The Geauga-Trumbull Solid Waste District Collection Facility is an outlet for residents of Geauga and Trumbull County to safely dispose of Household Hazardous Waste. All HHW materials are collected, sorted, packaged and transported offsite for proper treatment, recycling or disposal.

### \*How to Dispose of Water-Based (latex/acrylic) Paint:

Paint must be completely dried until hardened and then it is safe to discard with your household trash. Paint can be dried by removing the lid until hardened. Adding kitty litter, oil dry, sawdust, sand or a paint hardener can speed the process.
