

July 21-27, 2024

National Drowning Prevention Week

LIFESAVING SOCIETY

In recognition of National Drowning Prevention Week, the LDSP will be running a **National Lifeguard Situation Simulation Week** from **July 22nd-26th!**

- ★ There will be one situation each afternoon, and each evening Monday-Friday
- ★ Simulation victims will be tagged so the lifeguards on deck know when we have a real situation versus practice
- ★ Victims will be LDSP regulars chosen by the pool manager as they arrive for a swim - a complete description and time of the situation will be given
- ★ Lifeguards will treat situations as they would in real life - as pool patrons, please do the same and follow the direction of the lifeguards
- ★ We will also work with the Lunenburg Fire Department for a situation! Stay tuned for more details!

Come see the lifeguards in action at the LDSP!
