## If UAP's looked like Aeroplanes

Our Spaceports would look like these:

Then there is the domestic earthbound fleet

The VIP mobil

**Centaurus Fleet type 2 Orbs**  
Cater more for the natural worlds - those that lived in balance and harmony with mother nature and respected the world around them

Orion Constellation ships are bigger and don't come all the way to Earth as they have smaller shuttles to do that

**Centaurus Constellation type 3 Proxima Centauri Class**

**The Centaurus Fleet**  
Intermediate sized light orb ships that ferry souls to Alpha Centauri (Rigel Centaurus) for their next lives on exo-planets there

### Sirius Fleet

The truer representation is on the tail as our ships are light entity orb ships all capable of FTL illustrated by the Milk Hill Crop Circle (The big one)

**Taurus Constellation Fleet**

They usually operate from Sirius in the Canis Major Constellation and ferry souls to the more advanced Taurus Constellation where the best of the best get to reincarnate to their next lives on planets of the clusters of Hyades and Pleiades

## If it's got landing gear; it's a Lockheed Martin

Not a UAP/UFO

If it's got NAV lights; it's a Lockheed Martin

If it's a tube that fly's sideways; it's a Lockheed Martin

Them, Vickers. Avro & Hadley Page have made the most awesome looking aircraft since WW2

Truly inspiring designs

## Aura glam design service

In conjunction (in the astrological sense) with the HeKa, Jðette Isis – Hathor and via Egyptian Mysticism is an absolute dead cert guarantee that we (that's both me 999 and Isis-Hathor working together as a team) will attach any design of your fancy to your glam aura field above your clothing in life and above your Arkh in afterlife.

Select any image you like from the vast choice that's available on internet search images (Humanoid & Female) and we will attach it to your aura field as a glam in life.

This service is best suited to novice witches who just don't have enough energy frequency to do it themselves, novice witches come from many origins: Wicca and other shamanic mystic practices; even those inspired by Harry Potter films who realise that the author is basically a clueless idiot when it comes to the actual craft.

Glams work best in Moon light as they are a subtle light shimmer that helps to protect your own energies and frequencies like a drop dead gorgeous sexy sassy classy suit of light armour.

