SUSTAINABILITY

Woven into process

Sustainability should not mean compromise. It should mean care. We are mindful about the choices we make and the impact they have. You will see it in our seasonal menus, minimal waste garnishing, reusable bar builds and operational systems designed with people and planet in mind.

We are not perfect, but we are committed to progress with every event. For us, sustainability is about responsibility, quality and consistency, values that define luxury at its best.

EVERY EVENT IS UNIQUE.

So Are Our Bars.

We design bars that form the focal point of any event. Every bar is hand crafted to be timeless and our specialist teams tailor the bar for each event. Striking in appearance, seamless in operation and perfectly in tune with the space. Internally our bars are built with service. With insulated ice wells, back bars, and storage, to put simply they work.

Whether it stands as a sculptural centrepiece or blends as a discreet detail, our bars set the tone.

CONFIGURATIONS

Every event has a shape

Designed for more than beauty.

Ice wells, drainage, power access and back-bar flow are all considered from the start. Every detail behind the scenes is engineered for speed and precision, so the experience for your guests feels effortless.

Form never compromises function.

COCKTAILS

Made Our Way

Rooted in seasonality, defined by bold flavour, finished with style. We believe that a great cocktail is much more than the sum of its parts - it's a means of expression, a celebration, and a story waiting to be told.

Our creative process is rooted in cultivating a fearless environment where new ideas, no matter how big or small, are nurtured to flourish. Sometimes the simplest daftest ideas can spark the next liquid breakthrough which adds to next adventure to our story.

YOUR BRAND. CENTRE STAGE.

We deliver cocktail experiences that amplify your brand. Whether it's an activation, influencer event or product showcase, our bars are designed to attract attention, drive engagement and leave a lasting impression.

In crowded marketplaces, visibility is everything. We create moments that spark conversation, increase footfall and extend your reach beyond the event itself. With seamless execution and maximum impact, we set the standard for brand hospitality.

TESTIMONIALS

"The team at Ice Bar Cocktails continuously hit any brief put in front of them, with a balance of creativity but also remaining at their core beliefs of sustainable raw ingredients. They really are creating a whole new bar experience which the events industry has been lacking."

Clare Sloss
Marketing Director, CCL Group

"The Ice Bar Team are nothing short of phenomenal, and I couldn't recommend them more highly. They have exceeded expectations every time. I've had the pleasure of working with them on numerous high-profile events, including lens activations and Michelin-starred dining experiences with world-renowned chefs like Yannick Alléno, Gareth Ward, and Michel Roux Jr. They're not just reliable; they are a ridiculously talented bunch; a class above the rest, making every event they touch truly unforgettable."
