Hobby breeder of rare and standard colour Frenchies!

Puppy Application Form

We like all our prospective buyers to fill out a puppy application form so that we can assess your application and ensure our puppies are going to suitable homes. Our French Bulldogs are our beloved babies and we love every single one of them. We want to ensure that our puppies are placed in homes where they will be loved, spoiled and cared for, for the whole of their lives.

We absolutely will not place one of our puppies to a home where they would be kenneled, kept outside or kept in puppy mill conditions.

Please answer all of our questions and be honest with your answers, there are no right or wrong answers. We just like to know as much as possible before we let one of our babies go to a forever home.

What kind of home do you live in?

Do you have a garden or a yard for your puppy to play in?

Do you rent or own your home? If rent do you have permission from your landlord to keep a French bulldog puppy?

Where will your puppy sleep at night?

Do you work? If so, how many hours a day will your Frenchie puppy be left alone?

Who lives at home with you? Do you have any children or other pets?

Why a Frenchie?

Have you researched the breed and are you aware of some of the health conditions often associated with this breed?

Are you aware Frenchies are often difficult to toilet train and this often takes dedication and rewarding in excess of 6 months?

Will your puppy have access to an outside space for toilet training and how many hours a day will your puppy be kept outside?

Have you thought about pet insurance for your Frenchie? We do provide you with 6 weeks free insurance with Pets Plus Us and we do recommend to continue with insurance after this period as Frenchie's can sometimes develop health conditions that can be expensive to treat. Accidents and illness can of course happen at any time. This is of course your choice.

Emergency situations can sometimes happen out of the blue. What will you do with your Frenchie puppy if circumstances change and you are no longer able to look after him/her ? Frenchies can be very stubborn. Have you thought about taking him/ her to puppy obedience training?

Are you aware that Frenchies are unable to swim and therefore it is unsafe to have them unattended around water?

Is there any other information that you would like to share with us with regards to your family, home set up and the French bulldog breed in general?

We breed only high quality French Bulldogs with no health issues. We breed only dogs that we believe will improve the quality of the breed. No expense is spared when it comes to our dogs.

All of our Frenchies are health tested prior to breeding. Pet prices start at \$3500 CAD plus gst. Breeding rights start at \$6500 CAD and go up from there depending on colour and what the puppy carries. Breeding rights will only be considered to hobby breeders where the dog will be treated as a loving member of the family. Absolutely no kennels or puppy mills.

Thank you so much for taking the time to complete our puppy application form and for your interest in one of our babies from Precious Gems French Bulldogs.