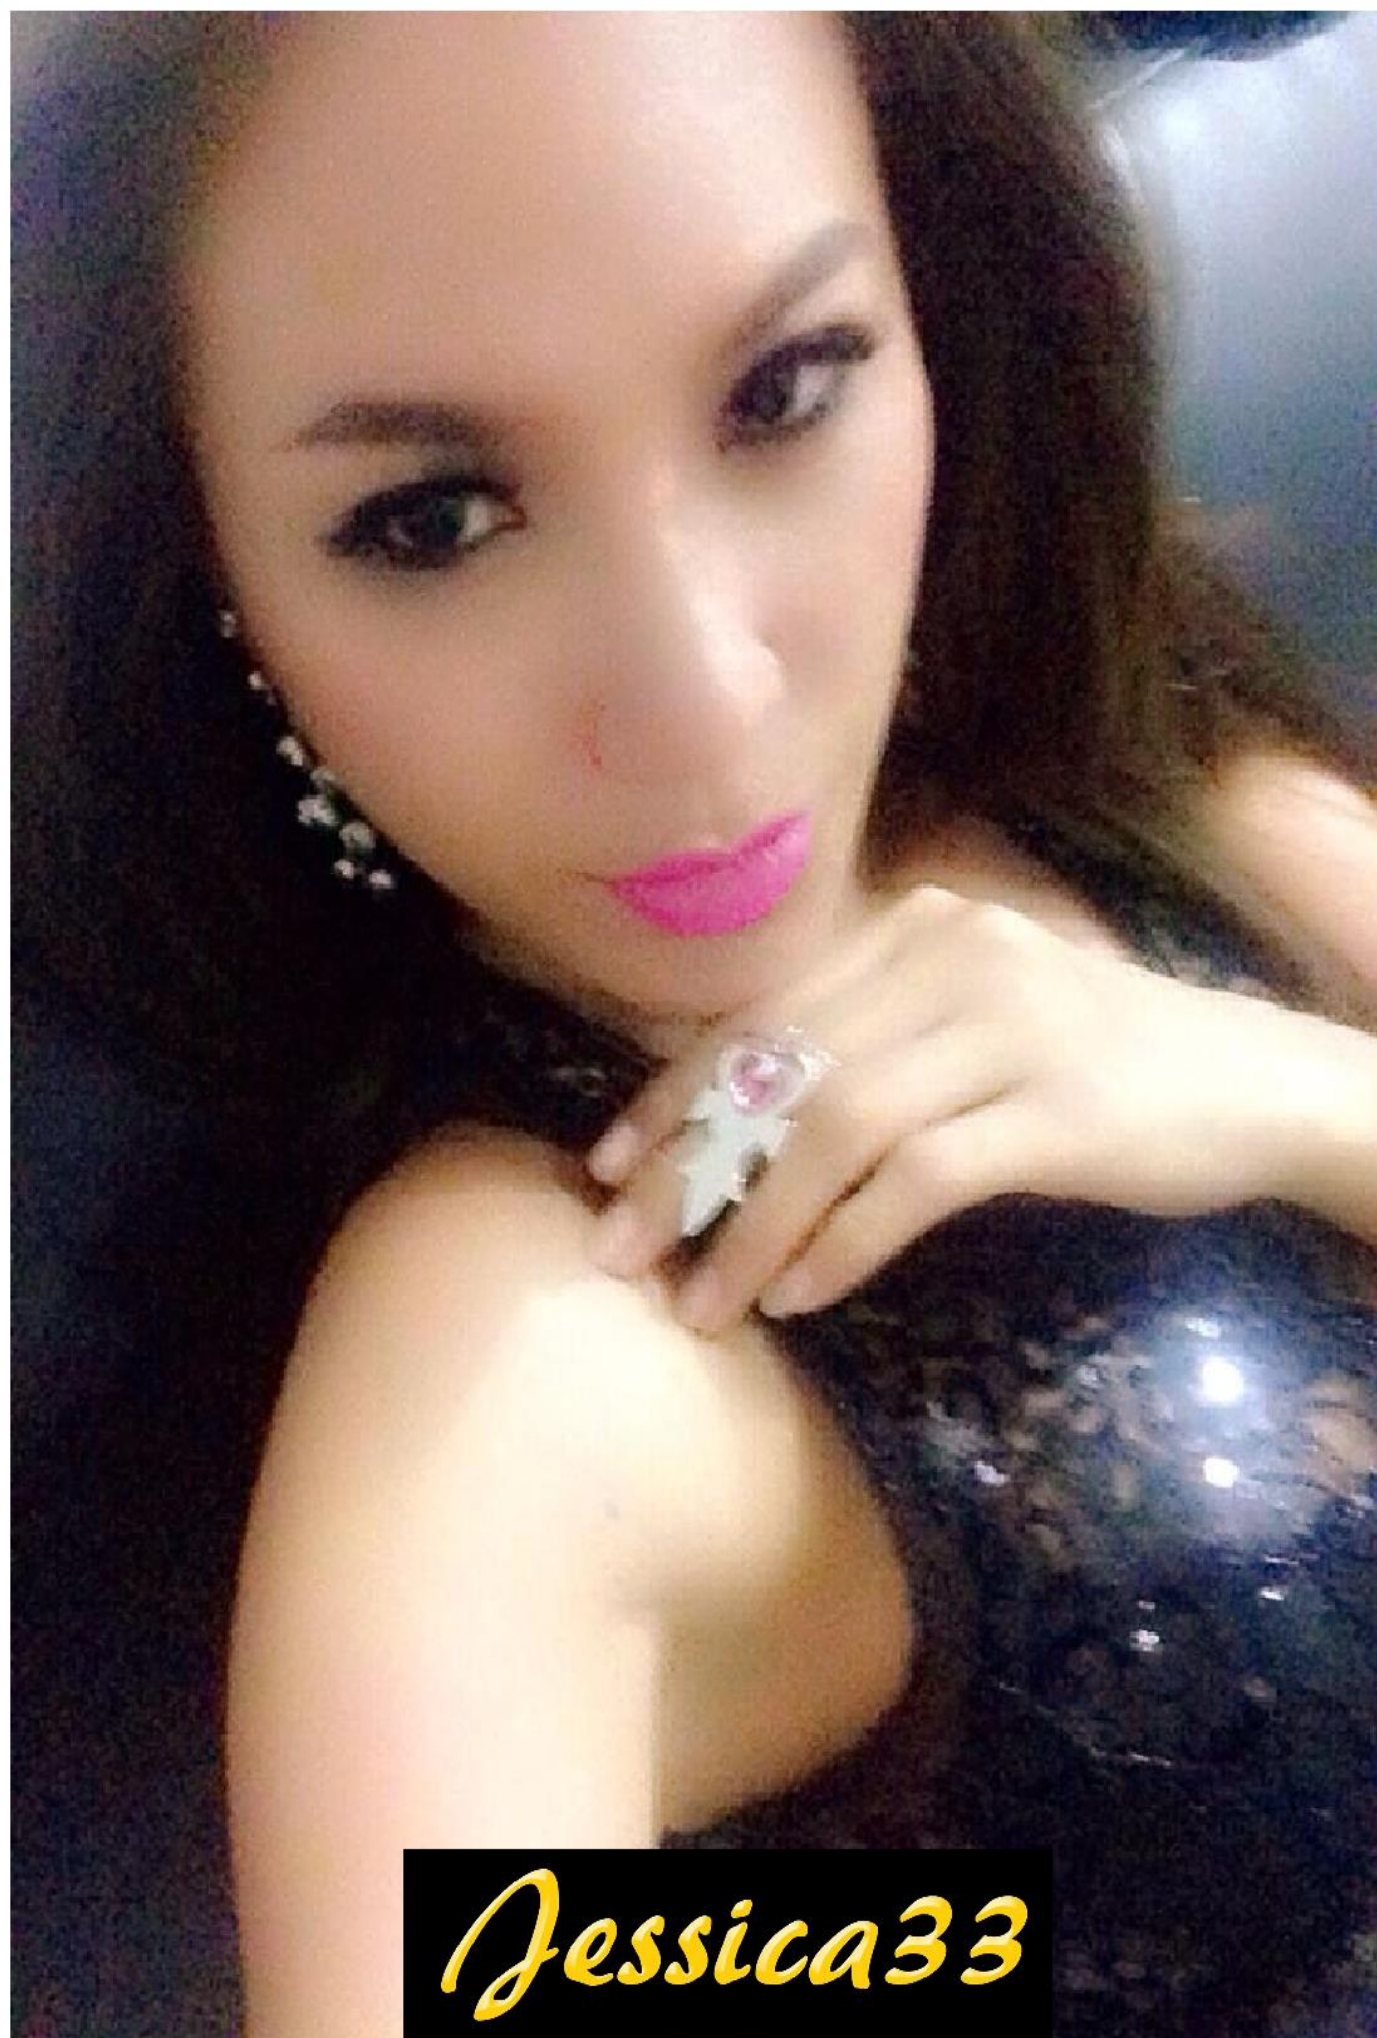

Final delivery of the [Arkh](#) Aura Glam Suit will be via a Light Orb UAP that will visit you after payment for my services has been received by me from you via my [CONTACT](#) page

Below are some examples to give you an idea of what is achievable.

The downside of a high quality aura glam suit of this calibre is that it may cause jealousy and envy from other women around you while your out and about on a night out on the town and may make you more attractive than normal people. (I've had a few occasions where i've had to pull it in under my skin for these reasons)

## Principles to live by

Society teaches us a set of principles as set out by common laws and religious commandments early in our lives, during our journeys through life old fashioned principles get left by the way side and we develop new sets of principles that take us forward in time and evolution.

You are free to establish your own principles now as you have sufficiently evolved to the Age of Reason as Children of the Age of Aquarius.

Please don't feel that you have to live by 42 principles or 10 commandments, you could just pick the ones that still make sense and then treat it like a driving test with an easy going pass mark.

All i ask of you is that you do things in moderation with consideration and respect for the ripples into the future, move forward with love, like and neutrality; replacing hatred with disinterest. Don't hate stuff, just not be interested in horrible stuff, that being horrible to you from your own prospective.

