

October 2019

R2R Leadership Training 4th - 6th October from Peter Sheppard

I had the pleasure of attending this course held in Parnu, Estonia along with may other colleagues; five from Russia, seven from Denmark, two from Finland, three from Norway, three from Estonia, and one each from Holland, Romania and Portugal. Although the participants were from so many countries it was interesting that they all had similar personalities which enabled us to get on very well together.

The content covered many topics apart from Leadership within the Y's Men club. A very important discussion was how we need to generate new members. Other items discussed were Club Structure, Club

Life, Club Management, also how to start up a new Club, write press releases and make practical use of the website.

We had an excursion by bus to the town centre where, divided into teams, we set about visiting the local places of interest. There was also a reminder that the movement has its roots based upon Christian values and the teachings from the Bible.

Race Night - 12th October 2019

Our 24th Race Night took place on Saturday 12th October and it was great to see increased numbers attending this year's event expertly arranged by Wally and Chris. There was a healthy surplus with the provisional figure of £986 representing a substantial increase on last year.

In his concluding remarks President Jerry thanked everyone involved in making the evening a success, with particular mention to Wally for hosting and Bob, Sherry and helpers (including his own visitors) for a great buffet. He also thanked all Club Members who worked so hard before and during the evening. Thanks are also due to the Race sponsors and all who bought horses.

The only disappointment was the usual conspiracy which prevented "Gas Forever" and "Rovers Return" winning their races although of course it is always better to give rather than to receive !

Welcome Back

We wondered how Wally would be able to present the talk at Dinner Night on 19th September as he was in Russia but we were pleased to discover that he had prepared the presentation which would be presented (expertly) by Graham Walker but through the wonders of technology Wally was still able to open the talk.

The presentation took the form of a resume of the various events of the last year covering some excellent trips, interesting and varied speakers and a number of fund raising events. Rather than go through each one again I thought it might be better to give particular mention to Wally for all he does for the Club, Graham for all his contributions, Mike for all the excellent trips, Bob and Sherry for high quality catering, Chris for all his work and everyone else who has been involved over the year.

It seems fair to say that we were all amazed by how much has been covered over the year and this is testament to everyone's efforts – a real team effort!

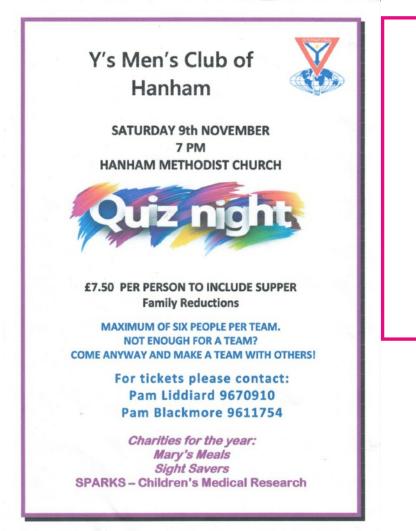

Thanks again to Wally for putting this particular one together and Graham for bringing it to life.

Roger Clutsom

The two pictures of Alan were taken while he was in Russia avoiding his duty of presenting the show to his Club mates. Neither the cat nor Lenin seemed to be pleasing him at the time but he does say that it was an enjoyable visit. Good to have you and Olya back Alan.

Christmas Concert at Christchurch, Downend

Saturday 7th December at 7.30 p.m.

Tickets: Adults £8 Children £2 (includes refreshments)

Tickets can be obtained from Leon Found Telephone 0117 9562445 E-mail leonandsue@yahoo.com

Wally Wanderings

While missing the last Dinner night I spent my time visiting Russia and Denmark; Russia to see Olya's family and Denmark for the Area Council Meeting (ACM).

News from the ACM included some preliminary details of the next World Convention to be held in Odense, Denmark from 13th to 16th August 2020. Visit www.ysmen2020.dk for more information and a video promoting the event. Registration will be from January 1st 2020. Start saving now!

Further in the future is the Area Convention in 2021. This will be held in Struer, Denmark from 16th to 18th June. Region Central Southern Europe has been asked to see if it would be possible to host the 2023 Area Convention, ten years since we last hosted in Bath.

A new initiative to get more members includes the ability of spouses and partners of existing members to join as new full members at half dues for the next three years.

Probably the news of most interest to members is about Roll Back Malaria. Y's Men International started the Roll Back Malaria programme in 2009 and it was due to finish soon. However it will continue as outlined below until at least 2022. As a Club we must maintain our support to this valuable programme.

Y's Men International, together with World YMCA, is pleased to announce a new multi-stakeholder partnership to support The Global Fund to Fight Against AIDS, Tuberculosis and Malaria during the Global Fund's sixth replenishment conference, convened by French President Emmanuel Macron in Lyon, France from 9-10 October.

The International Council backed the initiative with a unanimous decision to join ranks with national governments and around 60 other organisations supporting The Global Fund such as Apple, Microsoft, Google, Mastercard, UN Foundation, Tata Trusts and Starbucks.

"Y's Men International has been providing funding support for malaria programmes since 2009," said Jose Varghese, Y's Men International Secretary General. "We see this partnership as a wonderful opportunity to step up our commitment to rolling back malaria, and to help catalyse youth-led community engagement and advocacy efforts in collaboration with World YMCA. We are grateful to the Department for International Development for matching our contribution, thus exponentially increasing our collective impact."

Russia

I will finish with some of my experiences in Russia. First to St Petersburg to stay with Olya's sister, mostly family time. Next by train to Moscow where we had time to visit Red Square and take a bus tour of the city. Then it was on the train again for a 29 hour journey to Ekaterinburg to stay with Olya's parents. Ekaterinburg is a large modern city with an impressive underground system and a very old, above ground, tram network. We visited the Yeltsin Centre where memorabilia of the time Yeltsin was President is on view.

Ekaterinburg is in the Ural mountains and claims to be on the Europe/Asia divide. There is a tourist site where you can stand with one foot in Europe and one in Asia. We flew back to St Petersburg, a longer flight than the one from Gatwick to Russia. This illustrates the size of the country when you realise that St Petersburg to Ekaterinburg is only about a quarter of the way across Russia. A final few days with sister Tanya and we were on our way home. I noticed many things were done differently in Russia and took pictures which I hope to prepare as a talk in the future.

A Warm Welcome

Last month Jerry took over the role of President again. We are delighted to see him back in that role, not only did he perform it well a few years ago but it also means the editor has a shorter journey when attending Board of Governors meetings. It's very thoughtful of you Jer.

But there was a reward for him immediately in having the opportunity to formally welcome Ken Spilman into the Club as a new member and Eileen Price as a fully paid-up member after all those years supporting the Club through Ryan. Welcome to you both.

Just to amuse

I received this round robin in my emails a couple of weeks ago. Only people capable of a Bristol accent are permitted to read it aloud.

The snow it is a pitchin On the slider round by me Ee pushed I in the stingers And made I scrage me knee

So I went and called a taxi So off work I could skive 'An when ee asked for payment I replied to ee "cheers drive".

Ee took I up to Patchway Although that is south glos Ee went and drove I really fast Like ee was Stirling Moss. Ee talked about the concorde And glory be rolls royce In Rodney works me uncle Ee worked is lathe by choice.

All famlees thats in Bristol They all got one of them A dad, a gramp, an uncle Or one ooze up the crem.

A man of steely piles Of swarf a mile igh Oo elped to build the engines That made that beauty fly.

Or maybe built the buses From briz through kingswood there Up regent street a chassis With driver on a chair.

Oh let I go along there To Dower house on ill Where the pound of Purdown percy It echoes to I still.
