Thanks for taking the time to read through our prospectus, we hope to work with you soon!