### DIVINES DO NOT NEED YOUR LOVE AND WORSHIP TO SURVIVE

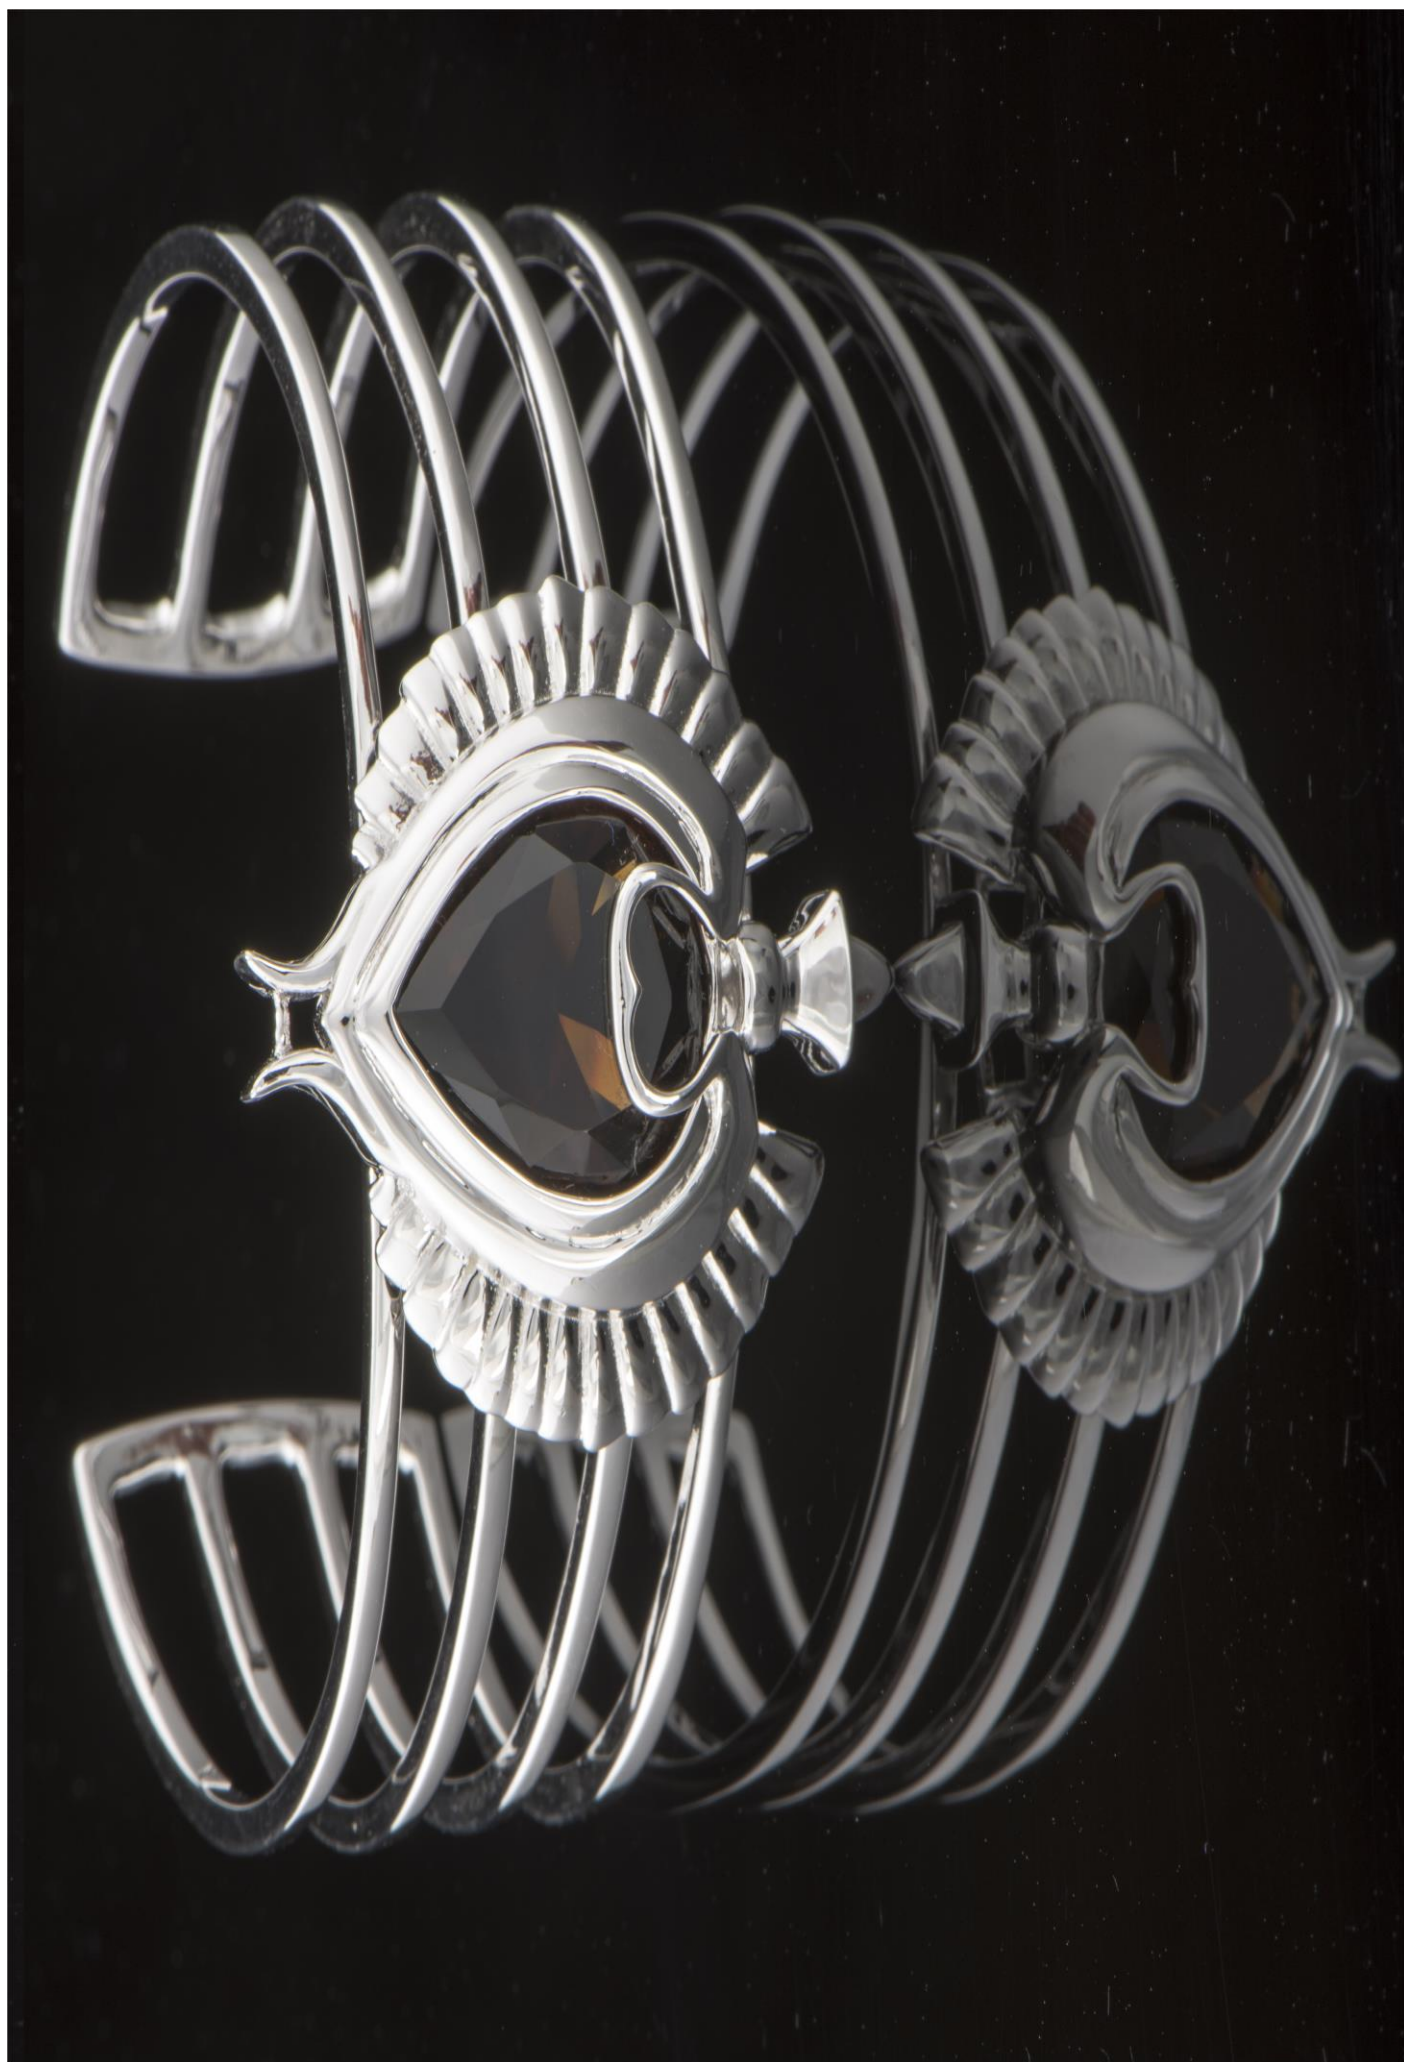

As it was only a mutual respect kind of thing that we had going in ancient times. For sixteen hundred years most of you have worshipped fictitious characters that others in amongst you invented to keep you under their thumbs. Go forth and be free to make your own choices and forge your own principles.

With all of our Love and Best Wishes

The Divine

## The Dark Wolf and his Wolf Pack

What ever did happen to Adolf Hitler and Eva Braun, that's the one with the original eye colour, not the double with the different eye colour as they didn't have coloured contact lenses in those days.

So many Red Herrings to confuse even a Herring Gull but the answer is so simple that it got completely over looked.

On the 20th April 1945 after marrying Eva they buggered off on their Honeymoon, a Honeymoon that would last for the rest of their lives in a new country with new identities.

They both jumped into their car, leaving the doubles to hold the fort and were driven 100Km north west to Hamburg and then jumped onboard U-636 and sailed off to merry old Ireland and stopped over with their IRA mates for a while before continuing their Honeymoon with a romantic Atlantic Ocean crossing to the United States of America.

Once there they were given new identities and a new life in South Carolina where they lived out the rest of their days happily ever after.

One of the little rivers that contribute to the Great Pee Dee River in SC

Lovely looking private pad with a whopper of a house

