ABOUT US

BGM Corporation was established two decades ago in order to cater the much-needed boost to the Philippine economy in the area of marketing of products and services in manufacturing, trading, and import/export initiatives for the attainment of highly competitive operations nationwide, thereby promoting countryside and metropolitan economic development.

We made presence in the airport operations and support services, particularly in Iloilo City, Western Visayas, Philippines.

In August 2021, BGM Corporation through Indonesia's **Suryaperkasa Kencanajaya**, was appointed as the distributor in the Philippines of **IBK-Fibertec** - Germany.

We are actively involved in the Armed Forces of the Philippines (AFP) Modernization Program. The core of our business operation covers Marine & Offshore, Defense & Rescue, Integration, Construction, and Health.

Our GRP Lighthouse or Tower and Light Beacon are the market leader worldwide in cylindrical objects made of Glass-Reinforced Plastic (GRP) with more than 40 years of experience.

We provide the best equipment, products, and survey services for the oil & gas industry and for the port and marine stakeholders.

We offer the best quality and durable Aids to Marine Navigation (AtoN) equipment such as Navigation Bouys, Marine Lanterns, and Lighthouse Lanterns which have been proven around the world (in 22 countries) to be of highest quality.

INTEGRATION

We provide comprehensive digital strategy that enables the integration, automation, and optimization of key business processes to connect the organizations of our clients.

CONSTRUCTION

We offer a full range of construction-related services to government, commercial and residential clients with our “AAA” category construction company.

DEFENSE

We provide the best armaments and products for the army, air force, navy, coast guard, police force and search and rescue equipment to local government units (LGUs).

MEDICAL / HEALTH

We provide safe and excellent medical products and supplies as well as hospital equipment to assure best quality patient care.
