Visit: www.hsacademy.us. Email: info@hsacademy.us

SUMMER CAMP WITH A PURPOSE!

Whether your child is a budding Scientist, a space Explorer
or a preschool Olympian

a summer of discovery awaits

at Harrison Street Academy's Summer Camps!

June 11-15:

E-I-E-I-Organics

Old MacDonald had a farm... Kids will learn first hand how plants grow! We'll have special visits from farm animals, and gather harvests from our onsite garden!

June 18-22:

Beach Explorers

Have a beach trip planned this summer? Your little explorers will learn all about the beach- animals that live in the sand, and marine life in the water!

June 25-29:

Fifty Nifty!

Your little patriots will learn about the United States and get ready for the 4th of July celebrations! We'll even hold our own Olympic course at the end of the week!

July 9-13:

Jungle Book Alive

We're bringing the safari to HSA! Your kids will have the time of their lives as we take the imaginary tour bus to African and Asian Jungles. We'll have a visit from real live exotic animals!

July 16-20:

Builders Week

Calling all builders! We'll explore many different ways of building and constructing this week. Get ready for clay, age appropriate building blocks, mapping, and some coding exercises!

July 23-28:

Celebrate the World

This week, we'll explore the beauty of different cultures! We'll hop on our imaginary tour bus and explore life across the 7 continents. Children will even try yummy snacks we don't usually see around here.

July 30-Aug 3:

Twinkle Twinkle Little Stars

How we wonder what you are.... Your children will know after this week what stars, planets, and the moon are. Join us as we head for zero gravity on our imaginary tour bus! We'll even eat astronaut ice cream as we explore the galaxy!

August 6-10:

Glad Scientists Unite

Curious preschoolers will have fun learning and experimenting in our STEAM Lab! Lava lamps, ants, butterflies, magnets and much more! Your little scientist will make some yummy scientist snacks that they can try at home too!

August 13-17:

Cirque de Preschool

Boys and girls, what better way to end the summer than with a super fun week of exploring circuses! We'll see how circus animals train, how performers learn to do what they do, and meet some clowns!