Well it's my best guess as that's all it is, plenty of places to hide a U-Boat and a ton of Gold, the area has a very strong Germanic presence from the old Prussian Colonial days of Rice growing slave trade era.

Found them Via Eva Braun via the new name of Florence Brown who was married to Douglas Macintyre (Florence Macintyre-Brown) it's all in the meanings of the names (numerology bit i haven't inspected yet so this bit is to remind me to do it at some point)

Eva means life and Florence means to flourish/to bloom, Brown is English translation of Braun. Douglas has a meaning of Dark stream or Black River and one of the contributories of the Great Pee Dee river is the Black River and Macintyre is a variant of Mac Tire which has a Irish meaning of Wolf. Both the photos of Florence and her mother Millie are so similar to photos of Eva when she was in Germany.

## LIVING WAGE

THE ONLY UK RATE BASED ON LIVING COSTS

**£10.90**  
UK LIVING WAGE

**FOR THE COST  
OF LIVING**

**£11.95**  
LONDON LIVING WAGE

Living Wage Foundation

#LIVINGWAGE

The real Living Wage is the only UK wage rate that is voluntarily paid by over 12,000 UK businesses who believe their staff deserve a wage which meets everyday needs - like the weekly shop, or a surprise trip to the dentist.

Over 450,000 employees have received a pay rise as a result of the Living Wage campaign and we enjoy cross-party support. We have a broad range of employers accredited with the Foundation including half of the FTSE 100 and big household names including Nationwide, Google, LUSH, Everton FC and Chelsea FC.

The new Living Wage rates were announced on Thursday 22nd September 2022. Employers should implement the rise as soon as possible but by the latest 14th May 2023.

