

# GCI INDEX

THE GENDERED CITY INDEX

**The Gendered City Index is a practical framework for understanding, assessing, and reshaping urban spaces through a feminist lens. It goes beyond conventional metrics of accessibility or walkability by integrating the lived experiences, safety concerns, and care needs of women, non-binary people, children, older adults, and other marginalized groups.**

# MINIST STREETS SCANNER - SCAN\_CYCLE:045

AL PERMEABILITY: PASS

Key dimensions and sample indicators include

EYE-LEVEL LIGHTING: 100% warm, low-level

NO OBSTRUCTIONS  
RADICAL MAINTENANCE  
Verified

AL PERMEABILITY:

DER-NEUTRAL SEATING MODULES:  
S

CONTINUOUS ILLUMINATION:
