

# FLOORING FOR A LIFETIME.

## UNRIVALED DURABILITY

Experience unrivaled durability with Homestead JetCore Flooring, designed to withstand even the heaviest foot traffic without a scratch. Our flooring boasts an exceptional tolerance for abrasion, ensuring its longevity and resilience. Our flooring can handle any type of traffic, including the cutest little feet!

At Homestead, we prioritize durability in the development of our JetCore Flooring brands. But we didn't stop there; we wanted to offer an extra touch of comfort.

That's why JetCore and JetCore XL feature a 1.0MM iXPE pad, providing enhanced sound absorption and a pleasantly cushioned feel underfoot.