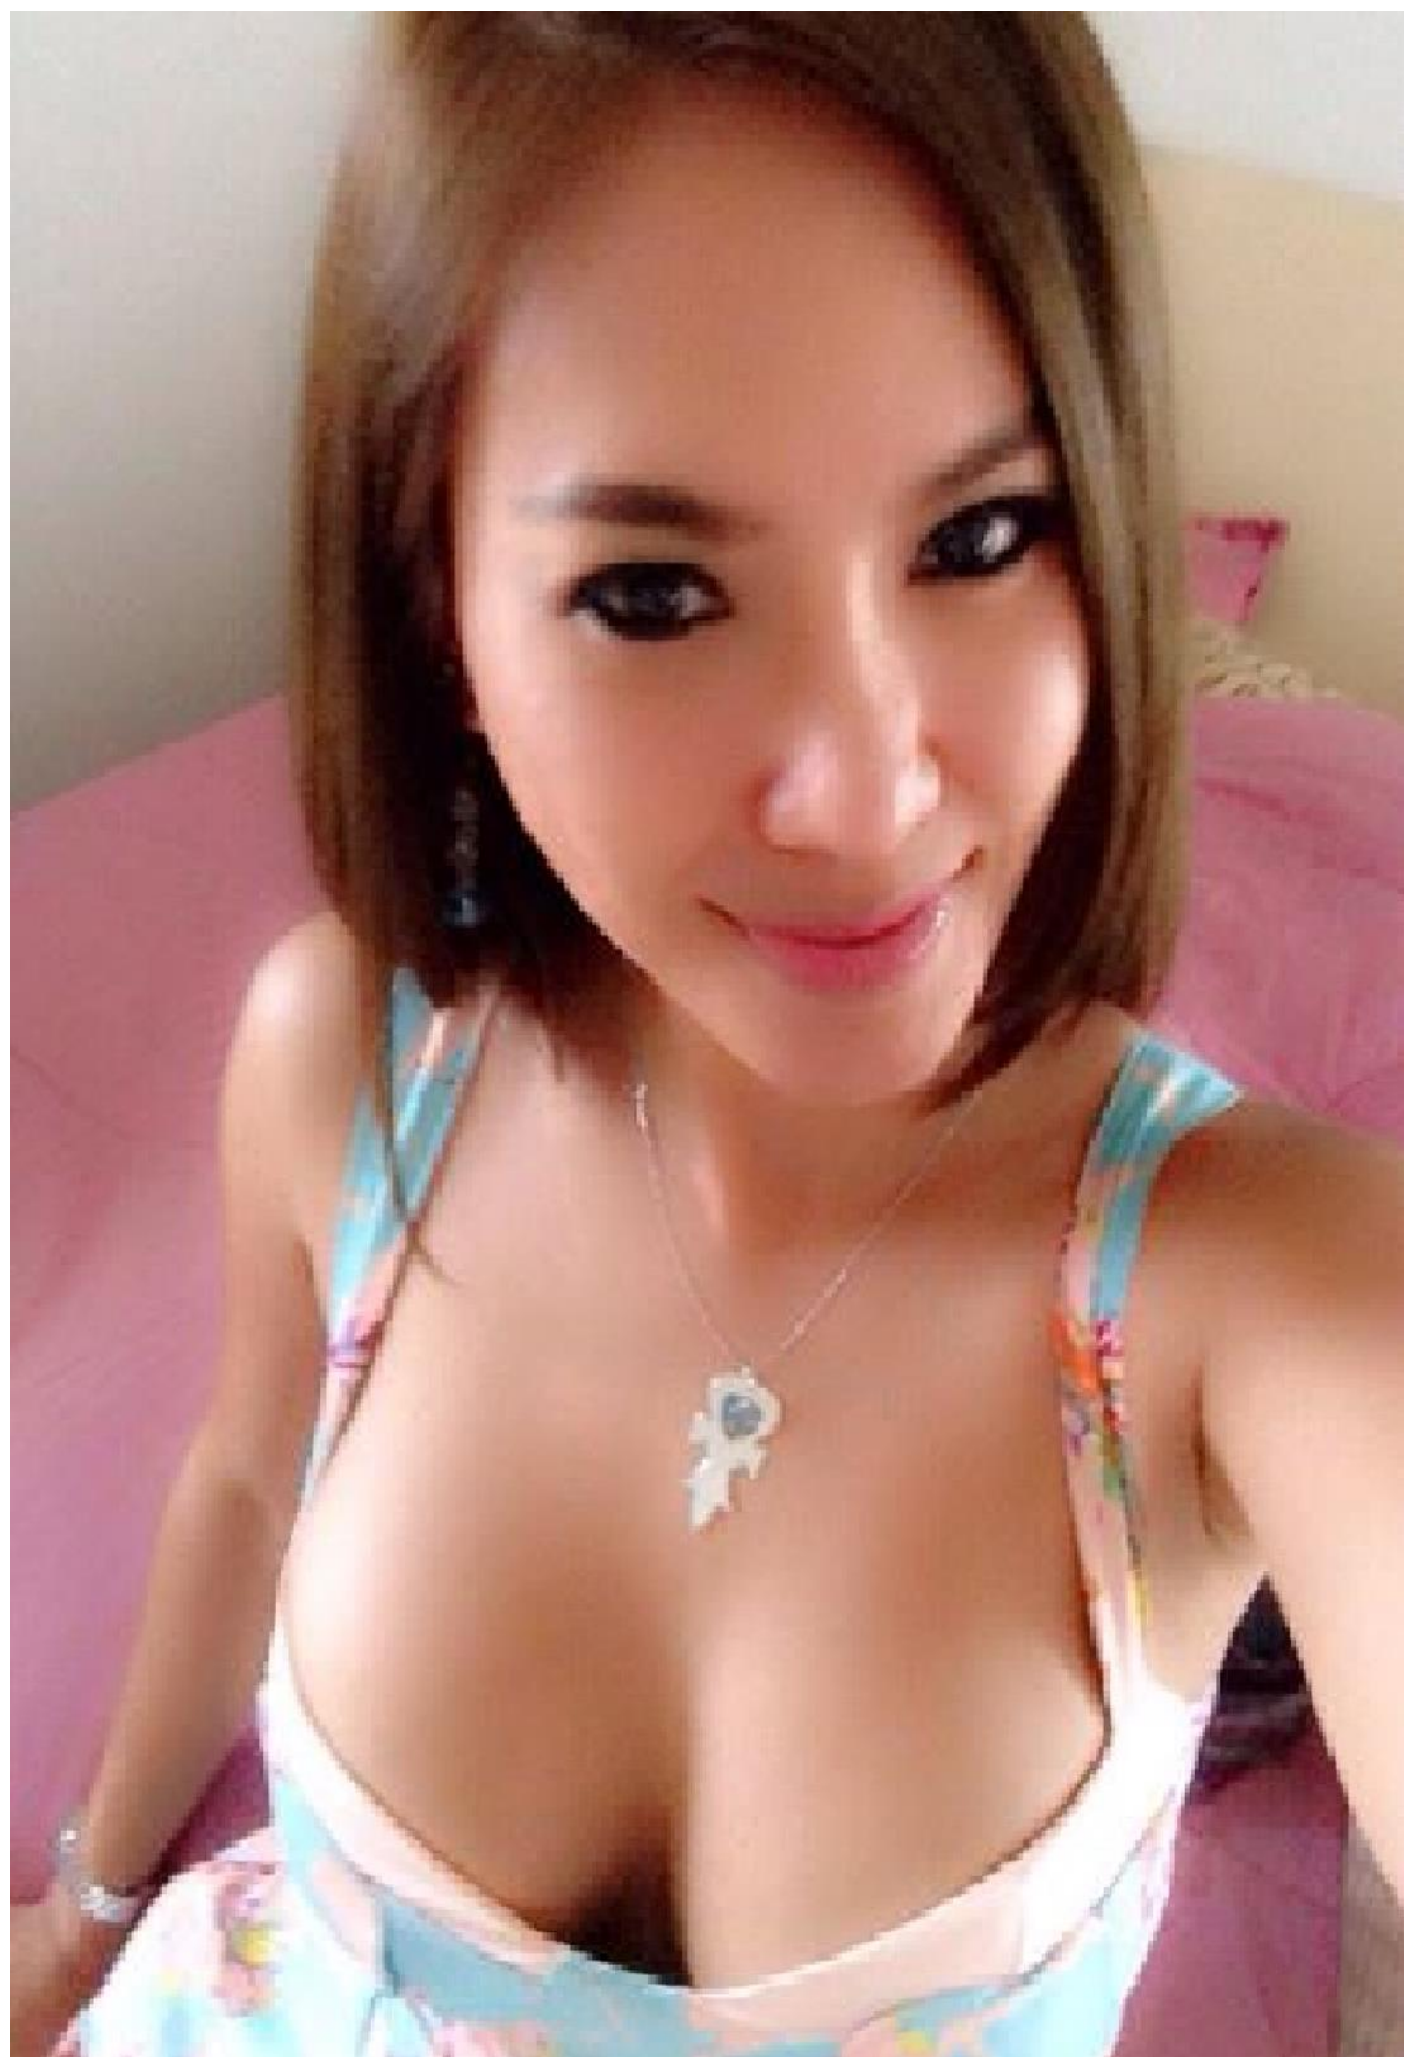

As you can see by the picture above, this is the current rate. So now; we the Divine who are elected really strong leaders because you lot worship GĐ (God) and GĐ (God) says for levelling up to work and to be fair then everybody should be on £11.95 per hour or the equivalent in another country across the board from C.E.O's to the little guys doing the physical labour, Monarch's to street sweepers all on the same rate.

