

Sealants keep your kid's whole body healthier

They're 100% effective at preventing cavities when placed on back teeth.

Tooth Pain is the #1 Reason Kids Miss School

We Want To Help!

Toothsavers provides dental sealants (clear protective coatings placed on teeth to prevent cavities) and other oral health services to students right at their school. Our goal is to save parents time and keep kids healthy.

Services provided:

- Dental Sealants
- Oral Screenings
- Fluoride Varnish
- Oral Health Education

**MEDICAID
COVERS
100%**

All services are provided by a gentle, experienced dental hygienist. Our process is painless and fun for kids! Students are sent home with a toothbrush and a prize, and a Toothsavers report.

Toothsavers follows strict CDC infection control guidelines to keep your child safe! Visit our website www.toothsaversofwashington.com for more info.
