2025 SPONSORSHIP DECK

Statement from Scotty:

"The state of Tennessee, specifically Nashville and Memphis, has contributed so much to my success on the court and my development as a man off the court. A basketball camp in each city is just the start of what I want to do to empower the youth in those communities.

As we kick off the 1st year of my camp, I want to take a moment to express my heartfelt gratitude to all potential sponsors and vendors. Your support will make an immeasurable impact on our camp helping us provide an authentic experience for the campers.

The camp means more than basketball to me. Giving back, once I got more established in my career, is something I always knew I would do and with the help of sponsors and vendors we will be able to give area youth, especially those who are less fortunate, an experience that will last a lifetime. Additionally this will be the start of many events and activations that we plan to establish. By partnering with and supporting the camp, you're not just supporting an amazing event, but investing in the future of the youth and empowering the community. Your contribution will help foster a space where these kids can grow, learn and build lasting relationships. Together, we can continue to build something impactful and I invite you to join us in making an even greater impact not only in year one but beyond. Thank you for your consideration and support!"

-Scotty Pippen Jr
