

**BOVINE SPONGIFORM ENCEPHALOPATHY
PREVENTION CERTIFICATION FOR
FARM KILLED CATTLE**

OWNER NAME _____

ADDRESS _____

PHONE NUMBER _____

I certify beef carcass delivered for processing on _____ is from a bovine
Date
animal that was not disabled or non-ambulatory (i.e. “downer”) and was

- Less than 30 months of age
- 30 months of age or older

Further, I realize for cattle 30 months of age or older the entire vertebral column will be removed and bone in cuts, such as T-Bone steaks, top loin steaks, rib steak, and blade roast will have most of the bone removed.
