This is our second time staying at Jenny's place, and it was awesome once again! We had a ladies' retreat and there was plenty of space for our large group. Jenny was in touch with us about feeding time on the farm in case any of the ladies wanted to interact with the animals, and there were 4 miles of beautiful hiking trails right on the property. Jenny and Dean go above and beyond and are truly outstanding hosts! I highly recommend staying here!!

This is an awesome location. The property is beautiful and the lodge perfect for a family getaway and respite. Lots to do for all age groups, toddlers to teenagers and all the way to "old folks".

Jenny and Dean are amazing hosts going above and beyond to make our experience everything we could ask for.

We had a great time here. The location was private and we especially enjoyed fishing in the nearby pond and playing in the yard. Would recommend.

Lovely grounds we spent a lot of time outdoors simply admiring the view and cows/horses/alpacas. Simply driving coffee outdoors was unbelievable. No wifi so if you need be aware but we managed with our group of 10 no issues using cells. Relaxing and lovely grounds. House is well stocked and hosts super helpful and responsive! We came from east coast so a lot of questions but amazing lovely and memorable time.

A deep breath of fresh air. That's what our stay was like. We left the stress and craziness of our busy lives behind and spent a beautiful weekend in Jenny's with family. The house is very open with lots of room to spread out. Even though my team lost our foosball tournament was a blast! The bedrooms were comfortable and quiet and every room had a spectacular view of the hillside, animals, and/or ponds. Oh and we fell in love with the table - such a wonderful gathering place.

Jenny's farmhouse made for a great place to host our bachelor get together. We had plenty of room to spread out and enjoy the numerous games she provided (Billards, corn hole, foosball, and even a Ninja course). There was also ample beds and bathrooms to accommodate 13 people. The fire pit was a nice touch. Would highly recommend for bigger groups.

What an amazing place to relax! Clean and beautiful house, lots of activities to keep kids busy: paddle boating, fishing, boardgames, seeing animals, flying kite, hiking, and ninja warrior line. We enjoyed our stay very much. Jenny and Dean are very hospitable and responsive to ensure the trip goes well for you. Highly recommended!

Heartland on Heritage was unbelievable from start to finish. The beauty of the landscape and the lodge are only surpassed by the quality of service from Jenny and her family. Their communication and accommodation to our needs was second to none. This was the perfect stay. We couldn't have asked for anything more from the location or the owners.

I would 100% refer anybody to stay here. The place was clean upon arrival and very spacious, great for bigger groups. I shared the house with 15 other girls and we all were able to sleep comfortably. Jenny was more than accommodating and went above and beyond our expectations. During our stay we had a bad storm and lost power in which Jenny was in communication with us the entire time about when the power would return and she even brought us more flashlights for our large group. The house sits on about 100 acres and the views are stunning, perfect at sunrise and sunset! You could even watch all the farm animals get fed, how fun! Book your next stay here!

Very nice property all around! The lodge itself was perfect for a large group, it had a ton of beds and big enough rooms to accommodate everyone at the same time. As nice as the lodge was, we ended up spending most of our time outside. The yard is spacious with plenty of room for yard games. Also, if you enjoy fishing, our group had pretty good luck with the top lake (closest to the house, between the main road and house). Highly recommend!

This is just as pictured - a lovely home and huge "barn" area for a perfect get away. We went for a family reunion with up to 28 at the place on some days. I've never stayed at a rental that provided so many towels, blankets, TP, soap, tables & chairs, refrigerators, trash bags and amenities.

2 bedrooms on main floor each have queen beds. Upstairs master bedroom (queen and twin pull out sofa) and the bunk room have large windows so don't be surprised to wake up with the sun (or bring a mask). Spacious open sitting and eating areas and large bathrooms. Huge yard and many areas to either be together or go off and sit by yourself.

We had 16 people sleep in the house (lodge) and others stayed in tents and in the "barn" - this building looks like a barn but is a large building for eating and other past times (plus a beverage cooler and sink). It was in the 90s the whole week BUT with screened windows and large fans (provided) it cooled down each evening. The main house has a/c and ceiling fans (the basement is much colder than the upstairs because...it's a basement - bring your slippers and long sleeved shirts)

Wow! What an outstanding stay! Perfect place for a large group including lots of space inside and out. Something to do for everyone too- paddle boating, fishing, ping-pong, boardgames, and hiking. Jenny also made sure we had everything we needed. I could not have asked for a better host and place.
