BAR HIRE INFORMATION

Welcome to our Mobile Bar Choice Guide, designed to help you select the perfect bar for your event. Our range of high-quality steel bars are expertly assembled on-site by our professional team, ensuring that your bar not only looks great but is also functional and safe.

We offer a range of bars to choose from, starting with our Straight Bars, which provide a sleek and modern look. Our Curved Bars offer a more fluid design, while our 360 Bars provide a complete 360-degree bar experience. Finally, our Corner Bars are perfect for making the most of tight spaces.

All our bars can be customized to fit the theme and colour scheme of your event, ensuring that your bar not only serves drinks but also serves as a visual centerpiece. We have a wide range of customization options available, from LED lighting to custom branding and signage.

Please note that all our bars are leased third party, which means that you can enjoy the benefits of a high-quality bar without bearing the costs of expense associated with purchasing and storing it. All bars are also made from stainless steel and may have independent supply of water and power.

WHAT WE OFFER?

COMPLETE COCKTAIL BAR SET-UPS

Having a Wedding, Birthday, or corporate event soon? Look at the options we can provide for you with an all-inclusive cocktail bar set-up!

DRY BAR HIRE

We've designed all of our high-quality cocktail bars to be as stylish as possible, and installation is simple no matter where you want them. This is why Ice Bar's portable bar hire is ideal for all events!

ICE SCULPTURES

For that special day in your life, there's nothing like Wedding Ice Sculptures to make the occasion even more magical and memorable. You and your guests will love them and want to touch the Sculptures to see if they really are made of ice!
