### A Truly Amazing Venue! BOOK IT!!

Heartland on Heritage is a wonderful location for a wedding. The barn was beautifully decorated (not to mention the amount of other decorations they already had on-site was a great way to save money), and the rolling hills made a stunning backdrop for our ceremony and pictures (especially the photo-bombing alpacas). Jenny and Dean, the owners, were so incredibly kind and wonderful to work with throughout the process. They made time to answer all of our questions and were incredibly accommodating by allowing us to take tours of the property and re-visit as we started planning for our wedding. One of the biggest perks for us was the ability to reserve the venue for the entire weekend, which made setting up and enjoying our day that much easier.

Everyone we've spoken to after the wedding have continued to say how beautiful the venue was and how it made for the absolute perfect wedding. I highly recommend Heartland on Heritage to any bride looking for a beautiful wedding that's truly one-of-a-kind
