

# One-Day Computer Digital Investigations Training

Hosted by: Northwest Indiana Law Enforcement Academy

Field Search Software is deployed from a USB by officers in the field. The software provides a quick and efficient examination of a suspect's computer. The report is saved back onto the USB drive which each student receives. Officers with little, or no computer experience will be able to safely and easily use the software.

**Date:** 1/1/19  
**Time:** 9:00 am-4:00pm  
**Location:**  
**Police Dept.**  
**1234 Main St.**  
**Anywhere, IL 12345**

Who Should Attend? Sworn staff who investigate, supervise, or monitor offenders. Non-sworn ancillary staff who work with and provide direct support to sworn officers.  
 Ptrl., Det., E.T.'s, SRO, Gang, Narco Prob., Corr. Ofc., Fire Dept. Arson Inv. I.T. Staff, Fed., State Agents, U.S. Military-Counterterrorism

For more information about this innovative software visit our newly updated (4/2/19) website:

The National Law Enforcement & Corrections Center (NLECTC) has established a group of Nationally Certified Field Search Instructors (CFSIs) to deliver the training on this software. Pre-view and confront offenders with recovered digital evidence while on scene, or during enforcement activity. This tool will help determine what digital evidence is of value and what is not.

**Cost is \$375.00 per student (for training and certification)**

Field Search Software 5.2 is available free of charge to government agencies through the Justice Technology Information Center (JTIC). All students will receive a licensed copy of this software. No hidden costs or re-occurring fees. Officers receive a 4GB USB drive with all course material, 15+ additional easy to use investigative software tools (Hashing tools, GEO tag tracing, etc.). Examine peripheral devices (USB drives, CD's, external hard drives, tablets, SD, Micro Sims Cards, multi-card readers, etc.) this may provide critical case information.

Officers will learn how to search a suspect's computer using the latest proven technology. We provide the venue, instruction, certification, mobile computer lab, complete with case studies to aid with the hands-on learning experience. Students will be able to use the tools in the field by the end of the class. Preview different operating systems; Win 10, Win 8, Win 7, XP, etc. Field Search will find and display (MACs & Windows):

- Files sitting in the recycle bin (user believes they deleted these files, date and time they were deleted).
- Keyword Search looks for email address, victim names, credit card, or account numbers.
- URL records (Explorer, Edge, Chrome, Firefox, Opera) even some thought deleted.
- Images (Pictures) several different formats-JPEG, GIF, BMT, PNG, and many more.
- Videos (Movies) several different formats-WMV, MPEG, FLV etc.

**\*\*Cost is \$375.00 per student (for expense, training and certification) \*\***

**For more information call Deborah 1-815-245-8476 or register online [www.ekitsupply.com](http://www.ekitsupply.com)**

**Students should bring a lap top computer to class, if not available, use one of ours! Call to reserve one.**
