Bare Root Perenníals Spring 2020 Delivery

Dear Customer,

Welcome to our 2019-2020 Perennial Catalog.

Throughout our catalog you will find an extensive assortiment of genetics breed by many of the worlds leading perennial breeders.

Please check out the newest introductions for this coming season on pages 6-11

Our aim is to offer perennials with outstanding gardening, flowering and landscape preformance to meet the needs of today's retail, nursery, landscape and cut flower segments of our industry.

Please contact your Gloeckner or Ednie Sales Field Representative directly or call our offices with your orders or any questions you may have.

Thank you ! The Gloeckner-Ednie Team

Usage:	For the shady borde	r or woodlands. Good groundcover. Does well in full sun only if soil remains r	noist.			
macrophylla '	Silver Spear'	beautiful silver leaves with green veins, blue flowers	I	0 <mark>5-06</mark>	14"/35	25
EUPATORIU	M (Joe-Pye Weed)	ZONE: 4-8				
Family:	Asteraceae					
Cultivation:	Sun to partial shade	e and fertile moist soil.				
Usage:	Late-season flowers	for border, meadow or wild garden. Good cut flower. Attracts BUTTERFLIES.				
rugosum 'Sno	wball'	clusters of ivory flowers, upright growth habit, green leaves	I	08-0 <mark>9</mark>	60"/150	25
GERANIUM ((CRANESBILL)	ZONE: 4-9				
Family:	Geraniaceae					
Cultivation:	Sun to partial shade	e, well drained soil.				
Usage:		nts. Usually planted in mass. Also suitable as container plant.				
macrorrhizum	n 'Vitalis'	magenta-pink flowers, groundcover, green aromatic leaves	I	05-07	12"/30	25
psilostemon		lilac-purple fls, with dark centre, hardy, green leaves	I	06-08	28"/70	25
sanguineum 'l	Pink Pouffe'	pale pink fls. with darker veins, compact and floriferous, green leaves	I	04-09	6"/15	25
HEMEROCA	L LIS (D AYLILY)	ZONE 3-9				
Family:	Liliaceae					
Cultivation:	Prefers sun or light	shade and well-drained soil.				
Usage:	Daylilies do best in I	mixed perennial border. Also good for mass planting and for container growin	1g.			
'Fooled Me'		single fls. yellow with red eyezone and green throat	I	06-07	2 <mark>4"/60</mark>	25
HOSTA (PLAN	NTAIN LILY, FUNKIA)	Zone: 3-9				
Family:	Liliaceae					
Cultivation:	Prefers partial shade	e and moisture-retentive humus soil.				
Usage:		shady garden, borders, containers. Excellent as groundcovers or edging.				
hybrida 'Bobc		grey green leaves with wide yellow margin turning to white, lavender fls.	I	06-08	16" <mark>/</mark> 40	25
hybrida 'Funn		small round blue green leaves with white margin, later cream to green, lilac fls.	I	06-08	6" <mark>/15</mark>	25
hybrida 'Purpl		green shiny leaves with wavy margin and a twist in the leaf tip, striking purple fls.	I	06-08	20"/ <mark>50</mark>	25
hybrida 'Suns		ound puckered thick yellow leaves with a wide irregular dark green margin, lilac fls.	I	06-08	12"/ <mark>30</mark>	25
hybrida 'Tamb	ourine'	medium green with a creamy white margin, lavender fls.	I	06-08	20"/ <mark>50</mark>	25
IRIS		ZONE: 3-9				
Family:	Iridaceae					
Cultivation:		hade and fertile moist soil.				
Usage:	Very useful in the pe	erennial border.				
-	'ine and Roses'	pink falls with wine red lips and pink edge, green leaves	I	06-07	28"/70	25
sibirica 'Black		deep purple falls edged gold, lavender standards with yellow, fragrant	I	05-06	22"/5 <mark>5</mark>	25
sibirica 'Côte		deep cobalt blue flowers, green leaves	I	05-06	24"/60	25
sibirica 'Drink	Your Tea'	coppery-orange falls with primrose-yellow standards and styles, green leaves	I	05-06	32"/8 <mark>0</mark>	25

