Crafting Experiences with Substance

"We decided to book an Ice Bar Cocktails for our reception at the IXL, and it was honestly the best decision we made. Throughout the whole reception, we had compliments from family and friends on both the cocktails and mocktails. They tasted incredible!

Harvey was a legend to work with, he made the process so seamless, from coordinating with the venue directly, all the way through to helping us pick cocktails for the menu which truly reflected us.

Thank you so much to the Ice Bar team for helping make our reception EPIC! You truly were one of the best suppliers we worked with, and we will definitely be using you guys again in the future ❤️"

Our Bars

Always the centrepiece. Always unforgettable.

Our modular mobile bars are designed to fit perfectly into any space, theme, or budget. Even if full mixology isn't on the menu, a stunning bar should be – it's the heart of the celebration, where guests gather, conversations flow, and memories are made.

Each bar is unique, styled exclusively for your event, and built to make an impact from the moment guests walk in. Whether sleek and minimal, bold and branded, or lavish and decorative, our bars are more than just a serving space – they're a statement.

The bar counter is dark wood and holds a silver beer tap, a glass jar, and a tray of lemons. The bar's base is made of light-colored, vertically-slatted panels. In the background, a framed landscape painting is visible on the wall.
