

JOY OF MONOI

by Jacina Beauty

Discover the Joy of Monoi! You will find an exotic luxurious moisturizing formula with Monoi Oil, the ancient sacred oil of French Polynesia, as its foundation. Known for its versatility, nourishing and hydrating qualities, Monoi Oil, provides an exquisite natural base for Joy of Monoi products.

Inspired by an urgent need to provide our teenage son with relief from an extreme case of eczema, we searched the globe for Nature's purist and most healing moisturizing elements. Our journey led to Tahiti, Monoi Oil, and the discovery of its amazing luscious regenerative qualities. As they say, desperate times call for desperate measures, and our son was in a crisis, so rather than trying one ingredient at a time, we created a recipe with Monoi Oil being the heart of our formula that penetrates deeply into the skin. Our son's eczema is a distant memory, but we fell in love with the miracle of Monoi, and our fabulous new creation.

Joy of Monoi can be used head to toe, babies to seniors. We invite you share in our joy, and to indulge yourself in the extraordinary Joy of Monoi experience.