MONARDA (BEE BALM, BERGAMOT)	Zone: 4-8				
Family:	Lamiaceae					
Cultivation:	Sun or partial shade, rich moistu	re retentive soil.				
Usage:	Clump forming perennials with h	ooded flowers above neat mounds of aromatic foliage which	attracts BL	ITTERFLIES.		
'Bee-True'	new Be	e-You variety, deep purple fls., truly mildew free, long rich flowering	I	06-08	24"/60	25
PAEONIA (P	EONY)	Zone: 3-9				
Family:	Paeoniaceae					
Cultivation:	Prefers full sun and deep and ver	y well composted soil.				
Usage:	Good border plant.					
DOUBLE FLOWE	RING TYPES					
'Alertie'		pink fls. turning to pale pink, centre red spots, fragrant	3/5	05-06	24"/60	25
'Big Ben'		dark purple-red double flowers, green leaves	3/5	06-07	40"/100	25
'Laura Desser	ť	pink to cream fading to white fls., dark green leaves, fragrant	3/5	06-07	36"/90	25
	RING TYPES					
'Tom Cat'	semi double red fls.,	creamy yellow stamens, lighter carmine petaloids, slightly fragrant	2/3	06-07	28"/70	25
PAPAVER OF	RIENTALE (ORIENTAL POPPY)	ZONE: 3-8				
Family:	Papaveraceae					
Cultivation:	Prefers full sun and well-drained	fertile soil.				
Usage:	Spectacular plants for early sum	mer. They die down in midsummer.				
orientale 'Flar	nenco'	flowers white with orange margin, black centre, green leaves	1	06-08	32"/80	25
orientale 'Par	adiso'	pale pink fls. with wine-red blotches, sturdy stems, green leaves	I	05-06	24"/60	25
PHLOX (SUM	MER PHLOX)	ZONE: 4-9				
Family:	Polemoniaceae					
Cultivation:	Best in full sun and humus soil.					
Usage:	Border plant. Shorter varieties ar	e also suitable for containers. Phlox paniculata attracts BUT	TERFLIES.			
paniculata 'Ze	enobia'	outstanding double pink flowers, green leaves	I	06-09	30"/75	25
SALVIA (SAG	SE)	ZONE: 3-8				
Family:	Lamiaceae					
Cultivation:	Prefers full sun and fertile, well-c	Irained soil.				
Usage:	Useful for mixed border. Can be ı	sed for cutting and dried as an everlasting. Attracts BEES.				
nemorosa 'Ne	ew Dimension Pink'	deep rose pink spikes, long flowering, deep green leaves	I	06-09	12"/30	25
STACHYS (B	etony, Bishop's Wort)	ZONE: 4-8				
Family:	Lamiaceae					
Cultivation:	Sun, average to medium well-dra	ined soil				
Usage:	Upright perennial for the front of	a sunny border. Attracts Bees				
monieri 'Hum	melo'	sturdy lavender-rose spikes, bright green long and narrow leaves	I	07-08	20"/50	25
VERONICA (SPEEDWELL)	ZONE: 4-8				
Family:	Scrophulariaceae					
Cultivation:	Needs sun and well-drained soil.					
Usage:	Nice plants for the perennial bor	der and in containers. Also used as cut fls. Attracts BEES.				
spicata 'Youn	ique Baby Blue'	compact grower with dark blue flower spikes, green leaves	I	07-09	14"/35	25
spicata 'Youn	ique Baby Pink' co	mpact grower with masses of pink flower spikes, deep green leaves	I	06-08	14"/35	25
•			l I		•	

Variety		Desci	ription	Size	Month	Height inch/cm	Per Unit
ACANTHUS	(BEAR'S BREECHES)	Zone: 5-9					
Family:	Acanthaceae						
Cultivation:	Prefers full sun and well-	drained soil. Protect crowns in first winter after planting.					
Usage:	Nice specimen plant for t	he back of the border. Frost sensitive.					
mollis		mauve-white flower-spikes, semi eve	ergreen	I	06-08	40"/100	25
mollis 'Mornir	ngs Candle'	tall spikes of mauve bracts revealing white f	flowers	I.	06-08	40"/100	25

Achillea 'Moonshine'

ACHILLEA (Yarrow)	ZONE: 4-8				
Family:	Asteraceae					
Cultivation:	Full sun and poor o	lry soil. Drought resistant.				
Usage:	For border, meadow	v, wild-garden and as cutflower. Attractive for BUTTERFLIES AND BEES.				
millifolium 'Moonshine'		golden fls., silver green fern like leaf, drought tolerant, long bloomer	I	06-09	24"/60	25
