Cody and Zach are the BEST!! Every guest as they were saying goodbye to us at the end of the night, one of the first things they said to us was how great they DJs were! Prior to the wedding, they were super communicative and thorough on learning about us as a couple, what we liked and what we wanted at our wedding. They did the music for our ceremony and reception, and everything was perfect! In terms of MCing, they kept the night moving, were super fun and made everyone feel welcome! 11/10 would recommend!

We are lucky enough to have both Jack and Aaron DJ our wedding and I can't rave about them enough! They had everyone on the dance floor all night, were quick with requests and made our dance more memorable! The planning process was easy and they stayed in touch with us throughout the entire process! We can't recommend Sweet Life Djs LLC enough!! 😊

Fantastic, amazing, so much freaking fun!! Cody was recommended to me by a friend and I was bummed to find out that he was booked until he told us about his associate, Zach. And let me tell you- the disappointment was gone immediately! Zach was absolutely beyond incredible and then some. He lead the reception so well, kept the dancefloor full the entire night, was a fantastic communicator and was truly the perfect DJ for us- a couple who loves to dance. Everybody kept telling us how much fun they had during the dance and it was so evident! Both Zach and Cody were incredible from the first contact to the final hug of the night. Thank You you will never pover it, but know how much more special you made our day! And those of you wedding planning - BOOK THEM if you want to have a dance that everyone will talk about for forever!!

Zach was phenomnal! He was upbeat and accommodating. We loved the way he did the anniversary dance. His mix of music kept everyone happy. Both the older generations and younger generations enjoyed it all. The amount of compliments from guests was astounding! We highly recommend going with Sweet Life DJs, you won't be disappointed!

Cody was AMAZING for our wedding! He was so flexible and did everything in his power to make sure our day was perfect. The dance floor was packed all night long and all of our guests couldn't stop commenting on how great he was. The music and speakers were crystal clear. Cody mixes the songs and totally feels the vibe of the dance floor and will adjust the music to keep people amped up. I would recommend him (and will!) for any and all weddings/events.
