

2018 Declaration & Articles of Incorporation Vote

Dear Board Members:

We the People for the People Hot Springs Village requests equal time, equal access and equal funds for travel for all future events soliciting the Vote both in the Village and on the Road Shows.

- No Property Owners requested any Vote, nor were any asked for input on items put forth by POA for Vote.
- HSVPOA is spending significant Property Owner funds to solicit a Vote which appears to benefit only POA, not Property Owners.
- There is considerable Resident Owner opposition to the Vote as well as other POA actions including adoption of Comprehensive Master Plan.
- Resident Property Owners do not otherwise have equal access, equal ability or equal funds to communicate with the Resident and Non-Resident Property Owners.
- All views, pro and con, regarding items up for Vote should be heard equally by all eligible voters, Resident and Non-Resident.
- Failure to provide equal time, equal access and equal funds to We the People will result in Non-Resident voters having a one-sided and skewed view of the issues.
- Since Non-Resident Owners significantly outnumber Resident Owners, unequal time, access and funds will result in de-facto disenfranchisement of the Resident Owners.

Please contact the undersigned to acknowledge and accept our request.

Thank you,

Lorri Street