Anyone who does not volunteer for a pay cut to this amount will be offending GĐ (God) and there for will be a sinner and thus treated accordingly by GĐ (God)

Benefits and Credits that are paid to citizens by governments due to being unable to work for varying reasons and not of their own fault should also be paid £11.95 per hour based upon a 35 hour week. Unemployment benefits paid to those that cannot be bothered to actively seek employment is the only time a government department can fine them for being lazy arses, fines that can be levied for this are up to 50% of the Living Wage taken at source.

If a business is unable to pay it's owners and or staff the living wage (subject to a viable business report submission) then government departments are to contribute what ever is necessary to bring their wages up to the Living Wage based upon a 35 hour working week. (if a business's Business Report Submission is found to be not viable or not submitted then that business should then be liquidated and cease trading immediately; freeing up the work force to seek alternative employment elsewhere).

All other fine details can be sorted out and implemented by government departments and business C.E.O's and those that they employ.

## In Loving Memory of Christopher Michael “The Grey”

15th August 2002, Chris died a few days before this CC appeared, i remember that we his family had problems finding out where the private ambulance had taken his body, he ended up in BMI Sarum Road Hospital Winchester. Chris being a firm Celtic Pagan would have headed for the old Roman Sarum Road west of Winchester (old roads no longer used by the living where spirits can travel unhindered by the physical energies) The importance of Winchester is Abbotstone Down area where the BGSi (Bifrost Glide Slope Indicator) centre ground is located north east of the Planetarium <https://www.winchestersciencecentre.org/> It starts at St. Michaels (Boars Isle) in Kent and travels west to the top of Triscombe Quarry, Wills Neck (Bretons Edge) in Somerset.

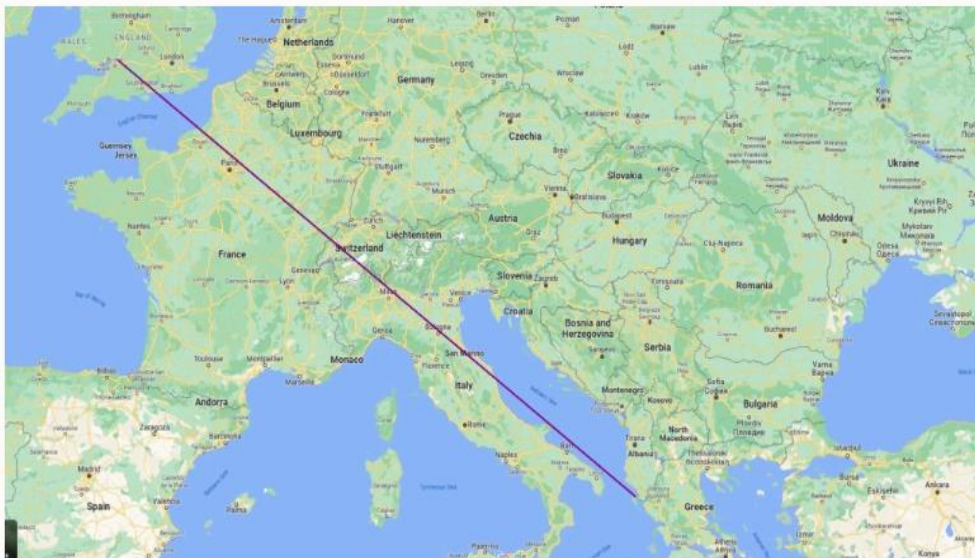

This is why you will mainly find genuine CC's close by to ancient monuments. At the time of his unexpected death i remember praying to Hathor to intercept him on his transcendence into the spiritual realm and my family insisted that i continue with my planned holiday to Corfu departing the 16th August 2002, i remember requesting a sign for if they managed to collect him to align the sign with where i was living at that time. While i was away in Corfu my family picked up from where i left off before i was convinced to leave it to them and go and enjoy my family holiday with my wife and step kids as i was at first the only one holding it all together emotionally, that was the worst holiday of my life.

In life Chris was an artist who specialised in silk screen printing and strip shading like the CC and was also partially responsible for the metal orb foo fighter drawing that was sent to the MoD at either Foxhill, Warminster Rd or Lansdown in Bath in 1992 drawn onto the rear of an aerospace technical log page. Maybe that's why they took it seriously, however; we didn't as it was a practical joke which made us chuckle as we posted it into the letter box next to the shop in Downside Rd.

The Crabwood CC does in fact align with where i lived in Yate in 2002. When i saw the image for the first time i chuckled to myself quietly but wouldn't disclose the info at that time as it could have been just a coincidence not wishing to make a complete prat of myself in the process. Only after a mere 2½ years of contemplating a repeat in coincidences do i come forth to share my experiences after having to firstly eliminate Dene Hine from the equation as he had laid claim to the second alignment and then it was just a case of waiting for the right moment to share the experience to which i feel is about now.

Chris carried the same family name as i do, well he was my biological brother and that name has the meaning of Grey, as in Grey Haired, depicting a tribal elder, wisdom and knowledge and that is why i call this CC "Christopher Michael the Grey".

Yate to Winchester to Sidari Corfu, a straight line and a definite confirmation of ascension collection by the Elohim (Light Orb UAP's).
