

"Boutique Tissue Box cover" Instructions

taught by Judi Henshaw and Cindy for Oct 23, 2021

Project will be on a Boutique Tissue Box from Pinecraft Wood of Oregon (5¼" x 5½"h) and is a really good quality wood. You don't have to order and pay shipping costs - Judi already has the boxes!

You can pick up and purchase yours for \$6.00 at the August meeting (cash, card, or check).

This class will be fun and pretty easy, and always pique your curiosity with a few new "Tips and Gems"!

PREP: Lightly sand the wood. For background color, basecoat with Decoart Winter Blue and Sealer (1:1); let dry, lightly sand with fine sandpaper. Paint a 2nd coat with paint only and let dry. Judi will show you how to turn it into Denim! There will be 2 easy variations on designs to be added; so prep your box and ready-set-have fun to paint! Pattern will be handed out in class.
